

protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6) thereunder.¹²

The Exchange has asked the Commission to waive the 30-day operative delay and allow the proposed rule change to become operative on May 1, 2006. The Commission hereby grants that request.¹³ The Commission believes that the Exchange's proposal to round away all proper sub-penny quotes in NYSE- and Amex-listed securities immediately upon receipt by Brut or INET raises no new regulatory issues, as Nasdaq implemented the same adjustment mechanism earlier this year in the NMC and Rule 612 does not require that accepted sub-penny quotes priced below \$1.00 be displayed, executed, or routed in sub-pennies. Furthermore, this rule change will bring the quoting conventions of two Nasdaq trading facilities, Brut and INET, into line with those of the NMC without any further delay, thereby reducing the possibility of investor confusion. Therefore, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
