BILLING CODE 4710-05-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Availability of a Record of Decision (ROD) and a Written Reevaluation of the 1999 Final Environmental Impact Statement (FEIS) To Select Another Alternative for the Location of the Proposed Third Runway, as Analyzed in the FEIS and Approved in the 2000 ROD at Charlotte Douglas International Airport, Charlotte, NC

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of availability of a ROD and a written reevaluation of the FEIS.

SUMMARY: The Federal Aviation Administration (FAA) is making available a ROD and a Written Evaluation of the FEIS in response to FAA procedure changes that have rendered the previously approved third runway unable to accomplish the purpose and need of triple-independent approach operations, thereby minimizing any capacity enhancement that the runway was intended to accomplish. Charlotte Douglas International Airport, Charlotte, North Carolina, has therefore proposed acceptance of another alternative located 600 feet west of the previously approved runway location that was fully analyzed in the EIS as Alternative 5 and that meets the current FAA Airport Design Standards.

Point of Contact: Mr. Scott Seritt, Manager, Airports District Office, Southern Region Federal Aviation Administration, 1701 Columbia Avenue, College Park, GA 30337-2747, (404) 305-7151.

SUPPLEMENTARY INFORMATION: Notice of availability is given of a ROD and a Written Reevaluation of the FEIS to select another alternative for the location of the proposed third runway, as analyzed in the FEIS and approved in the 2000 ROD at Charlotte Douglas

International Airport, Charlotte, North Carolina. The new runway location is 600 feet west of the previously approved site, and was fully analyzed as Alternative 5 in the FEIS. The purpose of the ROD and Written Reevaluation was to evaluate potential environmental impacts arising from the approval of the location previously analyzed as Alternative 5 in the FEIS that may not have existed at the time of the original analysis.

These documents will be available during normal business hours at the following locations:

FAA Atlanta Airports District Office, 1701 Columbia Avenue, Campus Building 2-260, College Park, GA 30337-2747 (Due to current security requirements, arrangements must be made with the point of contact prior to visiting these offices.);

SUPPLEMENTARY INFORMATION:

Title: Evaluate the Effects of National Scenic Byways Program Grants.

Background: Title 23, Section 162 of the United States Code describes the creation of the National Scenic Byways Program. This legislation was most recently amended in 2005 upon passage of the P.L. 109-59 Safe, Accountable, Flexible, and Efficient Transportation Equity Act—A Legacy for Users (SAFETEA-LU). The legislation also includes provisions for review and dissemination of grant monies by the U.S. Secretary of Transportation. Grant applications are solicited on an annual basis. Eligible projects are on State designated byways, National Scenic Byways and All-American Roads, or Indian tribe scenic byways. Applications are completed by Federal, State, or local governmental agencies; Tribal governments; and non-profit organizations. The application information is collected electronically via the online Grant system and used to determine project eligibility. We are seeking approval from OMB for the forms used to collect the application information and used on www.grants.gov. Additional information on the National Scenic Byways Program
