DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[NV-952-06-1420-BJ]

Filing of Plats of Survey; Nevada

AGENCY: Bureau of Land Management.

ACTION: Notice.

SUMMARY: The purpose of this notice is to inform the public and interested State and local government officials of the filing of Plats of Survey in Nevada.

EFFECTIVE DATES: Filing is effective at 10 a.m. on the date indicated below.

FOR FURTHER INFORMATION CONTACT:

David D. Morlan, Chief, Branch of Geographic Sciences, Bureau of Land Management (BLM), Nevada State Office, 1340 Financial Blvd., P.O. Box 12000, Reno, Nevada 89520, 775-861-6541.

SUPPLEMENTARY INFORMATION:

1. The Supplemental Plat of the following described lands was officially filed at the Nevada State Office, Reno, Nevada, on April 28, 2006: The supplemental plat, showing a subdivision of lot 5, section 7, Township 19 South, Range 60 East, Mount Diablo Meridian, Nevada, was accepted April 27, 2006. This supplemental plat was prepared to meet certain administrative needs of the Bureau of Land Management.

2. The above-listed survey is now the basic record for describing the lands for all authorized purposes. This survey has been placed in the open files in the BLM Nevada State Office and is available to the public as a matter of information. Copies of the survey may be furnished to the public upon payment of the appropriate fees.

Dated: July 7, 2006.

David D. Morlan,

Chief Cadastral Surveyor, Nevada.

National Park Service

Notice of Availability of a Final Environmental Impact Statement for the Fort King Special Resource Study

SUMMARY: Pursuant to Section 102(2)(C) of the National Environmental Policy

Act (NEPA) of 1969 the National Park Service (NPS) announces the availability of a Final Environmental Impact Statement (FEIS) for the Fort King Special Resource Study. The document describes ways that the NPS may assist in preserving the Fort King site by outlining four management alternatives for consideration by Congress, including a no-action alternative. The FEIS analyzes the environmental impacts of those alternatives considered for the future protection, interpretation, and management of the site's cultural resources. The 37-acre study area is located in the city of Ocala, Marion County, Florida.

DATES: There will be a 30-day waiting period beginning with the Environmental Protection Agency's publication of its Notice of Availability in the **Federal Register**.

ADDRESSES: Copies of the FEIS are available by contacting Tim Bemisderfer, Planning and Compliance Division, Southeast Region, National Park Service, 100 Alabama Street, SW., 1924 Building, Atlanta, Georgia 30303. An electronic copy of the FEIS is available on the internet at <http://parkplanning.nps.gov>.

FOR FURTHER INFORMATION CONTACT: Tim Bemisderfer, 404-562-3124, extension 693.

SUPPLEMENTARY INFORMATION: The official comment period for the Fort King Special Resources Study and Draft Environmental Impact Statement (DEIS) began on November 30, 2005, and ended on January 30, 2006. The public was actively engaged in reviewing the draft document with over 250 copies of the DEIS distributed to stakeholders throughout Florida and beyond. Two well attended public meetings were held in Ocala, Florida on January 18, 2006.

Public comment on the DEIS did not result in substantive changes to the alternatives in the FEIS. Alternative A is the no-action alternative. For the purposes of this study, it is assumed that the Fort King site would continue to be owned and managed cooperatively by the city of Ocala, Marion County, and the Ocala Chapter of the Daughters of the American Revolution. The site would remain predominantly undeveloped, public access would be restricted, and the site's archeological resources would be protected and preserved in an undistributed condition. Under Alternative B, the site's archeological resources would be preserved and interpreted in-situ. Alternative B takes a conservative

approach to site development that favors a simple and low cost implementation strategy. Under Alternative C, existing site infrastructure would be used as a base to quickly and efficiently provide public access and interpretive services. Alternative C favors a development strategy that builds upon a modest initial investment that can be expanded over time as additional funding and resources are secured. Under Alternative D, Fort King would highlight the site's strong association with nationally significant historical events and interpretive themes. Alternative D takes an ambitious approach to site development. Its larger initial investment in cultural landscape rehabilitation and visitor service infrastructure is intended to quickly establish the name recognition and credibility necessary to attract higher profile partners and compete for private and public financing.

Authority: The authority for publishing this notice is 40 CFR 1506.6.

The responsible official for the FEIS is Patricia A. Hooks, Regional Director, Southeast Region, National Park Service, 100 Alabama Street, SW., 1924 Building, Atlanta, Georgia 30303.

Dated: May 15, 2006.

Patricia A. Hooks,

Regional Director, Southeast Region.

BILLING CODE 4310-70-M

DEPARTMENT OF THE INTERIOR

Notice of Availability for the Abbreviated Final General Management Plan Environmental Impact Statement for Pea Ridge National Military Park, AR

AGENCY: National Park Service, Interior.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the National Park Service (NPS) announces the availability for the Abbreviated Final General Management Plan Environmental Impact Statement (GMP/EIS) for Pea Ridge National Military Park (Pea Ridge).

DATES: The final EIS will be made available for a 30-day period, following the publishing of the notice of availability in the **Federal Register** by the Environmental Protection Agency.

ADDRESSES: Copies of the final GMP/EIS will be available by request by writing to the Superintendent at Pea Ridge National Military Park, 15930 Highway 62, Garfield, Arkansas 72732. The document can be found on the Web site at: <http://parkplanning.nps.gov/>.

FOR FURTHER INFORMATION CONTACT: Superintendent, Pea Ridge National Military Park, 15930 Highway 62, Garfield, Arkansas 72732, telephone 417-732-2662.

SUPPLEMENTARY INFORMATION: The NPS prepared a draft GMP/EIS for Pea Ridge, pursuant to the National Environmental Policy Act of 1969. This draft was made available for public review for 60 days (December 2005 to February 2006). Hard copy versions of the draft were distributed, and Pea Ridge made the draft EIS available on the Web, at the park, and in area libraries. A public presentation, attended by 25 participants, was held for the public to discuss and comment on the draft. The consensus of the public during the presentation was that the NPS would pursue the correct path for Pea Ridge by following Alternative 4, the preferred alternative. Comments from public agencies on the draft GMP/EIS will not require the NPS to add other alternatives, significantly alter existing alternatives, or make changes to the impact analysis of effects for any of the alternatives. Thus, an abbreviated format is used for the responses to comments in the final EIS, in compliance with the implementing regulations (40 CFR 1503.4(c) for the National Environmental Policy Act, and the NPS Director's Order 12.

Dated: May 22, 2008

Ernest Quintana,

Regional Director, Midwest Region.

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Availability for the Record of Decision on the final Environmental Impact Statement for the General Management Plan, Fallen Timbers Battlefield and Fort Miamis National Historic Site, Ohio

AGENCY: National Park Service, Department of the Interior.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the National Park Service (NPS) announces the availability of the Record of Decision for the final General Management Plan and Environmental Impact Statement (GMP/EIS) for the Fallen Timbers Battlefield and Fort Miamis National Historic Site. The Midwest Regional Director approved the Record of Decision for this final GMP/EIS on May 17, 2006. The purpose of the GMP is to set forth the basic

management philosophy for the park and to provide strategies for addressing issues and achieving identified management objectives. The final GMP/EIS described and analyzed the environmental impacts of four alternatives for the future management direction of the park.

The Fallen Timbers Battlefield and Fort Miamis National Historic Site is an affiliated area of the National Park System, managed by the Metropolitan Park District of the Toledo Area. The park consists of three units, the Fallen Timbers Battlefield, the Fallen Timbers State Monument, and Fort Miamis. The park commemorates an important period in the development of the United States and the opening of the northwest frontier. It represents the culminating event that demonstrated the tenacity of the American people in their quest for western expansion and the struggle for dominance in the Old Northwest Territory.

The preferred alternative in the final GMP/EIS was selected for implementation. Under this action, Toledo Metroparks will work with the NPS and other partners to protect cultural resources and interpret historic events. Various types of interpretive programs will be developed to encourage visitors to learn about the importance of the park units and the historic events. Most interpretation will take place at the edges of historic resources in order to ensure their preservation. A new visitor center will be built with local funding near the battlefield, and interpretive programs will cover all three units and the American Indian, British, and American perspectives of the time period. Links will be established between the units. Partnerships will be pursued with a wide variety of agencies and organizations to protect view sheds outside the park and to share programming, information, and materials.

The selected action best protects and preserves Fallen Timbers and Fort Miamis National Historic Site's cultural resources while also providing for visitor understanding and appreciation of the site's historic significance. The preferred alternative will not result in impairment of resources and values. The Record of Decision includes a statement of the decision made, synopses of other alternatives considered, the basis for the decision, the rationale for why the selected action is the environmentally preferred alternative, a finding of no impairment of park resources and values, and an overview of public involvement in the decisionmaking process.

FOR FURTHER INFORMATION CONTACT: Mr. James Speck, Director of Planning, Metropolitan Park District of the Toledo Area, 5100 West Central Avenue, Toledo, Ohio 43615-2100, by electronic mail at

james.speck@metroparkstoledo.com or by telephone 419-270-7513. Copies of the final GMP/EIS and the Record of Decision are available upon request from Toledo Metroparks at the above address.

Dated: May 17, 2006.

Ernest Quintana,

Regional Director, Midwest Region.

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Availability of the Record of Decision on the First Ladies National Historic Site General Management Plan Environmental Impact Statement, First Ladies National Historic Site, Ohio

AGENCY: National Park Service, Interior.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, 83 Stat. 852, 853, codified as amended at 42 U.S.C. 4332(2)(C), the National Park Service (NPS) announces the availability of the Record of Decision (ROD) on the final General Management Plan/Environmental Impact Statement (GMP/EIS) for the First Ladies National Historic Site, Ohio. On May 22, 2006, the Regional Director, Midwest Region, approved the ROD for the project. As soon as practicable, the NPS will begin to implement the preferred alternative contained in the final GMP/EIS issued on April 7, 2006.

The following course of action will occur under the preferred alternative. Cultural resources will be preserved and various types of interpretive programs will be developed to encourage visitors to learn about the importance of the First Ladies and the historic events associated with First Ladies. Interpretive programs will focus on the roles of First Ladies in both their public and private lives. Partnerships will be pursued with a wide variety of agencies and organizations to publicize the site and to share programming, information, and exhibits.

Most of the Saxton House (House) will be managed as an historic zone. Visitor access would be limited mostly to interpretive tours. The story of the First Ladies will be interpreted at both the House and the Education and Research Center (ERC). Exhibits of
