

Each of the proposed new substations would affect a maximum of 20 acres of land. The construction of the proposed electric transmission project is tentatively scheduled to begin in the summer of 2006 and the estimated duration of construction would be 10 months.

Alternatives considered by USDA Rural Development and EKPC included: (a) No action, (b) alternate transmission line routes, (c) alternate substation sites, and (d) other electrical alternatives. An Environmental Report (ER) that describes the proposed project in detail and discusses its anticipated environmental impacts has been prepared by EKPC. The USDA Rural Development has accepted the ER as its EA of the proposed project. The EA is available for public review at addresses provided above in this Notice.

Questions and comments should be sent to USDA Rural Development at the mailing or e-mail addresses provided above in this Notice. USDA Rural Development should receive comments on the EA in writing by June 29, 2006 to ensure that they are considered in its environmental impact determination.

Should USDA Rural Development determine, based on the EA of the proposed project, that the impacts of the construction and operation of the project would not have a significant environmental impact, it will prepare a Finding of No Significant Impact. Public notification of a Finding of No Significant Impact would be published in the **Federal Register** and in newspapers with circulation in the project area.

Any final action by USDA Rural Development related to the proposed project will be subject to, and contingent upon, compliance with all relevant Federal, state and local environmental laws and regulations, and completion of the environmental review requirements as prescribed in USDA Rural Development's Environmental Policies and Procedures (7 CFR part 1794).

Director, Engineering and Environmental Staff, USDA/Rural Development/Utilities Programs.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce (DOC) has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for

collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Bureau of Economic Analysis (BEA), Commerce.

Title: Initial Report on a Foreign Person's Direct or Indirect Acquisition, Establishment, or Purchase of the Operating Assets, of a U.S. Business Enterprise, Including Real Estate (Form BE-13) and Report by a U.S. Person Who Assists or Intervenes in the Acquisition of a U.S. Business Enterprise by, or Who Enters into a Joint Venture with, a Foreign Person (Form BE-14).

Form Number(s): BE-13, BE-13 Supplement C, and BE-14.

Agency Approval Number: 0608-0035.

Type of Request: Extension of a currently approved collection.

Burden: 900 hours.

Number of Respondents: 600 annually.

Average Hours per Response: 1.5 hours.

Needs and Uses: The Initial Report on a Foreign Person's Direct or Indirect Acquisition, Establishment, or Purchase of the Operating Assets, of a U.S. Business Enterprise, Including Real Estate (Form BE-13) and the Report by a U.S. Person Who Assists or Intervenes in the Acquisition of a U.S. Business Enterprise by, or Who Enters into a Joint Venture with, a Foreign Person (Form BE-14) obtain initial data on new foreign direct investment in the United States. The BE-13 survey collects information on the cost of new foreign direct investment in the United States, the sources of funding (*i.e.*, the foreign parent group and/or existing U.S. affiliates of the foreign parent), and limited financial and operating data for the U.S. entity being established or acquired; the survey also collects identification information about the U.S. entity being established or acquired and about the new foreign owner(s). The BE-14 survey collects information from U.S. persons who assist in an investment transaction, such as a real estate broker or attorney, or who enter into a U.S. joint venture with a foreign person. The primary purpose of this information collection is to identify new U.S. affiliates that should be included in BEA's estimates of foreign direct investment in the United States. The information is needed to update data on the universe of U.S. affiliates to ensure that it is complete, and to determine whether the new affiliates exceed the exemption criteria required for reporting in related benchmark, annual, and quarterly surveys of foreign direct investment conducted by BEA. The

information is also used to improve the accuracy of universe estimates derived from BEA's ongoing annual and quarterly sample surveys of foreign direct investment.

Representatives of many State and local governments take active steps to attract new foreign direct investment to their localities. To make informed policy decisions concerning such investment, it is essential that government entities, including the U.S. Government, have the means to measure foreign direct investment in the United States, monitor changes in it, and assess its economic impact. Data from the survey are intended to be general purpose statistics on foreign direct investment that are readily available to answer any number of research and policy questions when they arise.

Affected Public: U.S. businesses or other for-profit institutions.

Frequency: One-time survey.

Respondent's Obligation: Mandatory.

Legal Authority: International Investment and Trade in Services Survey Act (Pub. L. 94-472, 22 U.S.C. 3101-3108).

OMB Desk Officer: Paul Bugg, (202) 395-3093.

You may obtain copies of the above information collection proposal by writing Diana Hynek, Departmental Paperwork Clearance Officer, Office of the Chief Information Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230, or via the Internet at dhynek@doc.gov.

Send comments on the proposed information collection within 30 days of publication of this notice to the Office of Management and Budget, O.I.R.A., Attention PRA Desk Officer for BEA, via the Internet at pbugg@omb.eop.gov, or by FAX at 202-395-7245.

Dated: May 23, 2006.

Management Analyst, Office of the Chief Information Officer.
