BILLING CODE 1505-01-D

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

7 CFR Parts 360 and 361

[Docket No. APHIS-2006-0019]

Noxious Weeds; South African Ragwort and Madagascar Ragwort

AGENCY: Animal and Plant Health Inspection Service, USDA.

¹ MB=methyl bromide; NAP=normal atmospheric pressure.

ACTION: Interim rule and request for comments.

SUMMARY: We are amending the noxious weed and imported seed regulations by adding South African ragwort (*Senecio inaequidens* DC.) and Madagascar ragwort (*Senecio madagascariensis* Poir.) to the list of terrestrial noxious weeds and to the list of seeds with no tolerances applicable to their introduction. This action is necessary to prevent the artificial spread of these noxious weeds into the United States.

DATES: This interim rule is effective June 14, 2006. We will consider all comments that we receive on or before August 21, 2006.

ADDRESSES: You may submit comments by either of the following methods:

- Federal eRulemaking Portal: Go to <http://www.regulations.gov> and, in the lower "Search Regulations and Federal Actions" box, select "Animal and Plant Health Inspection Service" from the agency drop-down menu, then click on "Submit." In the Docket ID column, select APHIS-2006-0019 to submit or view public comments and to view supporting and related materials available electronically. Information on using [Regulations.gov](http://www.regulations.gov), including instructions for accessing documents, submitting comments, and viewing the docket after the close of the comment period, is available through the site's "User Tips" link.

- Postal Mail/Commercial Delivery: Please send four copies of your comment (an original and three copies) to Docket No. APHIS-2006-0019, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. APHIS-2006-0019.

Reading Room: You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

Other Information: Additional information about APHIS and its programs is available on the Internet at <http://www.aphis.usda.gov>.

FOR FURTHER INFORMATION CONTACT: Dr. Alan V. Tasker, Noxious Weeds Program Coordinator, Invasive Species and Pest Management, PPQ, APHIS, 4700 River Road Unit 134, Riverdale, MD 20737-1237; (301) 734-5225.

SUPPLEMENTARY INFORMATION:

Background

The Plant Protection Act (PPA, 7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to prohibit or restrict the importation, entry, exportation, or movement in interstate commerce of any plant, plant product, biological control organism, noxious weed, article, or means of conveyance if the Secretary determines that the prohibition or restriction is necessary to prevent the introduction of a plant pest or noxious weed into the United States or the dissemination of a plant pest or noxious weed within the United States.

The PPA defines "noxious weed" as "any plant or plant product that can directly or indirectly injure or cause damage to crops (including nursery stock or plant products), livestock, poultry or other interests of agriculture, irrigation, navigation, the natural resources of the United States, the public health, or the environment." The PPA also provides that the Secretary may publish, by regulation, a list of noxious weeds that are prohibited or restricted from entering the United States or that are subject to restrictions on interstate movement within the United States. Under this authority, the Animal and Plant Health Inspection Service (APHIS) administers the noxious weeds regulations in 7 CFR part 360, which prohibit or restrict the importation and interstate movement of those plants that are designated as noxious weeds in § 360.200.

Under the authority of the Federal Seed Act (FSA) of 1939, as amended (7 U.S.C. 1551 *et seq.*), the U.S. Department of Agriculture regulates the importation and interstate movement of certain agricultural and vegetable seeds and screenings. Title III of the FSA, "Foreign Commerce," requires shipments of imported agricultural and vegetable seeds to be labeled correctly and to be tested for the presence of the seeds of certain noxious weeds as a condition of entry into the United States. APHIS' regulations implementing the provisions of title III of the FSA are found in 7 CFR part 361. A list of noxious weed seeds is contained in § 361.6. Paragraph (a)(1) of § 361.6 lists species of noxious weed seeds with no tolerances applicable to their introduction into the United States.

APHIS lists in its regulations only those weeds that meet the international definition of a quarantine pest, i.e., "a pest of potential economic importance to the area endangered thereby and not yet present there, or present but not widely distributed and being officially
