IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

After careful review, the Commission finds that the proposed rule change, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder, applicable to a national securities exchange.⁹ In particular, the Commission believes that the proposed rule change is consistent with Section 6(b)(5) of the Act,¹⁰ which requires among other things, that the rules of the Exchange are designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Commission believes that the proposed QRM Mechanism should provide Hybrid Market-Makers assistance in effectively managing its quotations. In conjunction with the implementation of the QRM Mechanism, CBOE proposes to define the nature of Hybrid Market-Makers' continuous electronic quoting obligations under its rules. The Commission believes that it is consistent with the Act to allow CBOE to define "continuous electronic quotes" as providing electronic two-sided quotes for 99% of the time that the Hybrid Market-Maker is required to provide electronic quotes in an appointed option class on a given trading day. The Commission notes that when the QRM Mechanism is triggered for an option class it will automatically cancel all of the Hybrid Market-Maker's quotes in any series of that option class. The Commission believes that the proposed definition of "continuous electronic quotes" should provide a Hybrid Market-Maker a brief amount of time to update its quotes after the QRM Mechanism has canceled its quotes in an option class.

⁹In approving this proposal, the Commission has considered its impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).

¹⁰15 U.S.C. 78f(b)(5).

In addition, CBOE proposes certain clarifying changes to CBOE Rule 8.7 regarding Market-Maker and RMM quoting obligations. Specifically, CBOE proposes to clarify the intent and application of the rule that the continuous electronic quoting obligations apply on a per class basis and only during the time the respective Market-Maker is quoting or respective RMM is logged onto Hybrid and quoting, and to clarify certain open outcry quoting obligations. The Commission believes that these clarifying changes are appropriate and consistent with the Act.

The Commission notes that the proposal does not alter the obligations of Hybrid Market-Makers, except for the fact that it will specifically define what it means to provide continuous electronic quotes. The Commission also notes that CBOE has represented that it will conduct routine surveillance for Hybrid Market-Maker compliance with the 99% standard for continuous electronic quotes set forth in CBOE Rule 1.1(ccc).

CBOE has requested that the Commission find good cause for approving the proposed rule change prior to the thirtieth day after publication of notice thereof in the **Federal Register**. The Commission notes that similar proposals to provide protection from risk for market makers have been approved for other options exchanges.¹¹ The Commission believes that granting accelerated approval of the proposal should allow Hybrid Market-Makers to have similar protections from the risk associated with an excessive number of near simultaneous executions in a single options class. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act,¹² for approving the proposed rule change, as amended, prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register**.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹³ that the proposed rule change (SR-CBOE-2005-93) and Amendment No. 1 thereto be,

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq is modifying its 2000 and 3000 Series Rules, which are based to a substantial extent on comparable NASD

Rules, to conform them to certain changes made to the Rule 2000 and 3000 Series of the rules of NASD since approval of Nasdaq's rules by the Commission in January 2006, to make several minor modifications, and to correct certain typographical errors in the approved rules. Specifically, Nasdaq is:

- Amending Nasdaq Rule 2111, which incorporates NASD Rule 2111 by reference, to reflect certain changes to the underlying text of that rule made by SR-NASD-2005-139.⁵

- Amending Nasdaq Rules 2852 and 2853 at the request of SEC staff to reflect that certain functions identified therein will be performed by Nasdaq Regulation staff.

- Deleting Nasdaq Rule 2854, governing trading halts and suspension of index warrants, so that it may be transferred to Nasdaq Rule 4120, which contains Nasdaq's other rules concerning trading halts and suspensions. The change to Nasdaq Rule 4120 will be made by a corresponding filing concerning technical amendments to the Nasdaq 4000 Series rules that Nasdaq will submit on or prior to August 1, 2006 on an immediately effective basis.

- Incorporating by reference NASD IM-3013-1, which was added to the NASD Rules by SR-NASD-2003-104,⁶ and making a conforming change to the numbering of current Nasdaq IM-3010.

- Incorporating by reference NASD IM-3011-1 and IM-3011-2, which were added to the NASD Rules by SR-NASD-2005-066.⁷

- Amending Nasdaq Rule 3012, which incorporates NASD Rule 3012 by reference, to include language that reflects a filing requirement added to the NASD Rule by SR-NASD-2005-084.⁸

- Amending Nasdaq Rule 3360 to reflect minor changes made to the comparable NASD Rule by SR-NASD-2005-112.⁹

- Adopting new Nasdaq Rule 3380, which is based on NASD Rule 3380, and which was added to the NASD Rules by

SR-NASD-2005-144,¹⁰ and renumbering existing Nasdaq Rule 3380 as Nasdaq Rule 3381.

- Amending Nasdaq Rules 2520, 2810, 3080, 3110, 3130, and Nasdaq IM-3130 to correct typographical errors.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,¹¹ in general, and with Section 6(b)(5) of the Act,¹² in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The proposed rule change conforms the Rule 2000 and 3000 Series of Nasdaq's rules to certain changes made to the Rule 2000 and 3000 Series of NASD rules since approval of Nasdaq's rules by the Commission in January 2006, makes several minor modifications and corrects certain typographical errors in the approved rules.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹³ and Rule 19b-4(f)(6)¹⁴ thereunder because it does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on

which it was filed, or such shorter time as the Commission may designate, provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change at least five business days prior to the filing date of the proposed rule change.¹⁵

Nasdaq has requested that the Commission waive the 30-day pre-operative period requirement for "non-controversial" proposals, based upon a representation that such waiver will allow Nasdaq to implement the rule changes, which have either recently been made effective as changes to NASD rules or are technical in nature, prior to the time when Nasdaq begins to operate as a national securities exchange. The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest. Waiver of the 30-day operative period will allow Nasdaq to implement these changes immediately so that they can be in place prior to the time Nasdaq begins to operate as a national securities exchange. Accordingly, the Commission designates the proposal to be effective and operative upon filing with the Commission.¹⁶ At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
