The National Endowment for the Arts enriches our nation and its diverse cultural heritage by supporting works of artistic excellence, advancing learning in the arts, and strengthening the arts in communities throughout the country.

With the advice of the National Council on the Arts and advisory panels, and Chairman establishes eligibility requirements and criteria for the review of applications for funding. Section 959(c) of the Endowment's enabling legislation, as amended, directs the Chairman to utilize advisory panels to review applications and to make recommendations to the National Council on the Arts, which in turn makes recommendations to the Chairman.

The legislation requires the Chairman "(1) To ensure that all panels are composed, to the extent practicable, of individuals reflecting a wide geographic, ethnic, and minority representation as well as to (2) ensure that all panels include representation of lay individuals who are knowledgeable about the arts * * *". In addition, the membership of each panel must change substantially from year to year and each individual is ineligible to serve on a panel for more than 3 consecutive years. To assist with efforts to meet these legislated mandates regarding representation on advisory panel, the endowment has established an Automated Panel Bank System (APBS), a computer database of names, addresses, areas of expertise and other basic information on individuals who are qualified to serve as panelists for the Arts Endowment.

The Panelist Profile Form, for which clearance is requested, is used to gather basic information from qualified individuals recommended by the arts community; arts organizations; Members of Congress; the general public; local, State, and regional arts organizations; Endowment staff; and others.

Murray Welsh,

Director, Administrative Services, National Endowment for the Arts.
