Applications are completed by Federal, State, or local governmental agencies; Tribal governments; and non-profit organizations. The application information is collected electronically via the online Grant system and used to determine project eligibility. We are seeking approval from OMB for the forms used to collect the application information and used on <http://www.grants.gov>. SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption for a 2-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption." The statute also allows the Agency to renew exemptions at the end of the 2-year period. The forty-seven individuals listed in this Notice have recently requested an exemption from the diabetes prohibition in 49 CFR 391.41(b)(3), which applies to drivers of CMVs in interstate commerce. Accordingly, the Agency will evaluate the qualifications of each applicant to determine whether granting the exemption will achieve the required level of safety mandated by the statute.
