DEPARTMENT OF COMMERCE**Submission for OMB Review; Comment Request**

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).
Title: International Billfish Angler Survey.

Form Number(s): None.

OMB Approval Number: 0648-0020.

Type of Request: Regular submission.

Burden Hours: 125.

Number of Respondents: 1,500.

Average Hours Per Response: Five minutes.

Needs and Uses: This Angler Survey began in 1969 and is an integral part of the Billfish Research Program at the Southwest Fishery Science Center (SWFSC). The Angler Survey tracks recreational angler fishing catch and effort for billfish in the Pacific and Indian Oceans used by scientists and fishery managers. This survey is intended for anglers cooperating in the Billfish Program and is entirely voluntary. The National Marine Fisheries Service collects fishing catch and effort information for most domestic and foreign fisheries. The survey is specific to recreational anglers fishing for Istiophorid billfish in the Pacific and Indian Oceans; as such it provides the only estimates of catch per unit of effort (CPUE) for recreational billfish fishing in those areas.

Affected Public: Individuals or households.

Frequency: Annually.

Respondent's Obligation: Voluntary.
OMB Desk Officer: David Rostker,
(202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395-7285, or David_Rostker@omb.eop.gov.

Dated: April 24, 2006.

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Telecommunications and Information Administration (NTIA).

Title: Public Telecommunications Facilities Program (PTFP) Grant Monitoring.

Form Number(s): None.

OMB Approval Number: 0660-0001.

Type of Review: Regular submission.

Burden Hours: 6,758.

Number of Respondents: 1,950.

Average Hours Per Response: NTIA/PTFP estimates that it takes an average of 28 hours a year for those who respond online and 39 hours a year for those who respond on paper to gather the information, complete the reports, and submit them.

Needs and Uses: The purpose of this program is to assist, through matching funds, in the planning and construction of public telecommunications facilities. The reporting requirements: Construction schedules/planning timetables are obtained to ensure the ability of NTIA/PTFP to monitor a project through the quarterly performance reports; close-out reports enable the agency to ensure that Federal funds were expended in accordance

with the grant award; and the annual reports enable the agency to be sure that the Federal interest is maintained and protected for the statutorily specified 10-year period.

Affected Public: Not-for-profit institutions; state, local, or tribal governments.

Frequency: Annually and quarterly.
Respondent's Obligation: Required to retain benefits.

OMB Desk Officer: Kristy LaLonde, contact information below.

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Highly Migratory Species

Tournament Registration and Reporting.

Form Number(s): None.

OMB Approval Number: 0648-0323.

Type of Request: Regular submission.

Burden Hours: 83.

Number of Respondents: 300.

Average Hours Per Response: Two minutes for tournament registration and twenty minutes for tournament reporting.

Needs and Uses: The National Marine Fisheries Service (NOAA Fisheries Service) would require that operators of fishing tournaments involving Atlantic Highly Migratory Species (HMS) provide advance identification of the

tournament (registration) and then, for selected tournaments, provide summary information after the tournament is completed (reporting) on the HMS caught, whether they were kept or released, the length and weight of the fish, and other information. Most of the data required for post-tournament reporting is already collected in the routine course of tournament operations. The data collected is needed by NOAA Fisheries Service to estimate the total annual catch of these species, to evaluate the impact of tournament fishing in relation to other types of fishing, and to evaluate the impact of HMS management measures on tournament operations.

Affected Public: Business or other for-profit organizations; not-for-profit institutions.

Frequency: On occasion.

Respondent's Obligation: Mandatory.
