

notice inviting applications using this priority, the Department will provide applicants with information necessary to access the most recent DHS list of UASI jurisdictions.

*Priority 2—Competitive Preference
Priority for LEAs That Have Not
Previously Received a Grant Under the
ERCM Program*

Priority: Under this priority, we give competitive preference to applications from local educational agencies (LEAs) that have not previously received a grant under this program. Applicants (other than educational service agencies (ESAs)) that have received funding under this program directly, or as the lead agency or as a partner in a consortium application under this program, will not receive competitive preference under this priority. For applications submitted by ESAs, each LEA to be served by the grant must not have received funding under this program directly, or as the lead agency, or as a partner in a consortium application, in order for the ESA to be eligible under this priority; however the ESA itself may have received a previous grant.

Application Requirements

1. *Implementation of the National Incident Management System*—Applicants must agree to implement their grant in a manner consistent with the implementation of the NIMS in their communities. Applicants must include in their applications an assurance that they have met, or will complete, all current NIMS requirements by the end of the grant period.

Because DHS' determination of NIMS requirements may change from year to year, applicants must refer to the most recent list of NIMS requirements published by DHS when submitting their applications. In any notice inviting applications, the Department will provide applicants with information necessary to access the most recent DHS list of NIMS requirements.

Note: An LEA's NIMS compliance must be achieved in close coordination with the local government and with recognition of the first responder capabilities held by the LEA and the local government. As LEAs are not traditional response organizations, first responder services will typically be provided to LEAs by local fire and rescue departments, emergency medical service providers, and law enforcement agencies. This traditional relationship must be acknowledged in achieving NIMS compliance in an integrated NIMS compliance plan for the local government and the LEA. LEA participation in the NIMS preparedness program of the local government is essential to ensure that first responder services are delivered to

schools in a timely and effective manner. Additional information about NIMS implementation is available at <http://www.fema.gov/emergency/nims/index.shtm>.

2. *Infectious Disease Plan*—To be considered for a grant award, applicants must agree to develop a written plan designed to prepare the LEA for a possible infectious disease outbreak, such as pandemic influenza. Plans must address the four phases of crisis planning (Mitigation/Prevention, Preparedness, Response, and Recovery) and include a plan for disease surveillance (systematic collection and analysis of data that lead to action being taken to prevent and control a disease), school closure decision-making, business continuity (processes and procedures established to ensure that essential functions can continue during and after a disaster), and continuation of educational services.

Executive Order 12866

This notice of final priorities and application requirements has been reviewed in accordance with Executive Order 12866. Under the terms of the order, we have assessed the potential costs and benefits of this regulatory action.

The potential costs associated with the notice of final priorities are those resulting from statutory requirements and those we have determined as necessary for administering this program effectively and efficiently.

In assessing the potential costs and benefits—both quantitative and qualitative—of this notice of final priorities and application requirements, we have determined that the benefits of the final priorities and application requirements justify the costs.

We have also determined that this regulatory action does not unduly interfere with State, local, and tribal governments in the exercise of their governmental functions.

We summarized the costs and benefits in the notice of proposed priorities and application requirements.

Intergovernmental Review

This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for this program.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Emergency Response and Crisis Management grant competition supports efforts by LEAs to improve and strengthen their school emergency response and crisis management plans, including training school personnel and students in emergency response procedures; communicating emergency plans and procedures with parents; and coordinating with local law enforcement, public safety, public health, and mental health agencies.

Priorities: These priorities are from (1) the notice of final priorities and other application requirements for this program, published in the **Federal Register** on June 21, 2005 (70 FR 35652) and (2) the notice of final priorities and application requirements published elsewhere in this issue of the **Federal Register**.

Absolute Priority: For FY 2006 and any subsequent year in which we make awards based on the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only those applications that meet this priority.

This priority is:

Improvement and Strengthening of School Emergency Response and Crisis Management Plans

This priority supports local educational agency (LEA) projects to improve and strengthen emergency response and crisis management plans, at the district and school-building level, addressing the four phases of crisis planning: Prevention/Mitigation, Preparedness, Response, and Recovery. Plans must include: (1) Training for school personnel and students in emergency response procedures; (2) Coordination with local law enforcement, public safety, public health, and mental health agencies; and (3) A method for communicating school emergency response policies and reunification procedures to parents and guardians.

Competitive Preference Priorities: For FY 2006, and any subsequent year in which we make awards based on the list of unfunded applicants from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i) we award an additional 10 points to an application

that meets Priority 1 and we award an additional 5 points to an application that meets Priority 2. Applications that qualify for Priorities 1 and 2 will receive points only under Priority 1.

These priorities are:

Priority 1—Competitive Preference Priority for LEAs That Have Not Previously Received a Grant Under the ERCM Program and Are Located in an Urban Areas Security Initiative Jurisdiction

Under this priority, we give a competitive preference to applications from local educational agencies (LEAs) that (1) have not yet received a grant under this program and (2) are located in whole or in part within Urban Areas Security Initiative (UASI) jurisdictions, as determined by the U.S. Department of Homeland Security (DHS). An applicant must meet both of these criteria in order to receive the competitive preference. Under a consortium application, all members of the LEA consortium need to meet both criteria to be eligible for the preference. Applications submitted by educational service agencies (ESAs) are eligible under this priority if each LEA to be served by the grant is located within a UASI jurisdiction and has not previously received funding under this program directly, or as the lead agency or as a partner in a consortium; however the ESA itself may have received a previous grant.

Because DHS' determination of UASI jurisdictions may change from year to year, applicants under this priority must refer to the most recent list of UASI jurisdictions published by DHS when submitting their applications. The Governor of each State has designated a State Administrative Agency (SAA) as the entity responsible for applying for, and administering, funds under the Department of Homeland Security Grant Program (which includes the UASI program). The SAA is also responsible for defining the geographic borders for jurisdictions included in the UASI program. Guidance on jurisdiction definitions can be found at: <http://www.ojp.usdoj.gov/odp/docs/info200.pdf>.

Priority 2—Competitive Preference Priority for LEAs That Have Not Previously Received a Grant Under the ERCM Program

Under this priority, we give competitive preference to applications from local educational agencies (LEAs) that have not previously received a grant under this program. Applicants (other than educational service agencies (ESAs)) that have received funding under this program directly, or as the

lead agency or as a partner in a consortium application under this program, will not receive competitive preference under this priority. For applications submitted by ESAs, each LEA to be served by the grant must not have received funding under this program directly, or as the lead agency, or as a partner in a consortium application, in order for the ESA to be eligible under this priority; however the ESA itself may have received a previous grant.

Other Application Requirements: These requirements are from (1) the notice of final priorities and other application requirements for this program, published in the **Federal Register** on June 21, 2005 (70 FR 35652) and (2) the notice of final priorities and application requirements published elsewhere in this issue of the **Federal Register**.

1. *Partner Agreements.* To be considered for a grant award, an applicant must include in its application an agreement that details the participation of each of the following five community-based partners: Law enforcement, public safety, public health, mental health, and the head of the applicant's local government (for example the mayor, city manager, or county executive). The agreement must include a description of each partner's roles and responsibilities in improving and strengthening emergency response plans at the district and school-building level, a description of each partner's commitment to the sustainability and continuous improvement of emergency response plans at the district and school-building level, and an authorized signature representing the LEA and each partner acknowledging the agreement. If one or more of the five partners listed is not present in the applicant's community, or cannot feasibly participate, the agreement must explain the absence of each missing partner. To be considered eligible for funding, however, an application must include a signed agreement between the LEA, a law enforcement partner, and at least one of the other required partners (public safety, public health, mental health, or head of local government).

Applications that fail to include the required agreement, including information on partners' roles and responsibilities and on their commitment to sustainability and continuous improvement (with signatures and explanations for missing signatures as specified above), will not be read.

Although this program requires partnerships with other parties,

administrative direction and fiscal control for the project must remain with the LEA.

2. *Coordination with State or Local Homeland Security Plan.* All emergency response and crisis management plans must be coordinated with the Homeland Security Plan of the State or locality in which the LEA is located. All States submitted such a plan to the Department of Homeland Security on January 30, 2004. To ensure that emergency services are coordinated, and to avoid duplication of effort within States and localities, applicants must include in their applications an assurance that the LEA will coordinate with, and follow, the requirements of its State or local Homeland Security Plan for emergency services and initiatives.

3. *Implementation of the National Incident Management System (NIMS).* Applicants must agree to implement their grant in a manner consistent with the implementation of the NIMS in their communities. Applicants must include in their applications an assurance that they have met, or will complete, all current NIMS requirements by the end of the grant period.

Because DHS' determination of NIMS requirements may change from year to year, applicants must refer to the most recent list of NIMS requirements published by DHS when submitting their applications. In any notice inviting applications, the Department will provide applicants with information necessary to access the most recent DHS list of NIMS requirements. Information about the Fiscal Year 2006 NIMS requirements for tribal governments and local jurisdictions, including LEAs, may be found at: http://www.fema.gov/pdf/nims/nims_tribal_local_compliance_activities.pdf.

Note: An LEA's NIMS compliance must be achieved in close coordination with the local government and with recognition of the first responder capabilities held by the LEA and the local government. As LEAs are not traditional response organizations, first responder services will typically be provided to LEAs by local fire and rescue departments, emergency medical service providers, and law enforcement agencies. This traditional relationship must be acknowledged in achieving NIMS compliance in an integrated NIMS compliance plan for the local government and the LEA. LEA participation in the NIMS preparedness program of the local government is essential to ensure that first responder services are delivered to schools in a timely and effective manner. Additional information about NIMS implementation is available at: <http://www.fema.gov/emergency/nims/index.shtm>.

4. *Individuals with Disabilities.* The applicant's plan must demonstrate that the applicant has taken into

consideration the communication, transportation, and medical needs of individuals with disabilities within the school district.

5. *Infectious Disease Plan.* To be considered for a grant award, applicants must agree to develop a written plan designed to prepare the LEA for a possible infectious disease outbreak, such as pandemic influenza. Plans must address the four phases of crisis planning (Mitigation/Prevention, Preparedness, Response, and Recovery) and include a plan for disease surveillance (systematic collection and analysis of data that lead to action being taken to prevent and control a disease), school closure decision-making, business continuity (processes and procedures established to ensure that essential functions can continue during and after a disaster), and continuation of educational services.

Program Authority: 20 U.S.C. 7131.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 79, 80, 81, 82, 84, 85, 97, 98, 99, and 299. (b) The notice of final priority and other application requirements published in the **Federal Register** on June 21, 2005 (70 FR 35652). (c) The notice of final priorities and application requirements published elsewhere in this issue of the **Federal Register**.

Note: The regulations in 34 CFR part 79 apply to all applicants except Federally recognized Indian tribes.

II. Award Information

Type of Award: Discretionary grants.
Estimated Available Funds: \$24,000,000. Contingent upon the availability of funds, the Secretary may make additional awards in FY 2007 from the list of unfunded applicants from this competition.

Estimated Range of Awards: \$100,000–\$500,000.

Estimated Average Size of Awards: \$100,000 for small districts (1–20 school facilities); \$250,000 for medium-sized districts (21–75 school facilities); and \$500,000 for large districts (76 or more school facilities).

Estimated Number of Awards: 71.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 18 months.

III. Eligibility Information

1. *Eligible Applicants:* LEAs.
2. *Cost Sharing or Matching:* This program does not involve cost sharing or matching.
3. *Other:*

(a) *Equitable Participation by Private School Children and Teachers.* Section 9501 of the Elementary and Secondary Education Act of 1965, as amended (ESEA), requires that SEAs, LEAs or other entities receiving funds under the Safe and Drug-Free Schools and Communities Act are required to provide for the equitable participation of private school children, their teachers, and other educational personnel in private schools located in areas served by the grant recipient. In order to ensure that grant program activities address the needs of private school children, LEAs must engage in timely and meaningful consultation with private school officials during the design and development of the program. This consultation must take place before any decision is made that affects the opportunities of eligible private school children, teachers, and other educational personnel to participate.

In order to ensure equitable participation of private school children, teachers, and other educational personnel, an LEA must consult with private school officials on issues such as: hazards/vulnerabilities unique to private schools in the LEA's service area, training needs, and existing emergency management plans and crisis response resources already available at private schools.

(b) *Maintenance of Effort.* Section 9521 of the Elementary and Secondary Education Act of 1964, as amended (ESEA), requires that LEAs may receive a grant only if the State educational agency finds that the combined fiscal effort per student or the aggregate expenditures of the LEA and the State with respect to the provision of free public education by the LEA for the preceding fiscal year was not less than 90 percent of the combined effort or aggregate expenditures for the second preceding fiscal year.

V. Application Review Information

Selection Criteria: The selection criteria for this competition are in the application package.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. You must also submit a progress report nine months after the award date. This report should provide the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118.

4. *Performance Measures:* The Secretary has established the following performance measures for assessing the effectiveness of the Emergency Response and Crisis Management Grant Program:

- Demonstration of increased number of hazards addressed by the improved

school emergency response plan as compared to the baseline plan;

- Demonstration of improved response time and quality of response to practice drills and simulated crises; and

- A plan for and commitment to the sustainability and continuous improvement of the school emergency response plan by the district and community partners beyond the period of Federal financial assistance.

These three measures constitute the Department's indicators of success for this program. Consequently, applicants for a grant under this program are advised to give careful consideration to these three measures in conceptualizing the approach and evaluation of their proposed project. If funded, applicants will be asked to collect and report data in their performance and final reports about progress toward these measures.
