The document also identified additional identification documents approved by the Commandant as identification credentials.

In that document the statutory citation for the United States Code section entitled "Annual admission of refugees and admission of emergency situation refugees" had a typographical error and read 8 U.S.C. 1137. The correct citation for that section of the United States Code is 8 U.S.C. 1157.

Maya Ferrandino, Consultant, Compensation and Pension Service, Policy and Regulations Staff, Veterans Benefits Administration, Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420, (202) 273-7210.

SUPPLEMENTARY INFORMATION: The Veterans Benefits Act of 2003 and the Veterans Benefits Improvement Act of 2004, Public Law 108-183 and Public Law 108-454 respectively, added and

revised sections of title 38 of the United States Code, which addresses veterans benefits law. To ensure consistency with statutory changes, VA regulations will be amended as further described below.

Section 501 of the Veterans Benefits Act of 2003 amended 38 U.S.C. 2303(b)(1) and (2), Death in Department facility; plot allowance, and 38 U.S.C. 2307, Death from service-connected disability, to allow States to receive a plot or interment allowance for the interment, in a state cemetery or portion thereof used solely for the burial of veterans, of any veteran eligible for burial in a national cemetery. Under prior law, the allowance was payable only for veterans of a war, veterans discharged for disability incurred or aggravated in the line of duty, veterans entitled to VA compensation or pension, and certain other veterans. VA's regulation regarding payment of burial expenses for deceased veterans is 38 CFR 3.1600 and VA's regulation regarding payment of a plot or interment allowance to a State is 38 CFR 3.1604(c) and (d). This document amends §§ 3.1600(a) and (f) and 3.1604(c) and (d)(1)(i) and (5) to provide, in accordance with the statutory amendments, that States may be paid a plot or interment allowance on behalf of veterans buried in a state veterans' cemetery who were eligible for burial in a national cemetery and that the allowance is payable to States in addition to burial or funeral expenses to which they are eligible. The amendments to 38 CFR 3.1600 and 3.1604 are applicable to claims for an allowance filed on or after December 16, 2003.

Section 705(a) of the Veterans Benefits Act of 2003 amended 38 U.S.C. 6105(b)(2), Forfeiture for subversive activities, by adding certain offenses under title 18, United States Code, for which an individual forfeits his or her right to gratuitous benefits under the laws administered by the Secretary of Veterans Affairs. Section 6105(b)(2) as amended by the Veterans Benefits Act of 2003 applies to claims filed on or after December 17, 2003. Public Law 108-183, § 705(b), 117 Stat. 2672. VA's regulation regarding forfeiture of VA benefits for subversive activities is 38 CFR 3.903. This document amends § 3.903(a) to reflect the statutory change by adding 18 U.S.C. 175, 229, 831, 1091, 2332a, and 2332b to the current list of 18 U.S.C. sections cited in the regulation.

Section 708(c) of the Veterans Benefits Act of 2003 amended various sections of title 38 of the United States Code to reflect the establishment of the

Social Security Administration as an independent agency by replacing references to the Secretary of Health and Human Services with references to the Commissioner of Social Security, and striking "Department of Health and Human Services" and inserting "Social Security Administration" each time it appears in the provisions. This document amends 38 CFR 3.152(a), 3.153, and 3.714(f) to reflect the statutory changes.

In a similar manner, this document amends 38 CFR 3.1(g)(4), to reflect that the Coast Guard is now under the jurisdiction of the Secretary of Homeland Security, not the Secretary of Transportation. See Homeland Security Act of 2002, Public Law 107-296, § 1704(d), 116 Stat. 2135, 2314. The authorizing statute for § 3.1(g)(4) is 38 U.S.C. 101(25)(D), which was amended by section 1704(d) of Public Law 107-296 to reflect that the Coast Guard is under the jurisdiction of the Secretary of Homeland Security. To ensure consistency with section 101(25)(D), we are amending the corresponding regulation, § 3.1(g)(4).

Section 301 of the Veterans Benefits Improvement Act of 2004 amended 38 U.S.C. 1311, Dependency and indemnity compensation to a surviving spouse, by adding subsection (e), which provides for a \$250 increase in the monthly rate of dependency and indemnity compensation to which a surviving spouse with one or more children below the age of 18 is otherwise entitled. The increased rate is payable for the two-year period beginning on the date on which entitlement to dependency and indemnity compensation commenced. The increase ceases the first month after the month in which all children of the surviving spouse have attained the age of 18. The increase in dependency and indemnity compensation under section 1311(e) is applicable to payments beginning January 1, 2005. Public Law 108-454, § 301, 118 Stat. 3610. This document amends § 3.10(e) by adding § 3.10(e)(4) to reflect the statutory change.

We note that the Veterans Benefits Act of 2003 added a different subsection (e) to section 1311 than the subsection (e) added by the Veterans Benefits Improvement Act of 2004. There is no indication that Congress intended to replace section 1311(e) as added by the Veterans Benefits Act of 2003 with section 1311(e) as added by the Veterans Benefits Improvement Act of 2004, and for the purposes of this rulemaking document, VA assumes that Congress intended to include both paragraphs

designated as subsection (e) in the statute.

Section 302(a) of the Veterans Benefits Improvement Act of 2004 amended 38 U.S.C. 1112(c) to provide that a radiation-exposed veteran's receipt of a payment under the Radiation Exposure Compensation Act of 1990 as amended (42 U.S.C. 2210 note) (RECA) does not deprive such a veteran of receipt of VA compensation. Section 302(b) of the Veterans Benefits Improvement Act of 2004 amended 38 U.S.C. 1310, Deaths entitling survivors to dependency and indemnity compensation, to provide that a person's receipt of a RECA payment does not deprive the person of receipt of dependency and indemnity compensation. However, the statutory amendment also provides for an offset of RECA payments against VA compensation awarded pursuant to 38 U.S.C. 1112(c)(1) and dependency and indemnity compensation. The statutory changes are applicable to compensation and dependency and indemnity compensation payments for months beginning after March 26, 2002. Public Law 108-454, § 302(c), 118 Stat. 3610.

VA's regulation regarding RECA is 38 CFR 3.715. This document amends § 3.715 by adding paragraph (a)(1), which states that a RECA payment to a "radiation-exposed veteran," as defined in 38 CFR 3.309(d)(3), does not bar payment of VA compensation to the veteran for months beginning after March 26, 2002. New § 3.715(b) provides that a person's receipt of a RECA payment does not bar the person's receipt of dependency and indemnity compensation for months beginning after March 26, 2002. Also, § 3.715(c) states: "Notwithstanding paragraph (a) or (b), the amount of a RECA payment will be deducted from the amount of compensation payable pursuant to § 3.309(d) or the amount of dependency and indemnity compensation payable."

We have made one further amendment to 38 CFR 3.715 to correct an inconsistency with RECA, as amended. Section 6(e) of RECA states that, "[e]xcept as otherwise authorized by law, the acceptance of payment by an individual under this section shall be in full satisfaction of all claims of or on behalf of that individual against the United States * * * that arise out of exposure to radiation, from atmospheric nuclear testing, in the affected area (as defined in section 4(b)(1)) at any time during the period described in subsection (a)(1), (a)(2)(A), or (a)(2)(B) of section 4(a), exposure to radiation in a uranium mine, mill, or while employed in the transport of uranium ore or

vanadium-uranium ore from such mine or mill at any time during the period described in section 5(a) or exposure to radiation as a result of onsite participation in a test involving the atmospheric detonation of a nuclear device." Currently, 38 CFR 3.715 is broader than RECA. The RECA statute provides that RECA payments satisfy all further claims against the United States, including claims for VA compensation, arising out of exposure to radiation covered by that Act. Section 3.715, however, currently precludes payment of compensation for disability, no matter what the cause of the disease. We are therefore amending § 3.715 to make the regulation consistent with statute by adding paragraph (a)(2) to provide that payment of VA compensation to a veteran who is not a radiation-exposed veteran is barred only if the veteran's disability resulted from a disease that is attributable to exposure to radiation for which payments have been received under RECA.

Section 303 of the Veterans Benefits Improvement Act of 2004 amended 38 U.S.C. 1503, Determinations with respect to annual income, by adding subsection 1503(a)(11) to exclude lump-sum proceeds of a life insurance policy on a veteran from consideration as income for pension purposes. VA's regulation regarding exclusions from income for pension purposes is 38 CFR 3.272. This document amends § 3.272 by adding § 3.272(x) to reflect the statutory changes. New § 3.272(x) is applicable for periods on or after December 10, 2004.

Section 304 of the Veterans Benefits Improvement Act of 2004 amended 38 U.S.C. 1151, Benefits for persons disabled by treatment or vocational rehabilitation, by adding subsection (c), which states that a qualifying additional disability under section 1151 shall be treated as if it were a service-connected disability for purposes of entitlement to chapter 21 (specially adapted housing) and chapter 39 benefits (automobiles and adaptive equipment). This is an expansion of the benefits to which persons receiving compensation under section 1151 are entitled. This statutory amendment to 38 U.S.C. 1151 is applicable with respect to eligibility for these benefits and services on or after December 10, 2004. Public Law 108-454, § 304(b), 118 Stat. 3611.

VA's regulation regarding automobiles and adaptive equipment is 38 CFR 3.808, Automobiles or other conveyances; certification. This document therefore amends § 3.808 to reflect the statutory change. To implement the statutory change, we are amending the introduction and

paragraphs (a) and (b) in § 3.808. While the format of the current regulation is being amended for ease of use, we are making no substantive change to the content of the regulation, other than implementation of the statutory change.

In this rulemaking, however, we are not amending 38 CFR 3.809, Specially adapted housing under 38 U.S.C. 2101(a), and 3.809a, Special home adaptation grants under 38 U.S.C. 2101(b), to reflect new 38 U.S.C. 1151(c)(1). We have decided to promulgate a separate rulemaking that will amend 38 CFR 3.809 and 3.809a to implement section 304 of the Veterans Benefits Improvement Act of 2004, as well as section 401 of the 2004 Act, which amended 38 U.S.C. 2101, which provides the eligibility criteria for chapter 21 benefits. In that rulemaking, we will also amend relevant regulations in part 36 of title 38, Code of Federal Regulations, to reflect these statutory amendments.

Section 304(c) of the Veterans Benefits Improvement Act of 2004 amended 38 U.S.C. 1151(b) by adding section 1151(b)(2) to provide that, where a judgment, settlement, or compromise of a claim specifically designates a portion of the award for the type of benefits provided under chapter 21 or 39 of title 38, United States Code, and VA later awards chapter 21 or 39 benefits, VA may reduce the amount of the chapter 21 or 39 benefits payable by the amount of benefits specifically designated for these purposes in the judgment, settlement, or compromise. Section 1151(b)(2) applies to a judgment, settlement, or compromise that became final on or after December 10, 2004. Section 1151(b)(2) also states that, if the amount received as a result of the judgment, settlement, or compromise is greater than the amount of the chapter 21 or 39 benefits, the excess amount received will be offset against benefits otherwise payable under 38 U.S.C. chapter 11. This document amends 38 CFR 3.362, Offsets under 38 U.S.C. 1151(b) of benefits awarded under 38 U.S.C. 1151 for claims filed on or after October 1, 1997, by adding § 3.362(e) and 38 CFR 3.800, Disability or death due to hospitalization, etc. for claims filed before October 1, 1997, by adding § 3.800(a)(4) to reflect the statutory changes with regard to chapter 39 benefits only. We will amend 38 CFR 3.362 and 3.800 to reflect new 38 U.S.C. 1151(b)(2) and (c)(1) regarding chapter 21 benefits in the separate rulemaking described above.

Section 305 of the Veterans Benefits Improvement Act of 2004 amended 38 U.S.C. 5110, Effective date of awards, by

removing the effective date restriction for death pension in section (d)(2), which required an application to be received within 45 days from the date of death for an effective date for an award of death pension to be the first day of the month in which the death occurred. The amendment allows the effective date for an award of death pension to be governed by the same rule as the effective date for an award of death compensation or dependency and indemnity compensation, which is that, if an application for death pension is received within one year from the date of death, the effective date of an award shall be the first day of the month in which the death occurred. VA's regulation regarding effective dates is 38 CFR 3.400. This document amends § 3.400(c)(3) by amending paragraphs (c)(3)(i) and (ii) to reflect the statutory change. We have determined that amended paragraphs 3.400(c)(3)(i) and (ii) are applicable to claims filed on or after December 10, 2004, the effective date of the Veterans Benefits Improvement Act of 2004.

Section 306(b) of the Veterans Benefits Improvement Act of 2004 amended 38 U.S.C. 1112, Presumptions relating to certain diseases and disabilities, by further defining a "radiation-risk activity" in section 1112(c)(3)(B)(iv) to include service in a capacity which, if performed as an employee of the Department of Energy, would qualify the individual for inclusion as a member of the Special Exposure Cohort under the Energy Employees Occupational Illness Compensation Program Act of 2000, codified as amended at 42 U.S.C. 73481(14). The amendment to section 1112(c)(3)(B) is effective as of March 26, 2002. VA's regulation regarding diseases subject to presumptive service connection for radiation-exposed veterans is 38 CFR 3.309(d). This document amends § 3.309(d)(3)(ii) by adding a new paragraph § 3.309(d)(3)(ii)(E) to reflect the statutory change.

Administrative Procedure Act

This final rule merely restates statutory provisions. Accordingly, there is a basis for dispensing with prior notice and comment and the delayed effective date provisions of 5 U.S.C. 553.

Paperwork Reduction Act

This document contains no provisions constituting a collection of information under the Paperwork Reduction Act (44 U.S.C. 3501-3521).

Regulatory Flexibility Act

The Secretary hereby certifies that this regulatory amendment will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601–612. Only VA beneficiaries could be directly affected. Therefore, pursuant to 5 U.S.C. 605(b), this amendment is exempt from the initial and final regulatory flexibility analysis requirements of sections 603 and 604.

Executive Order 12866

Executive Order 12866 directs agencies to assess all costs and benefits of available regulatory alternatives and, when regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety, and other advantages; distributive impacts; and equity). The Order classifies a rule as a significant regulatory action requiring review by the Office of Management and Budget if it meets any one of a number of specified conditions, including: Having an annual effect on the economy of \$100 million or more, creating a serious inconsistency or interfering with an action of another agency, materially altering the budgetary impact of entitlements or the rights of entitlement recipients, or raising novel legal or policy issues. VA has examined the economic, legal, and policy implications of this final rule and has concluded that it is a significant regulatory action because it may raise novel legal or policy issues.

Unfunded Mandates

The Unfunded Mandates Reform Act of 1995 requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before issuing any rule that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted annually for inflation) in any year. This final rule would have no such effect on State, local, and tribal governments, or on the private sector.

BILLING CODE 8320-01-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 81

[EPA-R09-OAR-2006-AZ-0388; FRL-8206-4]

Approval and Promulgation of Implementation Plans; Designation of Areas for Air Quality Planning Purposes; State of Arizona; Finding of Attainment for Rillito Particulate Matter of 10 Microns or Less (PM₁₀) Nonattainment Area; Determination Regarding Applicability of Certain Clean Air Act Requirements; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is taking direct final action to determine that the Rillito moderate PM₁₀ nonattainment area in Arizona attained the National Ambient Air Quality Standards for particulate matter with an aerodynamic diameter

less than or equal to a nominal 10 micrometers (PM₁₀) by the applicable attainment date. EPA also finds that the Rillito area is currently attaining the PM₁₀ standards, and based on this latter finding, EPA is determining that certain Clean Air Act requirements are not applicable for so long as the Rillito area continues to attain the PM₁₀ standards. Lastly, EPA is correcting an error in a previous rulemaking that involved the classification of PM₁₀ nonattainment areas within the State of Arizona.

DATES: This rule is effective on October 10, 2006, without further notice, unless EPA receives adverse comments by September 7, 2006. If adverse comment is received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** informing the public that the rule will not take effect.
