

1. If approved, the action may result in additional reporting, recordkeeping or other compliance requirements for small entities.

2. If approved, the action may result in authorizing small entities to furnish the service to the government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46–48c) in connection with the service proposed for deletion from the Procurement List.

#### End of Certification

The following service is proposed for deletion from the Procurement List:

##### Service

*Service Type/Location:* Repair & Clean Respirators, Robins Air Force Base, Georgia.

*NPA:* Houston County Association for Exceptional Citizens, Inc., Warner Robins, Georgia.

*Contracting Activity:* Department of the Air Force.

##### Patrick Rowe,

*Deputy Executive Director.*

BILLING CODE 6353–01–P

### COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

#### Clarification of Scope of Procurement List Additions; 2007 Commodities Procurement List Addition; Comment Request

**AGENCY:** Committee for Purchase From People Who are Blind or Severely Disabled.

**ACTION:** Clarification of scope of the procurement preference and sourcing requirements for commodities and other products on the Procurement List; additions to Procurement List.

**SUMMARY:** The Committee for Purchase From People Who are Blind or Severely Disabled (the Committee) is clarifying the scope of the procurement preference and sourcing requirements for commodities and other products on the Procurement List and providing notice of those which are proposed to be identified as satisfying Governmentwide requirements and thus subject to governmentwide procurement preference for calendar year 2007. The full list of these products and commodities, identified by National Stock Number (NSN), noun name is listed in this Notice and may also be found on the Committee's Web site at <http://www.jwod.gov>. Comments are solicited regarding the entire list and/or

specific commodities as identified by NSN.

**DATES:** Interested persons are invited to submit comments on or before June 9, 2006.

**ADDRESSES:** Committee for Purchase From People Who are Blind or Severely Disabled, Jefferson Plaza 2, Suite 10800, 1421 Jefferson Davis Highway, Arlington, Virginia, 22202–3259.

**FOR FURTHER INFORMATION OR TO SUBMIT COMMENTS CONTACT:** Kimberly M. Zeich, Telephone: (703) 603–7740, Fax: (703) 603–0655, or e-mail [Alist2007@jwod.gov](mailto:Alist2007@jwod.gov).

**SUPPLEMENTARY INFORMATION:** This notice is published pursuant to 41 U.S.C. 47(a)(2) and 41 CFR 51–2.3. Its purpose is to provide interested parties an opportunity to submit comments on the proposed actions.

The decentralized nature of today's Federal acquisition environment requires the Committee to more specifically consider and communicate the applicability of each Procurement List addition, depending on the type of product and scope of the associated requiring/contracting activities. There are effectively three categories of products furnished under the auspices of the Javits-Wagner-O'Day (JWOD) Program, each with a different level of procurement source preference.

The first category (the A List) contains commodity-type products that are commonly used in office and light industrial settings. These products, when furnished by the JWOD Program, are widely available through multiple Government and commercial distribution channels, and are delivered to customers in timeframes consistent with industry best practices. For most office supplies, this means on a next-day or two-day basis. For oversize office products (e.g., chair mats), or janitorial/sanitary products, delivery times may be three to five days after receipt of order. All such products meet the broad preference requirements of the JWOD Act and must be purchased by Federal employees whenever they will meet customer needs and will be available within required timeframes. JWOD-authorized commercial distributors must stock the items, obtain them from wholesalers or, to the extent permitted, coordinate nonprofit agency shipments, to make A-List items available for quick delivery. The commercial equivalents to these products, as determined by the Committee, are identified to the Government and commercial distribution channels, and are excluded from contract sales to Federal employees in accordance with the

Committee's regulations at 41 CFR 51–5.3(a). If a Federal customer orders an equivalent item, JWOD-authorized distributors will substitute and deliver the corresponding A List product instead. Examples of A List products include writing instruments, paper pads, desktop accessories, general purpose cleaner in retail-sized bottles, and disposable breakroom supplies.

The second category (the B List) contains more specialized or niche products that are most often designed and manufactured to meet the needs of a single Federal agency, or a group of customers with a unique requirement. These products, when furnished under the JWOD Program, are typically sponsored by and have procurement preference for the specific Federal agency which defined the requirement. The JWOD procurement preference does not apply to Federal agencies that are not identified on the Procurement List documentation for such items. However, their placement on the Committee's Procurement List affords such products sole source purchasing availability to other Federal agencies that may choose to use those products. Commercial products that are equivalent to B List items are not prohibited on Government contracts or Schedule awards. An example of a B List product is latex examination gloves added to the Procurement List for the specific requirements of the Transportation Security Administration, but available to other Federal agencies who may purchase similar gloves.

The third category (the R List) contains restricted products, which are manufactured under the JWOD Program for one or a few very specific military or civilian agency requirements, and are only made available to Federal customers through the distribution channels authorized by the requiring office. Products on the R List are not intended to fulfill a broad Government requirement, and are not commodities. Due to these restrictions, these products will not be offered in general distribution channels. Examples of R List products include chemical protective suits furnished to the Department of Defense and tree-marking paint manufactured for the U.S. Forest Service.

In the future, when proposing to add a product to its Procurement List, the Committee notices published in the **Federal Register** will identify the category group (A List, B List or R List) to which the product has been assigned, and thus identify the scope of the JWOD procurement preference.

In accordance with clarification of the scope of A List products provided

above, the Committee is proposing to designate the following products as the A List for calendar year 2007. Consistent with the provisions of 41 CFR 51-5.3(c), this action does not affect current contracts awarded prior to the effective date for the approved 2007 A List date or options that may be exercised under those contracts.

The proposed 2007 A List is divided into three sections:

1. Products currently on the Procurement List that were on the A List for 2006, and are proposed to carry over onto the 2007 A List;

**Regulatory Flexibility Act Certification**

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the products to the Government.
2. The action will result in authorizing small entities to furnish the products to the Government.
3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the products proposed for addition to the Procurement List.

**COMMISSION ON CIVIL RIGHTS****Agenda and Notice of Public Meeting of the Rhode Island Advisory Committee**

Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights, that a meeting with briefing of the Rhode Island State Advisory Committee will convene at 9 a.m. and adjourn at 1 p.m., on Wednesday, May 3, 2006. The meeting will include a planning session and then the Committee will conduct a briefing to hear from experts on the disparate treatment of minority youth in the education and justice systems. The briefing will be held in The Atrium on the Liston Campus of the Community College of Rhode Island at One Hilton Place in Providence, Rhode Island.

This briefing is open to the public. Members of the public needing disability accommodations are asked to contact Barbara de La Viez of the

Eastern Regional Office by Tuesday, May 2, 2006.

The meeting with briefing will be conducted pursuant to the provisions of the rules and regulations of the Commission. It was not possible to publish this notice 15 days in advance of the meeting date because of internal processing delays.

The meeting with briefing will be conducted pursuant to the provisions of the rules and regulations of the Commission.

Dated at Washington, DC, April 25, 2006.

**Ivy L. Davis,***Acting Chief, Regional Programs  
Coordination Unit.*

**DEPARTMENT OF COMMERCE****Submission for OMB Review;  
Comment Request**

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* National Oceanic and Atmospheric Administration (NOAA).

*Title:* International Billfish Angler Survey.

*Form Number(s):* None.

*OMB Approval Number:* 0648-0020.

*Type of Request:* Regular submission.

*Burden Hours:* 125.

*Number of Respondents:* 1,500.

*Average Hours Per Response:* Five minutes.

*Needs and Uses:* This Angler Survey began in 1969 and is an integral part of the Billfish Research Program at the Southwest Fishery Science Center (SWFSC). The Angler Survey tracks recreational angler fishing catch and effort for billfish in the Pacific and Indian Oceans used by scientists and fishery managers. This survey is intended for anglers cooperating in the Billfish Program and is entirely voluntary. The National Marine Fisheries Service collects fishing catch and effort information for most domestic and foreign fisheries. The survey is specific to recreational anglers fishing for Istiophorid billfish in the Pacific and Indian Oceans; as such it provides the only estimates of catch per unit of effort (CPUE) for recreational billfish fishing in those areas.

*Affected Public:* Individuals or households.

*Frequency:* Annually.
