SUPPLEMENTARY INFORMATION:

Title: Senior Farmers' Market Nutrition Program.

OMB Number: To be assigned.

Expiration Date: 3 years from date of approval.

Type of Request: New Information Collection.

Abstract: The Farm Security and Rural Investment Act of 2002 (Pub. L. 107-171, also known as the Farm Bill) gives the Department of Agriculture the authority to promulgate regulations for the operation and administration of the Senior Farmers' Market Nutrition Program (SFMNP). The purposes of the SFMNP are to provide resources in the form of fresh, nutritious, unprepared, locally grown fruits, vegetables, and herbs from farmers' markets, roadside stands, and community supported agriculture (CSA) programs to low-income seniors; to increase the domestic

consumption of agricultural commodities by expanding or aiding in the expansion of domestic farmers' markets, roadside stands, and CSA programs; and to develop or aid in the development of new and additional farmers' markets, roadside stands, and CSA programs.

Such requirements include, but are not limited to, financial information used to reconcile and close out SFMNP grants, submission of annual State Plans of Operation that describe in detail the operation and administration of the SFMNP at the State and local levels, local agency and authorized outlet (farmer, farmers' market, roadside stand, and/or community supported agriculture (CSA) program) applications and agreements, racial/ethnic participation data for all program participants, State agency nutrition education agreements, and State agency corrective action plans. FNS will use the collection of this information to assess how each State agency operates and to ensure the accountability of State agencies, local agencies, and authorized farmers'/farmers' markets, roadside stands, and CSA programs in administering the SFMNP.

USDA published a proposed rulemaking on the SFMNP on May 26, 2005, that contained an estimated information collection burden based on the proposed rule's requirements for program operation and administration. The Department is now soliciting comments on the accuracy and reasonableness of this estimated burden, prior to publication of a final SFMNP rulemaking.
