

editorial comments about certain data items. The other agencies published a separate **Federal Register** notice on June 19, 2006 (71 FR 35325) and will each separately submit their SAR information collection to OMB.

Several commenters suggested that the agencies provide a test site for filing electronic submissions. Due to time constraints, FinCEN is unable to provide a test site; however, respondents will have a six-month transition period before being required to use the revised reporting form for submitting data.

Two commenters stated that the overall burden estimate appeared to be low even though it was increased from thirty minutes to one hour. One commenter specifically noted that the burden estimate did not account for regulatory compliance, fraud detection, and mitigation. While important, these regulatory requirements are outside the scope of the burden calculation required by the Paperwork Reduction Act. The agencies, however, continue to welcome comments from the industry and would reevaluate and make adjustments to the burden, as appropriate.

Several commenters expressed concern over the new format of the reporting form and whether it would cause important information to be omitted by respondents. The agencies rearranged data items on the reporting form, per law enforcement request, to improve the usefulness of the data. Also, additional clarifications were included in the instructions to provide respondents with better guidance on how to submit the revised data.

Board of Governors of the Federal Reserve System, June 28, 2006.

**Jennifer J. Johnson,**

*Secretary of the Board.*

## FEDERAL RESERVE SYSTEM

### Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center website at <http://www.ffiec.gov/nic/>.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than July 28, 2006.

**A. Federal Reserve Bank of New York** (Anne McEwen, Financial Specialist) 33 Liberty Street, New York, New York 10045-0001:

1. *The Toronto—Dominion Bank*, Toronto, Ontario, Canada; and TD Banknorth Inc., Portland, Maine; to acquire shares of Interchange Financial Services Corporation, and thereby indirectly acquire Interchange Bank, both of Saddle Brook, New Jersey.

**B. Federal Reserve Bank of St. Louis** (Glenda Wilson, Community Affairs Officer) 411 Locust Street, St. Louis, Missouri 63166-2034:

1. *Cross County Bancshares, Inc.*, Wynne, Arkansas; to acquire 6.6 percent of the voting shares of Pinnacle Bancshares, Inc., and thereby indirectly acquire Pinnacle Bank, both in Bentonville, Arkansas.

2. *Lonoke Bancshares, Inc.*, Lonoke, Arkansas; to acquire 6.6 percent of the voting shares of Pinnacle Bancshares, Inc., and thereby indirectly acquire Pinnacle Bank, both in Bentonville, Arkansas.

3. *Pinnacle Bancshares Inc.*, Bentonville, Arkansas; to become a bank holding company by acquiring 100 percent of the voting shares of Pinnacle Bank, Bentonville, Arkansas.

4. *German American Bancorp, Inc.*, Jasper, Indiana; to acquire 100 percent of the voting shares of German American Bancorp, Jasper, Indiana (in organization).

Board of Governors of the Federal Reserve System, June 28, 2006.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Office of the Secretary

#### Findings of Research Misconduct

**AGENCY:** Office of the Secretary, HHS.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the Office of Research Integrity (ORI) and the Assistant Secretary for Health have taken final action in the following case:

*Lingjie Zhao, University of Iowa:* Based on the investigation reports drafted by the University of Iowa (UI) and additional analysis conducted by ORI in its oversight review, the U.S. Public Health Service (PHS) found that Lingjie Zhao, former Doctoral Student, UI, engaged in research misconduct. The research was supported by National Cancer Institute (NCI), National Institutes of Health (NIH), grant P01 CA66081.

PHS found that Ms. Zhao engaged in research misconduct by falsifying research records included in: (a) A manuscript submitted for publication in *Cancer Research*, (b) drafts of her work reported in the laboratory, and (c) drafts of her work reported to her dissertation committee. Specifically, PHS found:

1. That Ms. Zhao darkened with a marking device the thioredoxin (Trx) band of Lanes 1 and 2 on the autoradiographic film that was to become part of Figure 9 of the manuscript.

2. That Ms. Zhao (a) falsified this same original film of the western blot by darkening Lanes 1, 2, 4, and 5 with a marking device at the *origin* of the gel and (b) further falsified Figure 9 of the *Cancer Research* manuscript by claiming falsely that these marked bands were thioredoxin reductase (TR) untreated and with mismatch oligodeoxynucleotide in the presence and absence of tumor necrosis factor alpha.

3. That Ms. Zhao falsified the glutathione reductase (GR) activity data in either Figure 4 or Figure 9 of the *Cancer Research* manuscript (the data are identical but stated to be from entirely different experimental conditions).

4. That Ms. Zhao falsified the actin data in either Figure 4 or Figure 9 of the *Cancer Research* manuscript or in the experiments simultaneously using Prx III-As and Phospholipid hydroperoxidase-As reported in slide presentations (the actin data are identical under 3 entirely different experimental conditions).

5. That Ms. Zhao falsified the manganese superoxide dismutase (MnSOD) data in either Figure 1A or Figure 4 of the *Cancer Research* manuscript (these MnSOD data are identical while being clearly described as coming from different experiments).

6. That Ms. Zhao falsified the MnSOD data in Figure 2 of the *Cancer Research* manuscript by enhancing with a marking device Lanes 6 and 7, mismatch and antisense Prx oligos at 3 days of incubation (unmarked, Prx III-As decreased the expression of MnSOD).

Ms. Zhao has entered into a Voluntary Exclusion Agreement in which she has voluntarily agreed, for a period of three (3) years, beginning on June 3, 2006:

(1) To exclude herself from any contracting or subcontracting with any agency of the United States Government and from eligibility or involvement in

nonprocurement programs of the United States Government as defined in the debarment regulations at 45 CFR part 76;

(2) To exclude herself from serving in any advisory capacity to PHS including, but not limited, to service on any PHS advisory committee, board, and/or peer review committee, or as consultant.

**FOR FURTHER INFORMATION CONTACT:** Director, Division of Investigative Oversight, Office of Research Integrity, 1101 Wootton Parkway, Suite 750, Rockville, MD 20852. (240) 453-8800.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Agency for Healthcare Research and Quality

#### Agency Information Collection Activities: Proposed Collection; Comment Request

**AGENCY:** Agency for Healthcare Research and Quality, Department of Health and Human Services.

**ACTION:** Notices.

**SUMMARY:** This notice announced the intention of the Agency for Healthcare Research and Quality (AHRQ) to request that the Office of Management and Budget (OMB) allow the proposed information collection project: "Eisenberg Center Voluntary Customer Survey Generic Clearance for the Agency for Healthcare Research and Quality." In accordance with the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)), AHRQ invites the public to comment on this proposed information collection.

**DATES:** Comments on this notice must be received by September 5, 2006.

**ADDRESSES:** Written comments should be submitted to: Doris Lefkowitz, Reports Clearance Officer, AHRQ, 540 Gaither Road, Room #5036, Rockville, MD 20850.

Copies of the proposed collection plans, data collection instruments, and specific details on the estimated burden can be obtained from AHRQ's Reports Clearance Officer.

**FOR FURTHER INFORMATION CONTACT:** Doris Lefkowitz, AHRQ, Reports Clearance Officer, (301) 427-1477.

## SUPPLEMENTARY INFORMATION:

### Proposed Project

"Eisenberg Center Voluntary Customer Survey Generic Clearance for the Agency for Healthcare Research and Quality."

AHRQ's newly-established Eisenberg Center is an innovative effort aimed at improving communication of findings to a variety of audiences ("customers"), including consumers, clinicians, payers, and health care policy makers. The Eisenberg Center, one of three components of AHRQ's Effective Health Care Program announced in September 2005, is directed through a contract by the Oregon Health and Science University, Department of Medicine, located in Portland, Oregon. The Eisenberg Center intends to employ the latest survey research techniques to (1) determine how well its products and services are meeting customers' current and anticipated needs; (2) identify problem areas with existing products and services and determine what improvements should be made to improve these products and services; and (3) identify and develop new products and services.

To address customer requirements and to evaluate current and future AHRQ products and services, the Eisenberg Center must periodically determine how well the Eisenberg Center products and services are meeting customer's' current and anticipated needs. Work conducted under this clearance will improve the products and services the Center develops for AHRQ for a three year period. The health care environment changes rapidly and requires a quick response from AHRQ to provide appropriately refined products and services. A generic clearance for this work will facilitate AHRQ's timely response to customers' needs.

### Methods of Collection

Participation in survey testing will be fully voluntary and non-participation will have not affect on eligibility for, or receipt of, future AHRQ health services research support, on future opportunities to participate in research or to obtain informative research results. Specific estimation procedures, when used, will be described when we notify OMB as to actual studies conducted under the clearance.
