Solicitation of Topic Nominations

The purpose of this solicitation for new topics by CDC and the Task Force is to create a balanced portfolio of relevant topics for the current Task Force library. The current library is based on reviews and recommendations across a broad range of high burden, high interest topic areas: Changing health risk behaviors (adolescent health, physical activity, tobacco product use, nutrition, sexual behavior, alcohol abuse and misuse, substance abuse); addressing specific health conditions (cancer, diabetes, mental health, motor vehicle occupant injury, obesity, oral health, vaccine-preventable diseases, and violence prevention); and addressing the environment (improving health through changing the social environment, worksite health promotion). Selection of suggested topics will be made on the basis of qualifications of nominations as outlined above (see basic topic nomination requirements) and the current expertise of the Task Force.

Topics That Have Been Reviewed:

Diabetes, Informed Decision Making for Cancer Screening, Motor Vehicle Occupant Injury, Oral Health, Physical Activity, Skin Cancer Prevention, Social Environment, Tobacco, Vaccine Coverage, Vaccine Coverage in Adults at High Risk.

Topics Currently Under Review:

Vaccine Information Statement for Hepatitis A Vaccine; Revised Instructions for Use of Vaccine Information Statements

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: Under the National Childhood Vaccine Injury Act (NCVIA) (42 U.S.C. § 300aa-26), the CDC must develop vaccine information materials that all health care providers are required to give to patients/parents prior to administration of specific vaccines. On July 28, 2005, CDC published a notice in the **Federal Register** (70 FR 43694) seeking public comments on proposed new vaccine information materials for hepatitis A vaccine. Following review of the comments submitted and consultation as required under the law, CDC has finalized the hepatitis A vaccine information materials. The final hepatitis A materials are contained in this notice. Also noted are edits to the instructions for use of vaccine information materials.

DATES: Beginning no later than July 1, 2006, each health care provider who administers any hepatitis A vaccine to any child or adult in the United States shall provide copies of the relevant vaccine information materials contained in this notice, dated March 21, 2006, in conformance with the April 7, 2006 CDC Instructions for the Use of Vaccine Information Statements.

FOR FURTHER INFORMATION CONTACT: Anne Schuchat, M.D., Director, National Immunization Program, Centers for Disease Control and Prevention, Mailstop E-05, 1600 Clifton Road, NE., Atlanta, Georgia 30333, telephone (404) 639-8200.

SUPPLEMENTARY INFORMATION: The National Childhood Vaccine Injury Act of 1986 (Pub. L. 99-660), as amended by section 708 of Public Law 103-183, added section 2126 to the Public Health Service Act. Section 2126, codified at 42 U.S.C. 300aa-26, requires the Secretary of Health and Human Services to develop and disseminate vaccine information materials for distribution by all health care providers in the United States to any patient (or to the parent or legal representative in the case of a child) receiving vaccines covered under the National Vaccine Injury Compensation Program.
