

institutions to submit either a positive or negative value in data item 2.a, "Net Transaction Accounts," rather than reporting negative values as zero, as is currently required.

3. *Report title:* Allocation of Low Reserve Tranche and Reservable Liabilities Exemption

Agency form number: FR 2930/2930a

OMB control number: 7100-0088

Frequency: Annually and on occasion

Reporters: Depository institutions

Annual reporting hours: 40 hours

Estimated average hours per response: 15 minutes

Number of respondents: 160

General description of report: This information collection is mandatory (12 U.S.C. 248(a), 461, 603, and 615) and is given confidential treatment (5 U.S.C. 552(b)(4)).

Abstract: The FR 2930 and FR 2930a collect data on the allocation of the low reserve tranche and reservable liabilities exemption amount for depository institutions having offices (or groups of offices) that file separate FR 2900 deposit reports. The FR 2930 is filed by U.S. branches and agencies of foreign banks and banking Edge and agreement corporations; the FR 2930a is filed by other types of depository institutions. Both reporting forms collect the same data. However, the instructions and explanatory information differ. These mandatory data are used to calculate the reserve requirement of an institution that submits separate FR-2900 data for two or more offices, that institution is required to allocate, using the FR 2930, the low reserve tranche and the exemption among those offices.

Current Actions: On May 8, 2006, the Federal Reserve published a notice soliciting comments on the proposed revisions to the Allocation of Low Reserve Tranche and Reservable Liabilities Exemption (71 FR 26763). The comment period ended on July 7, 2006. The Federal Reserve will combine the FR 2930 and FR 2930a into one reporting form (FR 2930) that would be used by any entity type (both foreign-related and domestic institutions). The instructions for the FR 2930 reporting form will be modified to reflect this change. Both of these revisions will be effective September 30, 2006.

Final approval under OMB delegated authority of the extension for three years, without revision of the following report:

Report title: Report of Foreign (Non-U.S.) Currency Deposits

Agency form number: FR 2915

OMB control number: 7100-0237

Frequency: Quarterly

Reporters: Depository institutions

Annual reporting hours: 214 hours
Estimated average hours per response: 30 minutes

Number of respondents: 107

General description of report: This information collection is mandatory (12 U.S.C. 248(a)(2), and 347(d)) and is given confidential treatment (5 U.S.C. 552(b)(4)).

Abstract: The FR 2915 collects seven-day averages of the amounts outstanding for foreign (non-U.S.) currency-denominated deposits held at U.S. offices of depository institutions, converted to U.S. dollars and included in the institution's FR 2900 data. Foreign currency deposits are subject to reserve requirements and, therefore, are included in the FR 2900 data submission. All weekly and quarterly FR 2900 respondents offering foreign currency deposits file the six-item FR 2915 quarterly, on the same reporting schedule as quarterly FR 2900 respondents. Data collected on the FR 2915 are mainly used in the construction of the monetary aggregates. These data are included in deposit data submitted on the FR 2900 for reserve requirement purposes, but they are not included in the monetary aggregates. The FR 2915 is the only source of data on such deposits.
