### Animal and Plant Health Inspection Service

[Docket No. APHIS-2006-0103]

#### Notice of Request for Extension of Approval of an Information Collection; Cooperative Agricultural Pest Survey

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Extension of approval of an information collection; comment request.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection associated with the Cooperative Agricultural Pest Survey.

**DATES:** We will consider all comments that we receive on or before October 16, 2006.

**ADDRESSES:** You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov> and, in the lower "Search Regulations and Federal Actions" box, select "Animal and Plant Health Inspection Service" from the agency drop-down menu, then click on "Submit." In the Docket ID column, select APHIS-2006-0103 to submit or view public comments and to view supporting and related materials available electronically. Information on using Regulations.gov, including instructions for accessing documents, submitting comments, and viewing the docket after the close of the comment period, is available through the site's "User Tips" link.

- *Postal Mail/Commercial Delivery:* Please send four copies of your comment (an original and three copies) to Docket No. APHIS-2006-0103, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road, Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. APHIS-2006-0103.

**FOR FURTHER INFORMATION CONTACT:** For information regarding the Cooperative Agricultural Pest Survey, contact Mr. Billy Newton, Interim National Survey Coordinator, Emergency and Domestic Programs Staff, PPQ, 4700 River Road, Unit 137, Riverdale, MD 20737; (301) 734-8717. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 734-7477.

**SUPPLEMENTARY INFORMATION:**

*Title:* Cooperative Agricultural Pest Survey.

*OMB Number:* 0579-0010.

*Type of Request:* Extension of approval of an information collection.

*Abstract:* The Plant Protection Act (7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture, either independently or in cooperation with States, to carry out operations or measures to detect, eradicate, suppress, control, prevent, or retard the spread of plant pests and noxious weeds that are new to or not widely distributed within the United States. This authority has been delegated to the Administrator, Animal and Plant Health Inspection Service (APHIS).

As part of this mission, the Plant Protection and Quarantine (PPQ) program, APHIS, has joined forces with the States and other agencies to create a program called the Cooperative Agricultural Pest Survey (CAPS). The CAPS program collects and manages data on plant pests, noxious weeds, and biological control agents, which may be used to control plant pests or noxious weeds.

This program allows the States and PPQ to conduct surveys to detect and measure the presence of exotic plant pests and noxious weeds and to enter survey data into a national computer-based system known as the National Agricultural Plant Information System (NAPIS). This, in turn, allows APHIS to obtain a more comprehensive picture of plant pest and noxious weed conditions in the United States as well as detect, in collaboration with the National Plant Diagnostic Network and the U.S. Department of Agriculture's Cooperative State Research, Education, and Extension Service (CSREES), population

trends in plant pests or noxious weeds that could indicate an agricultural bioterrorism act.

The information generated by this program is used by States to predict potential plant pest and noxious weed situations in the United States and by Federal interests (e.g., PPQ and CSREES) to promptly detect and respond to the occurrence of new plant pests or noxious weeds and to provide documentation on plant pests and noxious weeds to facilitate and record the location of those incursions that could directly hinder the export of U.S. farm commodities. The system also provides data management support for PPQ programs such as imported fire and gypsy moth.

The CAPS program entails the use of several information collection activities, including a cooperative agreement and a Specimens for Determination Form (PPQ Form 391).

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, e.g., permitting electronic submission of responses.

*Estimate of burden:* The public reporting burden for this collection of information is estimated to average 0.1092 hours response.

*Respondents:* State cooperators participating in the Cooperative Agricultural Pest Survey.

*Estimated annual number of respondents :* 155.

*Estimated annual number of responses per respondent:* 235.

*Estimated annual number of responses:* 36,352.

*Estimated total annual burden on respondents:* 3,969 hours. (Due to

averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 10th day of August 2006.
