FOR FURTHER INFORMATION CONTACT: To request additional information about this information collection request or the related forms, contact Hope Grey at one at the addresses above or by telephone at (703) 358-2482.

SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR part 1320, which implement provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), require that interested members of the public and affected agencies have

an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d)). We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

The Endangered Species Act (16 U.S.C. 1531 et seq.) makes it unlawful to import or export fish, wildlife, or plants without filing a declaration or report deemed necessary for enforcing the Act or upholding the Convention on International Trade in Endangered Species (CITES) (see 16 U.S.C. 1538(e)). Any business or individual importing into or exporting from the United States any fish, wildlife, or wildlife product must complete FWS Form 3-177 (Declaration for Importation or Exportation of Fish or Wildlife). This form as well as FWS Form 3-177a (Continuation Sheet) and instructions for completion are available for electronic submission at <https://edecs.fws.gov>.

The information that we collect is unique to each wildlife shipment and enables us to accurately inspect the contents of the shipment; enforce any regulations that pertain to the fish, wildlife, or wildlife products contained in the shipment; and maintain records of the importation and exportation of these commodities. Additionally, since the United States is a member of CITES, we compile much of the collected information in an annual report that we forward to the CITES Secretariat in Geneva, Switzerland. Submission of an annual report on the number and types of imports and exports of fish, wildlife, and wildlife products is one of our treaty obligations under CITES. We also use the information obtained from FWS Form 3-177 as an enforcement tool and management aid in monitoring the international wildlife market and detecting trends and changes in the commercial trade of fish, wildlife, and wildlife products. Our Division of Scientific Authority and Division of Management Authority use this information to assess the need for additional protection for native species. In addition, nongovernmental organizations, including the commercial wildlife community, request information from us that we obtain from FWS Form 3-177.

Businesses or individuals must file FWS Form 3-177 with us at the time and port where they request clearance of the import or export of wildlife or wildlife products. In certain instances, FWS Form 3-177 may be filed with U.S. Customs and Border Protection. The standard information collection
