Agency Recordkeeping/Reporting Requirements Under Emergency Review by the Office of Management and Budget (OMB)

Title: Court Improvement Program New Grants.

OMB No.: New Collection.

Description: The President signed the Deficit Reduction Act of 2005, Public Law 109-171, into law on February 8, 2006. The law authorizes and appropriates funds for two new grants under the Court Improvement Program under title IV-B, section 438 of the Social Security Act. The highest State

court in a State with an approved title IV-E plan is eligible to apply for either or both of the new grants. The new grants are for the purposes of: (1) Ensuring that the needs of children are met in a timely and complete manner through improved case tracking and analysis of child welfare cases, and (2) training judges, attorneys and other legal personnel in child welfare cases and conducting cross-training with child welfare agency staff and contractors.

The statute requires separate applications for these two new grants. The annual burden estimates below describe the estimated burden for each of the new grants. ACF proposes to collect information from the State about their work under these grants (applications, program reports) by way of a Program Instruction, which will be issued by June 14, 2006. This Program Instruction will describe the programmatic and fiscal provisions and reporting requirements for each of the grants, specify the application submittal and approval procedures for the grants for fiscal years 2006 through 2010 and identify technical resources for use by State courts during the course of the grants. The agency will use the information received to ensure compliance with the statute and provide training and technical assistance to the grantees.

Respondents: State Courts.
