POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Interactive database, computer discs, and paper records in file folders.

RETRIEVABILITY:

By an individual's name, address, social security number, and case file number.

SAFEGUARDS:

Only authorized individuals and FEMA employees have access to this information. Hardware and software computer security measures are used to control access to the data. Access to the data is based upon an individual's position in FEMA and/or their designated duties. Individuals are assigned specific "rights" or specific access (e.g., read only, modify, delete, etc.). The access granted is based upon an individual's position responsibilities for "official use" only. FEMA employees are allowed access to the data as a function of their specific job assignments within their respective organizations. Each FEMA employee's access to the data is restricted to that needed to carry out their duties.

No individual applying for disaster assistance will have access to the entire database via the Internet. Applicants will have limited access to only their own information that they submitted via the Internet, and to the status of their own information regarding the processing of their own application (e.g. the status of required documentation, inspection status, or SBA status). Applicants are provided a Logon id, password, and Personal Identification Number (PIN) that connect only to the applicant's data. The password and PIN ensures that the login id belongs to the applicant. Computer security software ensures that the login id is mapped only to the applicant's data. Applicants will have access to only their own application information after FEMA assigns them a properly authenticated user id, password, and PIN. Applicants will be registered and authenticated in accordance with National Institute of Standards and Technology Level 2 Assurance guidelines.

RETENTION AND DISPOSAL:

Records covered by paragraphs (a) through (d) are covered by Records Schedule N1-311-86-1 4C10a and are destroyed after 6 years and 3 months. Records covered by paragraph (e) are
