[Docket No. ICR 1218-0209 (2006)]

Proposed Information Collection Request Submitted for Public Comment and Recommendations; OSHA Data Initiative (1218-0209)

ACTION: Request for public comment.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (*i.e.*, employer) burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA-95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Occupational Safety and Health Administration (OSHA) is soliciting comments concerning the proposed extension of the Information Collection Request (ICR) for the OSHA Data Initiative. A copy of the proposed ICR can be obtained by contacting the office listed below in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section below on or before July 21, 2006. The Department of Labor is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technical collection techniques or other forms of information technology, *e.g.*, permitting electronic submissions of responses.

ADDRESSES: Comments are to be submitted to the Docket Office, Docket No. ICR 1218-0209 (2006), U.S. Department of Labor, Room N-2625, 200 Constitution Ave., NW., Washington, DC 20210, telephone (202) 693-2350. I. Background: To meet many of OSHA's program needs, OSHA is proposing to continue its collection of occupational injury and illness data and information on the number of workers employed and the number of hours worked from establishments in portions of the private sector and from some state and local government agencies. OSHA will collect the data on an annual basis from up to 100,000 employers already required to create and maintain records pursuant to 29 CFR Part 1904.
