BILLING CODE 6730-01-P

FEDERAL RESERVE SYSTEM

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center website at www.ffiec.gov/nic/.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than June 19, 2006.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have

practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Written comments should be received within 60 days of this notice.

Proposed Project

Aggregate Reports for Tuberculosis Program Evaluation (OMB No. 0920-0457)—Extension—National Center for HIV, STD, and TB Prevention (NCHSTP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The National Center for HIV, STD, and TB Prevention, Division of Tuberculosis Elimination (DTBE) is requesting a 3-year extension of OMB No. 0920-0457, to continue the Aggregate Reports for Tuberculosis Program Evaluation. There are no revisions to the report forms, data definitions, or reporting instructions.

In order to facilitate the elimination of tuberculosis in the United States, key program activities must continue to be monitored. These key activities include finding tuberculosis infections in recent cases and in other persons likely to be infected and providing therapy for latent tuberculosis infection.

In 2000, CDC implemented two program evaluation reports for annual submission: Aggregate Report of Follow-up for Contacts of Tuberculosis and Aggregate Report of Screening and Preventive Therapy for Tuberculosis Infection. The respondents for the reports are the 68 state and local tuberculosis control programs receiving federal cooperative agreement funding through DTBE. The reports emphasize treatment outcomes, high-priority target populations vulnerable to tuberculosis, programmed electronic report entry and submission through the Tuberculosis Information Management System (TIMS).

CDC is the only federal agency collecting this type of national tuberculosis data. These reports are the only data sources about latent tuberculosis infection for monitoring national progress toward tuberculosis elimination. CDC provides ongoing assistance in the preparation and utilization of these reports at the local and state levels of public health. CDC also provides respondents with technical support for the TIMS software.
