1. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Hospital Reporting Initiative—Hospital Quality Measures; *Use:* The recently enacted section 5001(a) of the Deficit Reduction Act (DRA) sets out new requirements for the Reporting Hospital Quality Data for Annual Payment Update (RHQDAPU) program. The RHQDAPU program was established to implement section 501(b) of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA). The DRA builds on our ongoing voluntary Hospital Quality Initiative, which is intended to empower consumers with quality of care information to make more informed decisions about their health care, while also encouraging hospitals and clinicians to improve the quality of care provided to Medicare beneficiaries. The DRA revises the current hospital reporting initiative by stipulating new data collection requirements. The law provides a 2.0 percent reduction in points to the update percentage increase for any hospital that does not submit the quality data in the form, and manner, and at a time, specified by the Secretary. The Act also requires that we expand the “starter set” of 10 quality measures that we have used since 2003. To comply with these new requirements we must make changes to the Hospital Reporting Initiative. *Form Number:* CMS-10109 (OMB#: 0938-0918); *Frequency:* Recordkeeping, third party disclosure, and reporting—quarterly; *Affected Public:* State, Local or Tribal Government; *Number of Respondents:* 3,700; *Total Annual Responses:* 14,800; *Total Annual Hours:* 484,560.
