SUPPLEMENTARY INFORMATION: On

February 27, 2006, the Department of Transportation (DOT or Department) issued a notice of proposed rulemaking (NPRM) that proposed to amend the Department's Americans with Disabilities Act (ADA) rule and related regulations (71 FR 9761). The proposed amendments concerned a variety of subjects, including rail station platform accessibility and ADA paratransit system requirements. The NPRM also sought comment on several upcoming issues of interest concerning surface transportation accessibility. The comment closing dates were April 28 for the proposed amendments to the ADA and related rules and May 28 for the other issues on which the Department sought comment.

On April 7, 2006, Amtrak, supported by the Association of American Railroads, requested an extension of the comment period through July 28, 2006, citing concerns about the effects of proposed amendments concerning rail station platform accessibility on its statutory obligation to make its stations accessible by 2010.

The Department agrees that an extension of the comment period would be useful to permit Amtrak additional time to assess its situation with respect to rail station accessibility, as it may be affected by the proposed rule. In addition, such an extension will give other parties additional time to consider the issues the NPRM raises and provide thoughtful comments to the Department. Accordingly, the Department finds that good cause exists to extend the comment period on the proposed rule from April 28, 2006, to July 28, 2006. This extension applies to all parts of the NPRM.

Issued in Washington, DC, this 24th day of April, 2006.

Jeffrey A. Rosen,

General Counsel.

By this document, NMFS is proposing regulations to govern that take. In order to issue a Letter of Authorization (LOA) and issue final regulations governing the take, NMFS must determine that the taking will have a negligible impact on the species or stocks and will not have an unmitigable adverse impact on the availability of such species or stock for taking for subsistence uses.
