Title: Bus Testing Program.

OMB Control No.: 2132-0550.

Background: 49 U.S.C. 5323(c)

provides that no Federal funds appropriated or made available after September 30, 1989, may be obligated or expended for the acquisition of a new bus model (including any model using alternative fuels) unless the bus has been tested at the Bus Testing Center (Center) in Altoona, Pennsylvania. 49 U.S.C. 5318(a) further specifies that each new bus model is to be tested for maintainability, reliability, safety, performance (including braking performance), structural integrity, fuel economy, emissions, and noise.

The operator of the Bus Testing Center, the Pennsylvania Transportation Institute (PTI), has entered into a cooperative agreement with FTA. PTI operates and maintains the Center, and establishes and collects fees for the testing of the vehicles at the facility. Upon completion of the testing of the vehicle at the Center, a test report is provided to the manufacturer of the new bus model. The bus manufacturer certifies to an FTA grantee that the bus the grantee is purchasing has been tested at the Center. Also, grantees about to purchase a bus use this report to assist them in making their purchasing decisions. PTI maintains a reference file for all the test reports which are made available to the public.

Respondents: Bus manufacturers.

Estimated Annual Burden on

Respondents: 30 testing determinations @ 3 hours each; 18 tests @ 3 hours each; and 520 requirements @ 0.5 hours each.

Estimated Total Annual Burden: 404 hours.

Frequency: On occasion.

In carrying out the provisions of this section, the Secretary is also authorized to request and receive

appropriate information from any source.

The information collected is submitted as part of the application for grants and cooperative agreements and is used to determine eligibility of applicants. Collection of this information also provides documentation that the applicants and recipients are meeting program objectives and are complying with FTA Circular 6100.1B and other federal requirements.

Respondents: FTA grants recipients.

Estimated Annual Burden on Respondents: 56 hours for each of the 200 respondents.

Estimated Total Annual Burden: 11,240 hours.
