DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

June 27, 2006.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *OIRA_Submission@OMB.EOP.GOV* or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to

the collection of information unless it displays a currently valid OMB control number.

Forest Service

Title: Health Screening Questionnaire.

OMB Control Number: 0596-0164.

Summary of Collection: The Protection Act of 1922 (16 U.S.C. 594) authorizes the Forest Service to fight fires on National Forest System lands. Individuals must complete the Health Screening Questionnaire (HSQ) when seeking employment as a new firefighter with the Forest Service or recertification as a Forest Service firefighter. Potential applicants are to complete forms FS-5100-30, Work Capacity Test and FS-5100-31, Health Screening Questionnaire, which are necessary to obtain their health screening information.

Need and Use of the Information: FS will collect information to determine whether an individual being considered for a position in Wildland Firefighting can carry out those duties in a manner that will not place the candidate unduly at risk due to inadequate physical fitness and health. If the information is not collected, the Government's liability risk is high, special needs of one individual may not be known, or the screening of an applicant's physical suitability would be greatly inhibited.

Description of Respondents:

Individuals or households; Federal Government.

Number of Respondents: 1,500.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 250.

performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *OIRA_Submission@OMB.EOP.GOV* or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Food Safety and Inspection Service

Title: Application for Return of Exported Product.

OMB Control Number: 0583-NEW.

Summary of Collection: The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary as provided in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601 *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451 *et seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031 *et seq.*). These statutes mandate that FSIS protect the public by ensuring that meat and poultry products are safe, wholesome, unadulterated, and properly labeled and packaged. In accordance with 9 CFR 327.17, 381.209, and 590.965, exported products returned to this country are exempt from FSIS import inspection requirements upon notification to and approval from the Agency's Office of International Affairs (OIA). Returned product may, however, require re-inspection at a federally inspected

facility for food safety and food defense determinations.

Need and Use of the Information: FSIS will collect information using FSIS form 9010-1, "Application for the Return of Exported Products to the United States." The purpose of the form is to allow OIA to decide whether re-inspection of the returned product is needed and to notify the appropriate FSIS office where to perform the re-inspection of the product, if necessary.

Description of Respondents: Business or other for-profit.

Number of Respondents: 500.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 8,333.

Animal and Plant Health Inspection Service

Title: Tuberculosis, TB in Cattle, Bison, and Goats.

OMB Control Number: 0579-0146.

Summary of Collection: The United States Department of Agriculture is responsible for, among other things preventing the interstate spread of pests and diseases of livestock within the United States and for conducting eradication programs. In connection with this mission, the Animal and Plant Health Inspection Service (APHIS) participates in the Cooperative State-Federal Bovine Tuberculosis Eradication Program, which is a national program to eliminate bovine tuberculosis from the United States. The tuberculosis regulations, contained in 9 CFR part 77, provide several levels of tuberculosis risk classifications to be applied to States and zones within States, and classify States and zones according to their tuberculosis risk. The zoning, testing and movement activities will require the use of several information collection activities.

Need and Use of the Information: APHIS will collect the following information: (1) Submission of a formal request that a zone within a given State is given a different tuberculosis status than the rest of the State, (2) an epidemiological review of reports of all testing for all zones within the State within 30 days of testing, (3) the submission of an annual report to APHIS in order to qualify for renewal of accredited free State or zone status, (4) the completion of a certificate of tuberculin test that must accompany certain regulated animals that are moved interstate, (5) the retention, for 2 years of any certificates documenting the movement of regulated animals into and out of zones; and (6) the creation of a tuberculosis herd management plan as a tool for eradicating the disease within a State or zone. Without the information APHIS would not be able to operate an effective tuberculosis surveillance, containment, and eradication program.

Description of Respondents: Business or other for-profit; Farms; State, Local or Tribal Government.

Number of Respondents: 200.
