

preferred alternative would result in the reduction of overall residential density within the permit area.

All avoidance, minimization, and mitigation measures for ABM protection provided in the ITP (as described in Alternative 1) would be maintained under this alternative. In addition, the permittee proposes other modifications to the current amended HCP that would reduce habitat impacts for ABM, as well as additional measures to protect sea turtles. The permittee would evaluate the escarpment prior to construction and retain the greatest amount of escarpment possible in the construction of the condominium building. The number of dune walkovers would be reduced from four to two. One of the two remaining dune walkovers would have to be larger than originally proposed under the Amendment to the ITP, based on more recent communication from the Fort Morgan Volunteer Fire Department requesting that additional beach access be provided for life safety issues. The impacts of the dune walkovers on critical habitat would be reduced from approximately 8000 square feet to approximately 5000 square feet. Lighting restrictions and other measures required by the Service would also be incorporated to address protected species that were not included in the original ITP.

**Authority:** This notice is provided pursuant to section 10 of the Act and National Environmental Policy Act regulations at 40 CFR 1506.6.

Dated: May 24, 2006.

**Cynthia K. Dohner,**

*Acting Regional Director.*

## DEPARTMENT OF THE INTERIOR

### Geological Survey

#### Scientific Earthquake Studies Advisory Committee

**AGENCY:** U.S. Geological Survey.

**ACTION:** Notice of meeting.

**SUMMARY:** Pursuant to Public Law 106-503, the Scientific Earthquake Studies Advisory Committee (SESAC) will hold its thirteenth meeting. The meeting location is the Colorado School of Mines campus at the Green Center in Golden Colorado. The Green Center is located between 15th & 16th on Arapahoe (925 16th Street). The Committee is comprised of members from academia, industry, and State government. The Committee shall advise the Director of the U.S. Geological Survey (USGS) on

matters relating to the USGS's participation in the National Earthquake Hazards Reduction Program.

The Committee will provide guidance on how to move from hazard assessment into risk-based products developed with partners.

Meetings of the Scientific Earthquake Studies Advisory Committee are open to the public.

**DATES:** July 6, 2006, commencing at 9 a.m. and adjourning at Noon on July 7, 2006.

**FOR FURTHER INFORMATION CONTACT:** Dr. David Applegate, U.S. Geological Survey, MS 905, 12201 Sunrise Valley Drive, Reston, Virginia 20192. (703) 648-6714. [applegate@usgs.gov](mailto:applegate@usgs.gov).

Dated: June 6, 2006.

**Frances Pierce,**

*Acting Associate Director for Geology.*

## DEPARTMENT OF THE INTERIOR

### National Park Service

#### 60-Day Notice of Intention To Request Clearance of Collection Information; Opportunity for Public Comment

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice and request for comments.

**SUMMARY:** Under the provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C., chapter 3507) and 5 CFR part 1320, Reporting and Recordkeeping Requirements, the National Park Service (NPS) invites public comments on an extension of a currently approved information collection (OMB #1024-0064).

**DATES:** Comments on this notice must be received by August 14, 2006.

**ADDRESSES:** Send comments to: Edward O. Kassman, Jr., Regulatory Specialist, Planning, Evaluation & Permits Branch, Geologic Resources Division, National Park Service, P.O. Box 25287, Lakewood, Colorado 80225. E-mail: [Edward\\_Kassman@nps.gov](mailto:Edward_Kassman@nps.gov). To request copies of the regulations contact: Edward O. Kassman, Jr. at the above address. The information collection may be viewed on-line at: [http://www2.nature.nps.gov/geology/mining/9a\\_text.htm](http://www2.nature.nps.gov/geology/mining/9a_text.htm) and [http://www2.nature.nps.gov/geology/oil\\_and\\_gas/9b\\_text.htm](http://www2.nature.nps.gov/geology/oil_and_gas/9b_text.htm).

**FOR FURTHER INFORMATION CONTACT:** Edward O. Kassman, Jr., at 303-969-2146.

**SUPPLEMENTARY INFORMATION:**

**Title:** NPS/Minerals Management Program/Mining Claims and Non-Federal Oil and Gas Rights.

**OMB Number:** 1024-0064.

**Expiration Date:** August 31, 2006.

**Type of Request:** Revision of a currently approved information collection.

**Description of Need:** The NPS regulates mineral development activities inside park boundaries on mining claims and on non-Federal oil and gas rights under regulations codified at 36 CFR part 9, subpart A ("9A regulations"), and 36 CFR part 9, subpart B ("9B Regulations"), respectively. The NPS promulgated both sets of regulations in the late 1970's. In the case of mining claims, the NPS promulgated the 9A regulations pursuant to congressional authority granted under the Mining in the Parks Act of 1976, 16 U.S.C. 1901 *et seq.*, and individual park enabling statutes. For non-Federal oil and gas rights, the NPS regulates development activities pursuant to authority under the NPS Organic Act of 1916, 16 U.S.C. 1 *et seq.*, and individual enabling statutes. As directed by Congress, the NPS developed the regulations in order to protect park resources and visitor values from the adverse impacts associated with mineral development in park boundaries. NPS specifically requests comments on: (1) The need for information including whether the information has practical utility; (2) the accuracy of the reporting burden hour estimates; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of information collection on respondents, including the use of automated collection techniques or other forms of information technology.

It is the practice of the NPS to make all comments, including names and addresses of respondents who provide that information, available for public review following the conclusion of the NEPA process. Individuals may request that the NPS withhold their name and/or address from public disclosure. If you wish to do this, you must state this prominently at the beginning of your comments. Commentators using the Web site can make such a request by checking the box "keep my information private." NPS will honor such requests to the extent allowable by law, but you should be aware that NPS may still be required to disclose your name and address pursuant to the Freedom of Information Act.

**Description of Respondents:** ¼ medium to large publicly owned companies and ¾ private entities.
