

Primary: Any Federal Firearms Licensee (FFL) or State Point of Contact (POC) requesting access to conduct NICS Checks telephonically or by the Internet through the NICS E-Check.

Brief Abstract

The Brady Handgun Violence Prevention Act of 1993, required the Attorney General to establish a national instant criminal background check system that any Federal Firearms Licensee may contact, by telephone or by other electronic means, such as the NICS E-Check, for information, to be supplied immediately, on whether receipt of a firearm to a prospective purchaser would violate state or federal law. Information pertaining to licensees who may contact the NICS is being collected to manage and control access to the NICS and to the NICS E-Check, to ensure appropriate resources are available to support the NICS, and also to ensure the privacy and security of NICS information.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* It is estimated that enrollment occurs at approximately 500 per month for a total of 6,000 per year.

The average response time for reading the directions for the Federal Firearms Licensee Enrollment/E-Check Enrollment Form is estimated to be two minutes; time to complete the form is estimated to be three minutes; and the time it takes to assemble, mail, or fax the form to the FBI is estimated to be three minutes, for a total of eight minutes.

The average hour burden for this specific form is $6,000 \times 8 \text{ minutes}/60 = 800$ hours.

The FFL Officer/Employee Acknowledgment of Responsibilities Form takes approximately three minutes to read the responsibilities and two minutes to complete the form, for a total of five minutes. The average hour burden for this specific form is $6,000 \times 5 \text{ minutes}/60 = 500$ hours.

The accompanying letter mailed with the packet takes an additional two minutes to read which would be $6,000 \times 2 \text{ minutes}/60 = 200$ hours.

The entire process of reading the letter and completing both forms would take 15 minutes per respondent. The average hour burden for completing both forms and reading the accompanying letter would be $6,000 \times 15/60 = 1,500$ hours.

(6) *An estimate of the total public burden (in hours) associated with the collection:*

The entire process of reading the letter and completing both forms would

take 15 minutes per respondent. The average hour burden for completing both forms and reading the accompanying letter would be $6,000 \times 15/60 = 1,500$ hours.
