[Docket Number 2006-24995]

Requested Administrative Waiver of the Coastwise Trade Laws

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel PHOENIX.

SUMMARY: As authorized by Public Law 105-383 and Public Law 107-295, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below. The complete application is given in DOT docket 2006-24995 at <http://dms.dot.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with Public Law 105-383 and MARAD's regulations at 46 CFR part 388 (68 FR 23084; April 30, 2003), that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state

the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR part 388.

DATES: Submit comments on or before July 10, 2006.

ADDRESSES: Comments should refer to docket number MARAD-2006-24995. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. DOT Dockets, Room PL-401, Department of Transportation, 400 7th St., SW., Washington, DC 20590-0001. You may also send comments electronically via the Internet at <http://dmses.dot.gov/submit/>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10 a.m. and 5 p.m., E.T., Monday through Friday, except Federal holidays. An electronic version of this document and all documents entered into this docket is available on the World Wide Web at <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT:

Joann Spittle, U.S. Department of Transportation, Maritime Administration, MAR-830 Room 7201, 400 Seventh Street, SW., Washington, DC 20590. Telephone 202-366-5979.

SUPPLEMENTARY INFORMATION: As described by the applicant the intended service of the vessel PHOENIX is:

Intended Use: "The primary intended use of the vessel is for marine research. The vessel may also be used for incidental commercial passenger operations."

Geographic Region: The Gulf of Mexico region, including the states of Florida, Alabama, Mississippi, Louisiana and Texas, with also potential visits to the U.S. territories, including the Virgin Islands and Puerto Rico.

Dated: June 5, 2006.

By order of the Maritime Administrator.

Joel C. Richard,

Secretary, Maritime Administration.

BILLING CODE 4910-81-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA 2006-24323; Notice 2]

Volkswagen of America Inc., Grant of Petition for Decision of Inconsequential Noncompliance

Volkswagen of America Inc. (Volkswagen) has determined that the designated seating capacity placards on certain vehicles that it produced in 2005

and 2006 do not comply with S4.3(b) of 49 CFR 571.110, Federal Motor Vehicle Safety Standard (FMVSS) No. 110, "Tire selection and rims." Pursuant to 49 U.S.C. 30118(d) and 30120(h), Volkswagen has petitioned for a determination that this noncompliance is inconsequential to motor vehicle safety and has filed an appropriate report pursuant to 49 CFR Part 573, "Defect and Noncompliance Reports." Notice of receipt of a petition was published, with a 30-day comment period, on April 7, 2006, in the **Federal Register** (71 FR 17953). NHTSA received no comments.

Affected are a total of approximately 39 Phaeton vehicles produced between May 22, 2005 and March 8, 2006. S4.3(b) of FMVSS No. 110 requires that a "placard, permanently affixed to the glove compartment door or an equally accessible location, shall display the * * * [d]esignated seating capacity." The noncompliant vehicles have placards stating that the seating capacity is five when in fact the seating capacity is four. Volkswagen has corrected the problem that caused these errors so that they will not be repeated in future production.

Volkswagen believes that the noncompliance is inconsequential to motor vehicle safety and that no corrective action is warranted. Volkswagen states that consumers will look at the number of seats and safety belts to determine the vehicle's capacity. Volkswagen explains that although the rear seat capacity on the placard states three, the vehicles have only two rear seats, and the space that would be occupied by a middle-occupant position contains a center console.

Volkswagen further states that, because the rear seats do not accommodate three people, the seating capacity labeling error has no impact on the vehicle capacity weight, recommended cold tire inflation pressure, or recommended size designation information. Also, Volkswagen says that it is impossible to overload the rear seat by relying on the incorrect designated seating capacity information.

NHTSA agrees with Volkswagen that the noncompliance is inconsequential to motor vehicle safety. Although the placard states a rear seat capacity of three, a consumer can easily determine the seating capacity by looking at the number of rear seats and occupant restraints, which clearly indicate a seating capacity of two with a center console. Further, the mislabeling does not affect the vehicle capacity weight, recommended cold tire inflation
