

1:15 p.m.–2:30 p.m. Agencies/
Licensees/NGOs Presentations/
Statements/Questions.
2:30 p.m.–2:45 p.m. Break.
2:45 p.m.–5 p.m. Discussion.

The June 23 notice stated that the meeting will be recorded by a stenographer and become part of the formal record of the Commission proceeding on the project. The meeting will be recorded by a stenographer until the afternoon break. After the break during the agenda discussion period, the meeting will not be recorded by a stenographer.

Any questions about this notice should be directed to Philip Scordelis at the Federal Energy Regulatory Commission, (415) 369–3335, or by e-mail at philip.scordelis@ferc.gov.

Magalie R. Salas,
Secretary.

DEPARTMENT OF ENERGY

**Federal Energy Regulatory
Commission**

[Docket No. RM98–1–000]

**Records Governing Off-the Record
Communications; Public Notice**

July 13, 2006.

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt

of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable

proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission’s Web site at <http://www.ferc.gov> using the eLibrary link. Enter the docket number, excluding the last three digits, in the docket number field to access the document. For assistance, please contact FERC, Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208–3676, or for TTY, contact (202) 502–8659.

EXEMPT

Docket No.	Date received	Presenter or requester
1. CP06–365–000	7–3–06	Hon. Brian Baird.
2. Project No. 459–128	7–11–06	Mark C. Jordan.
2. Project No. 2174–000	7–10–06	R.W. Krieger.
3. Project Nos. 2602–005, <i>et al.</i>	7–3–06	Hon. Charles H. Taylor.

**ENVIRONMENTAL PROTECTION
AGENCY**

[EPA–HQ–ORD–2006–0270; FRL–8201–3]

**Agency Information Collection
Activities; Proposed Collection;
Comment Request; Contribution of
Household Activities to the Health of
Urban Ecosystems; EPA ICR No.
2223.01, OMB Control No. 2080–NEW**

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit a request for a new Information Collection Request (ICR) to the Office of Management and Budget (OMB). Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before September 22, 2006.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–HQ–

ORD–2006–0270 by one of the following methods:

- <http://www.regulations.gov>: Follow the online instructions for submitting comments.
- E-mail: ord.docket@epa.gov.
- Fax: 202–566–0224.
- Mail: Office of Research and Development Docket, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave., NW., Washington, DC 20460.
- Hand Delivery: Headquarters, Office of Research and Development.
- Such deliveries are only accepted during the Docket’s normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-HQ-ORD-2006-0270. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or e-mail. The www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through www.regulations.gov your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

FOR FURTHER INFORMATION CONTACT: Anita Morzillo, Office of Research and Development, Environmental Protection Agency, 200 SW 35th St., Corvallis, or 97333; telephone number: 541-754-4738; fax number: 541-754-4299; e-mail address: morzillo.anita@epa.gov.

SUPPLEMENTARY INFORMATION:

How Can I Access the Docket and/or Submit Comments?

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-ORD-2006-0270, which is available for online viewing at www.regulations.gov, or in person viewing at the Office of Research and Development Docket in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room is open from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202-

566-1744, and the telephone number for the Office of Research and Development Docket is 202-566-1752.

Use www.regulations.gov to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified in this document.

What Information Is EPA Particularly Interested in?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

- (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- (iii) Enhance the quality, utility, and clarity of the information to be collected; and
- (iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

What Should I Consider When I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible and provide specific examples.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Offer alternative ways to improve the collection activity.
6. Make sure to submit your comments by the deadline identified under **DATES**.

7. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

What Information Collection Activity or ICR Does This Apply to?

Affected entities: Entities potentially affected by this action are residents living within: (1) The southwestern quadrant of Bakersfield, and (2) portions of Thousand Oaks, Agoura Hills, Calabasas, and Westlake Village, California.

Title: Contribution of household activities to the health of urban ecosystems.

ICR numbers: EPA ICR No. 2223.01, OMB Control No. 2080-NEW.

ICR status: This ICR is for a new information collection activity. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: As part of the EPA's Sustainability Initiative, this research focuses on maintaining healthy urban ecosystems for both people and other species. The goal is to better understand whether people recognize how household activities affect the surrounding environment, most notably the wildlife that is dependent on these systems, and whether people are likely to change their behaviors once they learn about household-environment linkages. The specific topic of interest is household rodenticide use, and resident awareness of how inexpert use of rodenticides may result in mortality of non-target species. The two study areas are (1) the southwestern quadrant of Bakersfield, and (2) portions of Thousand Oaks, Agoura Hills, Calabasas, and Westlake Village, California. The most effective way to gather detailed information about household rodenticide use is to directly ask residents within the locations of interest. A voluntary mail survey will be used, and all respondent identities and individual responses will remain confidential to the extent allowed by law. This information will provide the

EPA with a better understanding about how people relate to their personal impacts on the environment, and will lead to improved communication between members of the general public, environmental regulators, and resource managers. The end result will be more effective and appropriately targeted environmental regulation.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 0.33 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

What Is the Next Step in the Process for This ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: July 13, 2006.

Jennifer Ormezavaleta,

Acting Director, Western Ecology Division, National Health and Environmental Effects Research Laboratory, Office of Research and Development.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8202-6]

EPA Science Advisory Board Staff Office; Clean Air Scientific Advisory Committee (CASAC); Notification of Public Advisory Committee Meeting of the CASAC Ozone Review Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Staff Office announces a public meeting of the Clean Air Scientific Advisory Committee's (CASAC) Ozone Review Panel (CASAC Panel) to conduct a peer review of the *Review of the National Ambient Air Quality Standards for Ozone: Policy Assessment of Scientific and Technical Information* (second draft Ozone Staff Paper, July 2006) and three related draft technical support documents: *Ozone Health Risk Assessment for Selected Urban Areas: Draft Report* (second draft Ozone Health Risk Assessment, July 2006); *Ozone Population Exposure Analysis for Selected Urban Areas: Draft Report* (second draft Ozone Exposure Assessment, July 2006); and *Draft Ozone Environmental Assessment: Exposure, Risk and Benefits Assessment* (draft Ozone Environmental Assessment, July 2006).

DATES: The meeting will be held from 8:30 a.m. (Eastern Time) on Thursday, August 24, 2006, through 3 p.m. (Eastern Time) on Friday, August 25, 2006.

Location: The meeting will take place at the Marriott at Research Triangle Park, 4700 Guardian Drive, Durham, NC 27703, Phone: (919) 941-6200.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wishes to submit a written or brief oral statement (five minutes or less) or wants further information concerning this meeting must contact Mr. Fred Butterfield, Designated Federal Officer (DFO), EPA Science Advisory Board (1400F), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; via telephone/voice mail: (202) 343-9994; fax: (202) 233-0643; or e-mail at: butterfield.fred@epa.gov. General information concerning the CASAC or the EPA Science Advisory Board can be found on the EPA Web site at: <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION:

Background: The CASAC, which is comprised of seven members appointed

by the EPA Administrator, was established under section 109(d)(2) of the Clean Air Act (CAA or Act) (42 U.S.C. 7409) as an independent scientific advisory committee, in part to provide advice, information and recommendations on the scientific and technical aspects of issues related to air quality criteria and NAAQS under sections 108 and 109 of the Act. The CASAC is a Federal advisory committee chartered under the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C., App. The CASAC Ozone Review Panel complies with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Section 109(d)(1) of the CAA requires that the Agency periodically review and revise, as appropriate, the air quality criteria and the national ambient air quality standards (NAAQS) for the six "criteria" air pollutants, including ambient ozone. Pursuant to sections 108 and 109 of the Act, EPA is in the process of reviewing the ozone NAAQS, which the Agency most recently revised in July 1997. EPA's Office of Air Quality Planning and Standards (OAQPS), within the Office of Air and Radiation (OAR), has developed a second draft Ozone Staff Paper as part of its review of the ozone NAAQS. This second draft Ozone Staff Paper evaluates the policy implications of the key scientific and technical information contained in the Agency's final *Air Quality Criteria for Ozone and Related Photochemical Oxidants, Volumes I, II, and III*, (EPA/600/R-05/004aF-cF, February 2006), and identifies critical elements that EPA believes should be considered in its review of the ozone NAAQS. The Ozone Staff Paper is intended to "bridge the gap" between the scientific review contained in the Ozone Air Quality Criteria Document (AQCD) and the public health and welfare policy judgments required of the EPA Administrator in reviewing the ozone NAAQS. The Agency solicited early advice and recommendations from the CASAC Panel by means of a consultation on the *Review of the National Ambient Air Quality Standards for Ozone: Policy Assessment of Scientific and Technical Information* (first draft Ozone Staff Paper, November 2005) and two related draft technical support documents, *Ozone Health Risk Assessment for Selected Urban Areas: Draft Report* (first draft Ozone Risk Assessment, November 2005) and *Ozone Population Exposure Analysis for Selected Urban Areas: Draft Report* (first draft Ozone Exposure Assessment, October 2005). This consultation took place in a public meeting on December
