

which to assess antidumping duties.” See *Granular Polytetrafluoroethylene Resin from Japan: Notice of Rescission of Antidumping Duty Administrative Review*, 70 FR 44088, 44088 (August 1, 2005). In *Allegheny Ludlum Corp. v. United States*, 346 F.3d 1368 (Fed. Cir. 2003), the Court of Appeals for the Federal Circuit upheld the Department’s practice of rescinding annual reviews when there are no entries of subject merchandise during the POR. See also *Stainless Steel Plate in Coils from Taiwan: Final Rescission of Antidumping Duty Administrative Review*, 68 FR 63067, 63068 (November 7, 2003) (stating that “the Department’s interpretation of its statute and regulations, as affirmed by the Court of Appeals for the Federal Circuit, supports not conducting an administrative review when the evidence on the record indicates that respondents had no entries of subject merchandise during the POR”).

Because there were no entries of merchandise subject to the order during the POR from any of the Viraj companies named in the notice of initiation, we intend to rescind the administrative review with respect to Viraj. Thus, the statute, the regulations, previous administrative decisions, and case law all support rescission of the administrative review in this case. Therefore, the Department intends to rescind the administrative review with respect to the Viraj entities.

Public Comment

Interested parties may comment on the Department’s notice of intent to rescind the administrative review with respect to the Viraj entities not later than 15 days after the date of publication of this notice in the **Federal Register**. Rebuttal comments, must be filed not later than 10 days after the time limit for filing the initial comments. Comments will be considered in the Department’s preliminary results, which are currently due October 31, 2006.

This notice is published in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.213(d)(4).

Dated: May 18, 2006.

National Institute of Standards and Technology

[Docket No.: 060428114-6114-01]

Request for Technical Input—Standards in Trade Workshops

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Request for workshop recommendations.

SUMMARY: The National Institute of Standards and Technology (NIST) invites interested parties to submit recommendations for workshops covering specific sectors and targeted countries or regions of the world where training in the U.S. system of standards development, conformity assessment, and metrology may facilitate trade. Prospective workshops will be scheduled for a one week period. This notice is not an invitation for proposals to fund grants, contracts or cooperative agreements of any kind. NIST will offer a limited number of workshops, based upon the availability of resources. Recommenders are encouraged to consider departmental priorities outlined in the 2005 National Export Strategy. NIST will consider recommendations based upon which workshops would be most useful to intended audiences.

DATES: All recommendations must be submitted no later than 5 p.m., June 23, 2006.

ADDRESSES: All recommendations must be submitted to Ellen Emard via e-mail (ellen.emard@nist.gov) or by mail to 100 Bureau Drive, Stop 2100, Gaithersburg, MD 20899. The National Export Strategy is available at <http://www.ita.doc.gov/media/publications/>. Additional information about the NIST Standards in Trade Workshops, including schedules and summary reports for workshops held to date and participant information, is available at <http://ts.nist.gov/ts/htdocs/210/gsig/sitdesc.htm>.

FOR FURTHER INFORMATION CONTACT:

Ellen Emard (301) 975-4038, ellen.emard@nist.gov or Teresa Cronise (301) 975-4023, teresa.cronise@nist.gov.

SUPPLEMENTARY INFORMATION: The Standards in Trade Workshops are a major activity of the Global Standards and Information Group in the NIST Standards Services Division (SSD). The workshops are designed to provide timely information to foreign standards officials on U.S. practices in standards and conformity assessment. Participants are introduced to U.S. technology and

principles in metrology, standards development and application, and conformity assessment systems and procedures.

Each workshop is a one week program offering an overview of the roles of the U.S. Government, private sector, and regional and international organizations engaged in standards development and conformity assessment practices. Specific workshop objectives are to: (1) Familiarize participants with U.S. technology and practices in metrology, standardization, and conformity assessment; (2) describe and understand the roles of the U.S. Government and the private sector in developing and implementing standards; (3) understand the structure of the standards and conformity assessment systems in the invited country or countries and the role and responsibilities of organizations represented by the invitees; and (4) develop professional contacts as a basis for strengthening technical ties and enhancing trade.

Workshop recommendations (maximum 5 pages) must address at a minimum the following points, *in the order noted and labeled accordingly*:

1. Name and Description of the Recommending Person or Organization

Provide the primary mailing address and a brief description of the organization, including the name, telephone number and e-mail address of the primary point of contact.

2. Industry Sector and Suggested Workshop Title

Provide a description of the suggested industrial sector and focus area with a possible workshop title which captures the essence of the recommendation. Consider the goals and potential benefits.

3. Proposed Workshop Objectives

Describe the intended goals to be attained and why they are important and list the specific possible workshop objectives.

4. Calendar Dates Suggested for Workshop

Provide three or more suggested start dates for the workshop. The first date should be no earlier than 8 months from the publication date of this announcement.

5. Relevant NIST Organizational Link

Workshop topics must be linked to NIST activities and/or research. The appropriate NIST organizational unit, laboratory or program must be identified by the recommender and the relevance of the activity to NIST must be

demonstrated. If known, identify the specific NIST staff who could serve as the NIST internal point of contact.

6. Proposed Foreign Participants

Provide a representative list of the foreign organizations that might participate in the workshop, including a description of their function or business and their country of incorporation or origin.

7. U.S. Stakeholder Participants (e.g., Associations, Agencies, Users, Others)

Provide a representative list of other U.S.-based organizations that are likely to participate in the workshop.

8. Principal Topics

Provide a list of the suggested topics for the workshop.

9. Related Site Visits and Events

Workshops can include visits to relevant business sites or events. Provide a list of suggested site visit locations, events or other areas of interest and discuss the relevance of each to the overall purpose of the proposed workshop's goals.

10. Expected Outcomes/Measures of Success

Include in this section a description of:

- a. The anticipated benefit of the workshop for trade and market access;
- b. The anticipated economic impacts (in dollars);
- c. The potential for future opportunities for collaboration and for trade as a result of the workshop;
- d. The measures of success;
- e. The desired results of the workshop and how the results will be measured.

All recommendations must address each of the above ten points.

Dated: May 17, 2006.
