[Project No. 9185-009-WI]

Flambeau Hydro, LLC; Notice of Availability of Environmental Assessment

May 5, 2006.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's regulations, 18 CFR part 380 (Order No. 486, 52 FR 47879), the Office of Energy Projects has reviewed the application for a subsequent license for the Clam River Hydroelectric Project, located on the Clam River, 9.5 miles northwest of Webster, Wisconsin in Burnett County, and has prepared an Environmental Assessment (EA). In the EA, Commission staff analyze the potential environmental effects of relicensing the project and conclude that issuing a subsequent license for the project, with appropriate environmental measures, would not constitute a major Federal action significantly affecting the quality of the human environment.

A copy of the EA is on file with the Commission and is available for public inspection. The EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1-866-208-3676, or for TTY, (202) 502-8659.

Any comments should be filed within 30 days from the issuance date of this notice, and should be addressed to the Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Room 1-A, Washington, DC 20426. Please affix "Clam River Project No. 9185-009" to all comments. Comments may be filed electronically via Internet in lieu of paper. The Commission strongly encourages electronic filings. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "eFiling" link. For further

information, contact Patrick Murphy at (202) 502-8755.

Magalie R. Salas,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP05-396-000]

Sabine Pass LNG, LP; Notice of Availability of the Environmental Assessment for the Proposed Sabine Pass LNG Terminal Phase II Project

May 5, 2006.

The staff of the Federal Energy Regulatory Commission (Commission or FERC) has prepared an environmental assessment (EA) on the liquefied natural gas (LNG) facilities proposed by Sabine Pass LNG, L.P. (SPLNG) in the above-referenced docket. The Sabine Pass LNG Terminal Phase II Project (Project) would be located in Cameron Parish, Louisiana.

The EA was prepared to satisfy the requirements of the National Environmental Policy Act. The staff concludes that approval of the proposed Project, with appropriate mitigating measures, would not constitute a major Federal action significantly affecting the quality of the human environment. This EA evaluates alternatives to the proposal, including system alternatives and site layout alternatives for the LNG import terminal, impact of Ambient Air Vaporizers, and air emissions.

The U.S. Army Corps of Engineers (COE), U.S. Coast Guard (Coast Guard), and U.S. Fish and Wildlife Service (FWS) have all participated as cooperating agencies in the preparation of the EA.

The EA assesses the potential environmental effects of the construction and operation of the following facilities:

- Sixteen (16) ambient air vaporization trains (AAV Trains), one of which would be installed significantly before the others as a pilot AAV Train for testing purposes;
 - Eight (8) SCV Trains;
 - One (1) pilot AAV Train;
 - Three (3) LNG storage tanks;
 - Two (2) LNG transfer lines;
 - Two (2) BOG compressors;
 - Two (2) BOG condensing systems;
 - Four (4) shell and tube heat exchangers;
 - Two (2) vapor return blowers;
 - One (1) simple cycle gas turbine generator; and

- Two (2) 30-inch natural gas pipelines from the Project process area to new main meters.

The EA has been placed in the public files of the FERC and is available for public inspection at: Federal Energy Regulatory Commission, Public Reference Room, 888 First Street, NE., Room 2A, Washington, DC 20426, (202) 502-8371.

A limited number of copies are available from the FERC's Public Reference Room identified above. In addition, copies of the EA have been mailed to Federal, state, and local government agencies; elected officials; Native American tribes; local libraries and newspapers; intervenors in the FERC's proceeding; individuals who provided scoping comments; and affected landowners and individuals.

Any person wishing to comment on the EA may do so. To ensure consideration prior to a Commission decision on the proposal, it is important that we receive your comments before the date specified below. Please carefully follow these instructions to ensure that your comments are received in time and properly recorded:

- Send an original and two copies of your comments to: Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Room 1A, Washington, DC 20426;
- Label one copy of the comments for the attention of the Gas Branch 2, PJ11.2;
- Reference Docket No. CP05-396-000; and
- Mail your comments so that they will be received in Washington, DC on or before June 5, 2006.

The Commission strongly encourages electronic filing of any comments or interventions or protests to this proceeding. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov> under the "e-Filing" link and the link to the User's Guide. Before you can file comments, you will need to create a free account, which can be created by clicking on "Sign-up."

Additional information about the Project is available from the Commission's Office of External Affairs, at 1-866-208-FERC (3372) or on the FERC Internet Web site using the eLibrary link. Click on the eLibrary link, click on "General Search" and enter the docket number excluding the last three digits in the Docket Number field. Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at 1-866-208-3676, or for TTY, contact (202) 502-8659. The eLibrary
