

Barbara E. Tillman, Director, Office of AD/CVD Operations 6; *Re: Notice of Correction to the Federal Register Notice for the Preliminary Results of the Administrative Review for Hot-Rolled Carbon Steel Flat Products from Japan*, dated March 9, 2006, the language in the *Preliminary Results* stating that the request for review for this POR came from both Nucor Corporation (Nucor) and Ispat Inland Inc. was incorrect. The language in the *Preliminary Results* should have stated that the review had been requested solely by Nucor. This oversight does not in any way affect the margin in this review.

We determine that the following dumping margins exist for the period June 1, 2004, through May 31, 2005:

Manufacturer/Exporter	Margin (percent)
JFE Steel Corporation	40.26
Kawasaki Steel Corporation	40.26

Duty Assessment

The Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries, pursuant to 19 CFR § 351.212(b). We will direct CBP to assess the dumping rate listed above against all subject merchandise manufactured or exported by JFE or Kawaskai, and entered or withdrawn from warehouse for consumption during the POR. The Department will issue appropriate assessment instructions directly to CBP within 15 days of publication of these final results of review.

Cash Deposit Requirements

The following cash deposit rates will be effective with respect to all shipments of hot-rolled steel from Japan entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results, as provided for by section 751(a)(1) of the Act: (1) for JFE and Kawasaki, the cash deposit rate shall be 40.26 percent (the AFA rate from the *129 Determination*); (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate established for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the LTFV investigation, but the manufacturer is, the cash deposit rate will continue to be the rate established for the most recent period for the manufacturer of the subject merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered by this review, a prior review, or the LTFV investigation, the

cash deposit rate shall be the all others rate established in the section 129 redetermination of the LTFV investigation, which is 22.92 percent. *See 129 Determination*. These deposit rates, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification To Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR § 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR § 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation that is subject to sanction.

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: May 24, 2006.

David M. Spooner,

Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE

International Trade Administration

[A-570-901]

Notice of Amended Preliminary Determination of Sales at Less Than Fair Value: Certain Lined Paper Products from the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: June 1, 2006.

SUMMARY: On April 17, 2006, the Department of Commerce ("the Department") published in the **Federal**

Register our notice of preliminary determination of sales at less than fair value. We are amending our preliminary determination to correct ministerial errors discovered with respect to the antidumping duty margin calculation for Shanghai Lian Li Paper Product Co. Ltd. ("Lian Li"). This correction also affects the margin applied to companies for which the Department preliminarily granted separate-rate status.

FOR FURTHER INFORMATION CONTACT: Marin Weaver or Frances Veith, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC, 20230; telephone: (202) 482-2336 or 482-4295, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 17, 2006, we published in the **Federal Register** the preliminary determination that certain lined paper products from the People's Republic of China (PRC) are being, or are likely to be, sold in the United States at less than fair value (LTFV), as provided in section 733 of the Tariff Act of 1930, as amended ("the Act"). *See Preliminary Determination of Sales at Less Than Fair Value, Affirmative Critical Circumstances, In Part, and Postponement of Final Determination: Certain Lined Paper Products from the People's Republic of China*, 71 FR 16965 (April 17, 2006).

On April 17, 2006, Watanabe Paper Product (Shanghai) Co., Ltd. ("Watanabe Shanghai"); Hotrock Stationery (Shenzhen) Co. ("Watanabe Shenzhen"); and Watanabe Paper Product (Linqing) Co., Ltd. ("Watanabe Linqing"), collectively (the "Watanabe Group"), filed timely allegations of significant ministerial errors contained in the Department's preliminary determination. On April 18, 2006, the following parties also filed timely allegations of significant ministerial errors: the Association of American School Paper Suppliers and its individual members (MeadWestvaco Corporation; Norcom, Inc.; and Top Flight, Inc.) ("Petitioner"), Shanghai Pudong Wenbao Paper Products Factory ("Wenbao Paper"), Shanghai Glistar Paper Products Co., Ltd. ("Shanghai Glistar"), Linqing Glistar Paper Products Co., Ltd. ("Linqing Glistar"), and Paperline Limited ("Paperline") (collectively "Wenbao"), and Maxleaf Stationery Ltd. After reviewing the allegations, we have determined that the preliminary determination included significant ministerial errors. Therefore,

in accordance with 19 CFR 351.224(e), we have made changes, as described below, to the preliminary determination.

Scope of Investigation

The scope of this investigation includes certain lined paper products, typically school supplies,¹ composed of or including paper that incorporates straight horizontal and/or vertical lines on ten or more paper sheets,² including but not limited to such products as single- and multi-subject notebooks, composition books, wireless notebooks, looseleaf or glued filler paper, graph paper, and laboratory notebooks, and with the smaller dimension of the paper measuring 6 inches to 15 inches (inclusive) and the larger dimension of the paper measuring 8-3/4 inches to 15 inches (inclusive). Page dimensions are measured size (not advertised, stated, or "tear-out" size), and are measured as they appear in the product (*i.e.*, stitched and folded pages in a notebook are measured by the size of the page as it appears in the notebook page, not the size of the unfolded paper). However, for measurement purposes, pages with tapered or rounded edges shall be measured at their longest and widest points. Subject lined paper products may be loose, packaged or bound using any binding method (other than case bound through the inclusion of binders board, a spine strip, and cover wrap). Subject merchandise may or may not contain any combination of a front cover, a rear cover, and/or backing of any composition, regardless of the inclusion of images or graphics on the cover, backing, or paper. Subject merchandise is within the scope of this petition whether or not the lined paper and/or cover are hole punched, drilled, perforated, and/or reinforced. Subject merchandise may contain accessory or informational items including but not limited to pockets, tabs, dividers, closure devices, index cards, stencils, protractors, writing implements, reference materials such as mathematical tables, or printed items such as sticker sheets or miniature calendars, if such items are physically incorporated, included with, or attached to the product, cover and/or backing thereto.

Specifically excluded from the scope of this investigation are:

- unlined copy machine paper;
- writing pads with a backing

¹ For purposes of this scope definition, the actual use or labeling of these products as school supplies or non-school supplies is not a defining characteristic.

² There shall be no minimum page requirement for looseleaf filler paper.

(including but not limited to products commonly known as "tablets," "note pads," "legal pads," and "quadrille pads"), provided that they do not have a front cover (whether permanent or removable). This exclusion does not apply to such writing pads if they consist of hole-punched or drilled filler paper;

- three-ring or multiple-ring binders, or notebook organizers incorporating such a ring binder provided that they do not include subject paper;
- index cards;
- printed books and other books that are case bound through the inclusion of binders board, a spine strip, and cover wrap;
- newspapers;
- pictures and photographs;
- desk and wall calendars and organizers (including but not limited to such products generally known as "office planners," "time books," and "appointment books");
- telephone logs;
- address books;
- columnar pads & tablets, with or without covers, primarily suited for the recording of written numerical business data;
- lined business or office forms, including but not limited to: preprinted business forms, lined invoice pads and paper, mailing and address labels, manifests, and shipping log books;
- lined continuous computer paper;
- boxed or packaged writing stationary (including but not limited to products commonly known as "fine business paper," "parchment paper," and "letterhead"), whether or not containing a lined header or decorative lines;
- Stenographic pads ("steno pads"), Gregg ruled,³ measuring 6 inches by 9 inches;

Also excluded from the scope of this investigation are the following trademarked products:

- Fly™ lined paper products: A notebook, notebook organizer, loose or glued note paper, with papers that are printed with infrared reflective inks and readable only by a Fly™ pen-top computer. The product must bear the valid trademark Fly™.⁴

³ "Gregg ruling" consists of a single- or double-margin vertical ruling line down the center of the page. For a six-inch by nine-inch stenographic pad, the ruling would be located approximately three inches from the left of the book.

⁴ Products found to be bearing an invalidly licensed or used trademark are not excluded from the scope.

- Zwipes™: A notebook or notebook organizer made with a blended polyolefin writing surface as the cover and pocket surfaces of the notebook, suitable for writing using a specially-developed permanent marker and erase system (known as a Zwipes™ pen). This system allows the marker portion to mark the writing surface with a permanent ink. The eraser portion of the marker dispenses a solvent capable of solubilizing the permanent ink allowing the ink to be removed. The product must bear the valid trademark Zwipes™.⁵
- FiveStar® Advance™: A notebook or notebook organizer bound by a continuous spiral, or helical, wire and with plastic front and rear covers made of a blended polyolefin plastic material joined by 300 denier polyester, coated on the backside with PVC (poly vinyl chloride) coating, and extending the entire length of the spiral or helical wire. The polyolefin plastic covers are of specific thickness; front cover is .019 inches (within normal manufacturing tolerances) and rear cover is .028 inches (within normal manufacturing tolerances). Integral with the stitching that attaches the polyester spine covering, is captured both ends of a 1" wide elastic fabric band. This band is located 2-3/8" from the top of the front plastic cover and provides pen or pencil storage. Both ends of the spiral wire are cut and then bent backwards to overlap with the previous coil but specifically outside the coil diameter but inside the polyester covering. During construction, the polyester covering is sewn to the front and rear covers face to face (outside to outside) so that when the book is closed, the stitching is concealed from the outside. Both free ends (the ends not sewn to the cover and back) are stitched with a turned edge construction. The flexible polyester material forms a covering over the spiral wire to protect it and provide a comfortable grip on the product. The product must bear the valid trademarks FiveStar® Advance™.⁶
- FiveStar Flex™: A notebook, a notebook organizer, or binder with plastic polyolefin front and rear covers joined by 300 denier polyester spine cover extending the

⁵ Products found to be bearing an invalidly licensed or used trademark are not excluded from the scope.

⁶ Products found to be bearing an invalidly licensed or used trademark are not excluded from the scope.

entire length of the spine and bound by a 3–ring plastic fixture. The polyolefin plastic covers are of a specific thickness; front cover is .019 inches (within normal manufacturing tolerances) and rear cover is .028 inches (within normal manufacturing tolerances). During construction, the polyester covering is sewn to the front cover face to face (outside to outside) so that when the book is closed, the stitching is concealed from the outside. During construction, the polyester cover is sewn to the back cover with the outside of the polyester spine cover to the inside back cover. Both free ends (the ends not sewn to the cover and back) are stitched with a turned edge construction. Each ring within the fixture is comprised of a flexible strap portion that snaps into a stationary post which forms a closed binding ring. The ring fixture is riveted with six metal rivets and sewn to the back plastic cover and is specifically positioned on the outside back cover. The product must bear the valid trademark FiveStar Flex™.⁷

Merchandise subject to this proceeding is typically imported under headings 4820.10.2050, 4810.22.5044, 4811.90.9090 of the Harmonized Tariff Schedule of the United States (HTSUS).⁸ The tariff classifications are provided for convenience and customs purposes; however, the written description of the scope of the proceeding is dispositive.

Analysis of Alleged Significant Ministerial Errors

A ministerial error is defined in 19 CFR 351.224(f) as “an error in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other similar type of unintentional error which the Secretary

considers ministerial.” With respect to preliminary determinations, 19 CFR 351.224(e) provides that the Department “will analyze any comments received and, if appropriate, correct any significant ministerial error by amending the preliminary determination. . . .” A significant ministerial error is defined as an error, the correction of which, singly or in combination with other errors, would result in (1) a change of at least five absolute percentage points in, but not less than 25 percent of, the weighted–average dumping margin calculated in the original (erroneous) preliminary determination; or (2) a difference between a weighted–average dumping margin of zero or *de minimis* and a weighted–average dumping margin of greater than *de minimis* or vice versa. See 19 CFR 351.224(g). We have determined that the preliminary determination contained a “significant” ministerial error with respect to Lian Li. As a result, the Department is publishing this amendment to its preliminary determination pursuant to 19 CFR 351.224(e).

Amended Preliminary Determination

Because the error alleged by the petitioner regarding the margin calculation for Lian Li was significant, we have amended the preliminary margin calculation for Lian Li. See Memorandum to Wendy J. Frankel, Director, AD/CVD Operations, Office 8, from Charles Riggle, Program Manager, AD/CVD Operations, Office 8: Antidumping Duty Investigation of Certain Lined Paper Products from the People’s Republic of China: Allegations of Ministerial Errors (“Ministerial Error Memo”), dated May 17, 2006. In addition, we have amended the weighted–average dumping margin applicable to companies that were granted separate–rate status. We have also amended the Department’s preliminary determination in which we

denied separate–rate status to You–You Paper Products (Suzhou) Co., Ltd. (“You–You”) and will preliminarily grant separate–rate status to You–You because the Department overlooked documentation included in You–You’s separate–rate application. See Ministerial Error Memo; see, also, Memorandum to The File through Charles Riggle, Program Manager, AD/CVD Enforcement, Office 8, from Marin Weaver and Paul Stolz, International Trade Compliance Analysts, AD/CVD Enforcement, Office 8: Certain Lined Paper Products from the People’s Republic of China: You–You Paper Products (Suzhou) Co., Ltd. (“You–You”) Separate Rate, dated May 4, 2006.

We have not amended the preliminary determination with respect to the Watanabe Group because we found the Watanabe Group’s allegations do not meet the definition of a ministerial error as contained in 19 CFR 351.224(f). See Ministerial Error Memo. We have also not amended the preliminary determination with respect to Maxleaf or Wenbao because we found that the allegations made by Maxleaf and Wenbao do not meet the definition of a ministerial error as contained in 19 CFR 351.224(f). See Ministerial Error Memo.

Finally, although no party commented on this issue, the Department is amending its preliminary finding of negative critical circumstances with respect to Excel Sheen Limited (“Excel Sheen”). Because the Department preliminarily denied separate–rate status to Excel Sheen, Excel Sheen was considered part of the PRC entity. The Department preliminarily found affirmative critical circumstances for the PRC entity. Therefore, the Department’s preliminary finding of critical circumstances for the PRC entity includes Excel Sheen. See Ministerial Error Memo.

As a result of corrections of ministerial errors, the weighted–average dumping margins are as follows:

CERTAIN LINED PAPER PRODUCTS FROM THE PRC - WEIGHTED–AVERAGE DUMPING MARGINS

Exporter	Producer	Original Preliminary Margin (Percent)	Amended Preliminary Margin (Percent)
Watanabe Paper Product (Linqing) Co., Ltd.	Watanabe Paper Product (Linqing) Co., Ltd.	143.49	143.49
Watanabe Paper Product (Linqing) Co., Ltd.	Hotrock Stationery (Shenzhen) Co., Ltd.	143.49	143.49

The collection of bonds or cash deposits and suspension of liquidation will be revised accordingly and parties will be notified of this determination, in

accordance with section 733(d) and (f) of the Act.

International Trade Commission Notification

In accordance with section 733(f) of the Act, we have notified the International Trade Commission ("ITC")

of our amended preliminary determination. If our final determination is affirmative, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of certain lined paper products, or sales (or the likelihood of sales) for importation, of the subject merchandise within 45 days of our final determination.

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.224(e).

Dated: May 19, 2006.

David M. Spooner,

Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 051606B]

Endangered Species; File No. 1556

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Issuance of permit.

SUMMARY: Notice is hereby given that the Commonwealth of the Northern Mariana Islands, USA (CNMI), Division of Fish and Wildlife, [Sylvan Igisomar, responsible official] P.O. Box 10007, Saipan, Mariana Islands, 96950 has been issued a permit to take green (*Chelonia mydas*) and hawksbill (*Eretmochelys imbricata*) sea turtles for purposes of scientific research.

ADDRESSES: The permit and related documents are available for review upon written request or by appointment in the following office(s):

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301)713-2289; fax (301)427-2521; and

Pacific Islands Region, NMFS, 1601 Kapiolani Blvd., Rm 1110, Honolulu, HI 96814-4700; phone (808)973-2935; fax (808)973-2941.

FOR FURTHER INFORMATION CONTACT: Kate Swails or Patrick Opay (301)713-2289.

SUPPLEMENTARY INFORMATION: On February 24, 2006 notice was published in the **Federal Register** (71 FR 9524) that a request for a scientific research permit to take green and hawksbill sea turtles had been submitted by the above-named organization. The requested permit has been issued under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 et seq.) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

The CNMI Division of Fish and Wildlife will perform sea turtle surveys in the waters of the Northern Mariana Islands, USA. The project will consist of shoreline/cliff line assessments, in-water tow dive assessments, and the hand capture of sea turtles. Turtles will be handled, measured, photographed, tissue-sampled, flipper tagged, passive integrated transponder tagged, and released. A subset of the turtles will be satellite tagged. The applicant will capture up to 100 green and 40 hawksbill sea turtles annually. The permit is issued for five years.

Issuance of this permit, as required by the ESA, was based on a finding that such permit (1) Was applied for in good faith, (2) will not operate to the disadvantage of such endangered or threatened species, and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

Dated: May 24, 2006.

P. Michael Payne,

Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.
