United States Standards for Feed Peas

AGENCY: Grain Inspection, Packers and Stockyards Administration, USDA.

ACTION: Notice; request for public comment.

SUMMARY: We plan to establish U.S. standards for feed peas under the authority of the U.S. Agricultural Marketing Act of 1946, as amended (AMA). Current U.S. standards for Whole Dry Peas and Split Peas reflect the needs of the edible dry pea market. The quality and standards established for the edible dry pea market greatly differ from the feed pea market. Consequently, the current standards for edible dry peas do not reflect the current needs of the feed pea market. This action will provide uniform standards and will facilitate the marketing of feed peas.

DATES: We will consider comments that we receive by June 12, 2006.

ADDRESSES: We invite you to submit comments on this notice. Please reference the date and page number of this issue of the **Federal Register** in your comments. You may submit
