the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item III below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to extend, for an additional one-year period, a pilot program that allows specialists, SQTs, and RSQTs assigned in options that trade on Phlx XL to receive directed orders ("Directed Orders")⁸ from a member or member organization ("Order Flow Provider" or "OFP")⁹ that submits, as agent, the customer order to the Exchange through AUTOM, and establishes a trade allocation algorithm for Directed Orders that are electronically executed and allocated to reward such Directed Specialists, SQTs and RSQTs with a participation guarantee for attracting such order flow to the Exchange.¹⁰ The proposed rule is subject to a pilot program scheduled to expire on May 27, 2006. The Exchange proposes that the extended pilot expire on May 27, 2007.

Pursuant to Rule 1080(l), OFPs must transmit Directed Orders to a particular specialist, SQT or RSQT through AUTOM. If the Exchange's disseminated best bid or offer is at the National Best Bid or Offer when the Directed Order is received, the Directed Order is automatically executed on Phlx XL and allocated to the orders and quotes represented in the Exchange's quotation. A Directed Specialist, SQT or RSQT will receive a participation allocation pursuant to Rule 1014(g)(viii) if the Directed Specialist, SQT or RSQT was quoting at the NBBO at the time that the Directed Order was received.¹¹ Otherwise, the automatic execution will be allocated to those quotations and orders at the NBBO pursuant to Rule 1014(g)(vii).¹² When the Exchange is not quoting at the NBBO, the Directed Order will be manually handled by the

⁸ See Exchange Rule 1080(l)(i)(A).

⁹ See Exchange Rule 1080(l)(i)(B).

¹⁰ See Exchange Rule 1080(1). The word "Directed" modifies all three; that is, it is referring to a Directed Specialist, Directed SQT and Directed RSQT.

specialist in accordance with the Exchange's rules.

The Exchange believes that the pilot program rewards specialists, SQTs and RSQTs for actively engaging in marketing activities and establishing relationships with OFPs that generate Directed Orders sent to the Exchange by such OFPs. The Exchange believes that the pilot program will result in additional order flow to the Exchange, thus adding depth and liquidity to the Exchange's markets, and enabling the Exchange to continue to compete effectively with other options exchanges for order flow.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with section 6(b) of the Act¹³ in general, and furthers the objectives of section 6(b)(5) of the Act¹⁴ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest, by permitting specialists, SQTs, and RSQTs trading options on Phlx XL to receive Directed Orders, and by encouraging the capture of order flow on the Exchange by rewarding Directed Order recipients with a participation guarantee in trades involving Directed Orders.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes that the proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit comments on the proposed rule change.

III. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act and whether the pilot time frame is appropriate. Comments may be submitted by any of the following methods:

IV. Commission's Findings and Order Granting Accelerated Approval of the Proposed Rule Change

The Exchange has asked the Commission to approve the proposed rule change on an accelerated basis for an additional year so that the pilot program may continue uninterrupted. After careful consideration, the Commission finds that the proposed rule change is consistent with the requirements of section 6 of the Act¹⁵ and the rules and regulations thereunder applicable to a national

securities exchange¹⁶, and, in particular, the requirements of section 6(b)(5) of the Act.¹⁷ Section 6(b)(5) requires, among other things, that the rules of a national securities exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Commission notes that the current pilot was approved on a one-year basis to give the Commission an opportunity to evaluate the impact of the pilot program on the options markets to determine whether it would be beneficial to customers and to the options markets as a whole before approving any request for permanent approval of the pilot program. The Commission believes that a one-year extension of the pilot period would provide the Commission with additional time to continue evaluate the Exchange's Directed Order program.

The Exchange has requested that the Commission find good cause for approving the proposed rule change prior to the thirtieth day after publication of notice thereof in the **Federal Register**. The Commission believes that granting accelerated approval of the proposed rule change would allow the pilot program to continue without disruption while the Commission and the Exchange continue to review the pilot program's impact on the options market. Accordingly, the Commission finds good cause, consistent with section 19(b)(2) of the Act,¹⁸ for approving the proposed rule change prior to the thirtieth day after publication of notice thereof in the **Federal Register**.

V. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹⁹ that the proposed rule change (SR-Phlx-2006-27), which institutes the pilot program through May 27, 2007, is hereby approved on an accelerated basis.

¹⁶ In approving this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).
