## SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

### In the Matter of AdZone Research, Inc.; Order of Suspension of Trading

July 5, 2006.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of AdZone Research, Inc. ("AdZone"), a Delaware corporation headquartered in Calverton, New York. Questions have arisen regarding the accuracy of assertions by AdZone, and by others, in press releases and Internet postings to investors concerning, among other things: (1) The company's contracts with two non-profit organizations, (2) the nature and extent of the orders that the company has received for the sale of licenses of its software products, and (3) the company's recent contributions to its employee Incentive Stock Plan.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed company.

Therefore, it is ordered, pursuant to section 12(k) of the Securities Exchange Act of 1934, that trading in the above-listed company is suspended for the period from 9:30 a.m. EDT, July 5, 2006, through 11:59 p.m. EDT, on July 18, 2006.

By the Commission.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-54052; File No. SR-NYSEArca-2006-29]

### Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the One Week Option Series Pilot Program

June 27, 2006.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on June 16, 2006, NYSE Arca, Inc. ("Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been substantially prepared by the Exchange. NYSE Arca has designated this proposal as non-controversial under Section 19(b)(3)(A)(iii) of the Act<sup>3</sup> and Rule 19b-4(f)(6) thereunder,<sup>4</sup> which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend NYSE Arca Rule 5.19(a)(3), "Terms of Index Option Contracts," and Commentary .07 to NYSE Arca Rule 6.4, "Series of Options Open for Trading," to extend until July 12, 2007, its pilot program for listing and trading One Week Option Series ("Pilot Program"). The text of the proposed rule change is available on the Exchange's Web site (<http://www.nysearca.com>), at the Exchange's principal office, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for,

the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

#### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

The purpose of the proposed rule change is to extend the Pilot Program for an additional year, through July 12, 2007.<sup>5</sup> The Pilot Program allows NYSE Arca to list and trade One Week Option Series, which expire one week after the date on which a series is opened. Under the Pilot Program, NYSE Arca may select up to five approved option classes on which One Week Option Series could be opened.<sup>6</sup> A series could be opened on any Friday that is a business day and would expire on the next Friday that is a business day.<sup>7</sup> If a Friday were not a business day, the series could be opened (or would expire) on the first business day immediately prior to that Friday.

For each class selected for the Pilot Program, the Exchange usually would open five One Week Option Series in that class for each expiration date. The strike price of each One Week Option Series would be fixed at a price per share, with at least two strike prices above and two strike prices below the value of the underlying security or calculated index value at about the time that the One Week Option Series is opened. NYSE Arca will not open a One

<sup>5</sup> The Commission approved the Pilot Program on July 12, 2005. See Securities Exchange Act Release No. 52013 (July 12, 2005), 70 FR 41471 (July 19, 2005) (SR-PCX-2005-32). Under NYSE Arca Rules 5.19 and 6.4, the Pilot Program is scheduled to expire on July 12, 2006.

<sup>6</sup> A One Week Option Series could be opened in any option class that satisfied the applicable listing criteria under NYSE Arca rules (*i.e.*, stock options, options on Exchange Traded Fund Shares as defined under NYSE Arca Rule 5.3, or options on indexes). The Exchange could also list and trade One Week Option Series on any option class that is selected by another exchange that employs a similar pilot program.

<sup>7</sup> One Week Option Series would be settled in the same manner as the monthly expiration series in the same class. Thus, if the monthly option contract for a particular class were A.M.-settled, as most index options are, the One Week Option Series for that class also would be A.M.-settled; if the monthly option contract for a particular class were P.M.-settled, as most non-index options are, the One Week Option Series for that class also would be P.M.-settled. Similarly, One Week Option Series for a particular class are physically settled or cash-settled in the same manner as the monthly option contract in that class.

<sup>4</sup> 17 CFR 240.19b-4(f)(6).

Week Option Series in the same week that the corresponding monthly option series is expiring, because the monthly option series in its last week before expiration is functionally equivalent to the One Week Option Series. The intervals between strike prices on a One Week Option Series would be the same as the intervals between strike prices on the corresponding monthly option series. Finally, NYSE Arca would aggregate positions in a One Week Option Series with positions in its corresponding monthly series for purposes of the Exchange's rules on position limits.

The Exchange believes that One Week Option Series can provide investors with a flexible and valuable tool to manage risk exposure, minimize capital outlays, and be more responsive to the timing of events affecting the securities that underlie option contracts. While NYSE Arca has not listed any One Week Option Series during the first year of the Pilot Program, there has been significant investor interest in trading short-term options at the Chicago Board Options Exchange ("CBOE").<sup>8</sup> To have the ability to respond to customer interest in the future, the Exchange proposes the continuation of the Pilot Program.

In the original proposal to establish the Pilot Program, the Exchange stated that if it were to propose an extension, expansion, or permanent approval of the program, the Exchange would submit, along with any filing proposing such amendments to the program, a report providing an analysis of the Pilot Program covering the entire period during which the Pilot Program was in effect.<sup>9</sup> Since the Exchange did not list any One Week Options Series during the first year of the Pilot Program, there is no data available to compile such a report at this time. Therefore, the Exchange did not submit a report with its proposal to extend the Pilot Program.

## 2. Statutory Basis

The Exchange believes that One Week Option Series could stimulate customer interest in options and provide a flexible and valuable tool to manage risk exposure, minimize capital outlays, and be more responsive to the timing of events affecting the securities that underlie option contracts. For these reasons, the Exchange believes that the

proposed rule change is consistent with Section 6(b) of the Act<sup>10</sup> in general and furthers the objectives of Section 6(b)(5) of the Act<sup>11</sup> in particular in that it is designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others*

No written comments were solicited or received with respect to the proposed rule change.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act<sup>12</sup> and subparagraph (f)(6) of Rule 19b-4 thereunder.<sup>13</sup> Because the foregoing proposed rule change (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder. As required under Rule 19b-4(f)(6)(iii), the Exchange provided the Commission with written notice of its intent to file the proposed rule change at least five business days before doing so.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative for 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The

Exchange has asked the Commission to waive the operative delay to permit the Pilot Program extension to become effective prior to the 30th day after filing.

The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because it will allow the benefits of the Pilot Program to continue without interruption.<sup>14</sup> Therefore, the Commission designates that the proposal will become operative on July 12, 2006.<sup>15</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate the rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

## IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

### *Electronic Comments*

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include File No. SR-NYSEArca-2006-29 on the subject line.

<sup>14</sup> For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

<sup>15</sup> As set forth in the Exchange's original filing proposing the Pilot Program, if the Exchange were to propose an extension, expansion, or permanent approval of the Pilot Program, the Exchange would submit, along with any filing proposing such amendments to the program, a report that would provide an analysis of the Pilot Program covering the entire period during which the Pilot Program was in effect. The report would include, at a minimum: (1) Data and written analysis on the open interest and trading volume in the classes for which One Week Option Series were opened; (2) an assessment of the appropriateness of the option classes selected for the Pilot Program; (3) an assessment of the impact of the Pilot Program on the capacity of NYSE Arca, OPRA, and market data vendors (to the extent data from market data vendors is available); (4) any capacity problems or other problems that arose during the operation of the Pilot Program and how NYSE Arca addressed such problems; (5) any complaints that NYSE Arca received during the operation of the Pilot Program and how NYSE Arca addressed them; and (6) any additional information that would assist in assessing the operation of the Pilot Program. The report must be submitted to the Commission at least sixty (60) days prior to the expiration date of the Pilot Program. See Form 19b-4 for File No. SR-PCX-2005-32, filed March 16, 2005.

<sup>8</sup> CBOE filed a report with the Commission on June 13, 2006, stating that CBOE has listed Short Term Options Series in four different option classes. See Securities Exchange Act Release No. 53984 (June 14, 2006), 71 FR 35718 (June 21, 2006) (extending CBOE's Short Term Option Series Pilot Program).
