

2. If approved, the action will result in authorizing small entities to furnish the product and services to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the product and services proposed for addition to the Procurement List.

Comments on this certification are invited. Commenters should identify the statement(s) underlying the certification on which they are providing additional information.

#### End of Certification

The following product and services are proposed for addition to Procurement List for production by the nonprofit agencies listed:

##### Product

*Product/NSN:* Fluorescent Highlighter Set (GSA Global Supply only), 7520-01-383-7959.

*NPA:* San Antonio Lighthouse for the Blind, San Antonio, Texas.

*Contracting Activity:* Office Supplies & Paper Products Acquisition Center, New York, New York.

##### Services

*Service Type/Location:* Custodial Services, Port Isabel Detention Center, 27991 Buena Vista Road, Port Isabel, Texas.

*NPA:* Mavagi Enterprises, Inc., San Antonio, Texas.

*Contracting Activity:* DHS Immigration and Customs Enforcement, Dallas, Texas.

*Service Type/Location:* Full Food Service, Fort Drum, 45 West Street, Fort Drum, New York.

*NPA:* Jefferson County Chapter, NYSARC, Watertown, New York.

*Contracting Activity:* Army Contracting Agency, Fort Drum, New York.

#### Deletions

##### Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. If approved, the action may result in additional reporting, recordkeeping or other compliance requirements for small entities.

2. If approved, the action may result in authorizing small entities to furnish the product and service to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the product and service proposed for deletion from the Procurement List.

#### End of Certification

The following product and service are proposed for deletion from the Procurement List:

##### Products

*Product/NSNs:* Pad, Floor Polishing Machine

#### COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

##### Correction of Notice of Addition

**AGENCY:** Committee for Purchase From People Who Are Blind or Severely Disabled.

**ACTION:** Correction to Notice of Additions to the Procurement List.

**SUMMARY:** In the document appearing on page 46187, FR Doc E6-13162,

Procurement List Additions and Deletions, in the issue of August 11, 2006, in the third column, the Committee published addition of Grounds/Custodial Security Services, Lake Okeechobee and Outlying Areas, Army Corps of Engineers, Lake Okeechobee, Florida. Following the publication of this Notice, the Committee determined that the response to comments received in response to the **Federal Register** Notice of Proposed Addition had not been published in the August 11 Notice as required. The Committee therefore is publishing the Service again with the response to comments received. All other information remains the same.

**DATES:** *Effective Date:* September 10, 2006.

**ADDRESSES:** Committee for Purchase From People Who Are Blind or Severely Disabled, Jefferson Plaza 2, Suite 10800, 1421 Jefferson Davis Highway, Arlington, Virginia 22202-3259.

**FOR FURTHER INFORMATION CONTACT:** Sheryl D. Kennerly, Telephone: (703) 603-7740, Fax: (703) 603-0655, or e-mail [SKennerly@jwod.gov](mailto:SKennerly@jwod.gov).

##### Addition

*Service Type/Location:* Grounds/Custodial/Security Services, Lake Okeechobee and Outlying Areas, Army Corps of Engineers, Lake Okeechobee, Florida.

*NPA:* Gulfstream Goodwill Industries, Inc., West Palm Beach, Florida.

*Contracting Activity:* U.S. Army Corps of Engineers, Jacksonville, Florida.

The following material is in response to comments received on this proposed addition. This information was provided to the Committee for their consideration.

Comments were received from the current contractor, a subcontractor for the service, an employee of the subcontractor, and a frequent camper on parkland involved in this service. All these persons objected to addition of the service to the Procurement List.

The service to be performed by a nonprofit agency has been removed from the coverage of the current contract. The current contractor claimed that removal of these functions will result in a significant reduction in the contractor's revenue base and severely affect its financial stability, while making it less competitive to recover the revenue elsewhere.

The period for which the contractor submitted revenues to the Committee includes windfall revenues due to increased hurricane activity during that period. Removal of these windfalls reduces the estimated revenue loss attributable to the addition of the service to the Procurement List to a

level which the Committee does not normally consider to be an adverse impact on a contractor.

The subcontractor and its employee indicated that addition of the service to the Procurement List would have a serious economic impact on the company, its workers, and the depressed rural area where the service is performed. The nonprofit agency which will be performing the service will do some subcontracting, which could mitigate this economic impact. In addition, people with severe disabilities have an unemployment rate of approximately 70 percent, which exceeds the unemployment rate of the persons likely to be adversely affected by this addition to the Procurement List. Consequently, the affected persons are more likely than those who will be employed on the project to find other work. Given that circumstance, and the Committee's mission to create work for people with severe disabilities, the Committee believes that the employment benefits of adding this service to the Procurement List outweigh the possible disadvantages the addition may cause.

The subcontractor and its employee also raised several safety and technical issues concerning performance of the service by people with severe disabilities. They noted that some mowing must be done on a high levee with extremely steep sides and surrounded by deep canals, and other mowing is done in park areas filled with expensive recreational vehicles and other easily damaged obstacles, as the frequent camper also noted. The subcontractor employee asked if the nonprofit agency has any experience in doing this kind of work. The subcontractor implied that acquisition of the equipment needed to do the work would put a further strain on the national budget.

The nonprofit agency has several grounds maintenance and custodial contracts with the State of Florida, so they are familiar with this kind of work. They are in the process of obtaining the specialized equipment needed to do the work and hiring qualified personnel. The Government will not pay extra to allow the nonprofit agency to acquire this equipment, which includes enclosed cab tractors with built-in and included safety equipment. The nonprofit agency will conduct extensive safety and other training to assure the workers are fully capable of doing the work. More experienced workers will be used in the steeper areas, and the use of people with severe disabilities will be phased in to all facets of the work, which includes custodial and security

as well as grounds maintenance services, to assure that all workers are able to do the work safely and efficiently, with little or no damage to persons or property.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the products and impact of the additions on the current or most recent contractors, the Committee has determined that the service listed below is suitable for procurement by the Federal Government under 41 U.S.C. 46–48c and 41 CFR 51–2.4.

## DEPARTMENT OF COMMERCE

### International Trade Administration

[C–427–819]

#### Final Results of Countervailing Duty Administrative Review: Low Enriched Uranium from France

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On February 15, 2006, the Department of Commerce (“the Department”) published in the **Federal Register** its preliminary results of administrative review of the countervailing duty (“CVD”) order on low enriched uranium (“LEU”) from France for the period January 1, 2004, through December 31, 2004 (*see Notice of Preliminary Results of Countervailing Duty Administrative Review: Low Enriched Uranium from France*, 71 FR 7924 (February 15, 2006) (“*LEU 2004 Preliminary Results*”). The Department has now completed the administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (“the Act”).

Based on our analysis of the comments received, the Department has not revised the net subsidy rate for Eurodif S.A. (“Eurodif”)/Compagnie Generale Des Matieres Nucleaires (“COGEMA”), the producer/exporter of subject merchandise covered by this review. For further discussion of our analysis of the comments received for these final results, *see* the August 14, 2006, Issues and Decision Memorandum from Stephen J. Claeys, Deputy Assistant Secretary for Import Administration, to David M. Spooner, Assistant Secretary for Import Administration, concerning the Final Results of Countervailing Duty

Administrative Review: Low Enriched Uranium from France (“*LEU 2004 Decision Memorandum*”). The final net subsidy rate for Eurodif/COGEMA is listed below in “Final Results of Review.”

**EFFECTIVE DATE:** August 18, 2006.

#### FOR FURTHER INFORMATION CONTACT:

Kristen Johnson, AD/CVD Operations, Office 3, Import Administration, U.S. Department of Commerce, Room 4014, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482–4793.

#### SUPPLEMENTARY INFORMATION:

##### Background

On February 15, 2006, the Department published in the **Federal Register** the preliminary results for this review (*see LEU 2004 Preliminary Results*). We invited interested parties to comment on the results. On March 20, 2006, we received case briefs from petitioners<sup>1</sup> and Eurodif/COGEMA and the Government of France (“GOF”), the respondents. On March 23, 2006, and March 24, 2006, we received rebuttal briefs from respondents and petitioners, respectively. On May 2, 2006, the Department published in the **Federal Register** a notice of extension of the deadline for the final results of this administrative review. *See Low Enriched Uranium from France: Extension of Time Limit for Final Results of Countervailing Duty Administrative Review*, 71 FR 25813 (May 2, 2006).

Pursuant to 19 CFR 351.213(b), this review covers only those producers or exporters of the subject merchandise for which a review was specifically requested. Accordingly, this review covers only Eurodif/COGEMA. The review covers the period January 1, 2004, through December 31, 2004, and two programs.

##### Scope of the Order

The product covered by this order is all LEU. LEU is enriched uranium hexafluoride (UF<sub>6</sub>) with a U<sub>235</sub> product assay of less than 20 percent that has not been converted into another chemical form, such as UO<sub>2</sub>, or fabricated into nuclear fuel assemblies, regardless of the means by which the LEU is produced (including LEU produced through the down-blending of highly enriched uranium).

Certain merchandise is outside the scope of this order. Specifically, this order does not cover enriched uranium hexafluoride with a U<sub>235</sub> assay of 20

<sup>1</sup> Petitioners are the United States Enrichment Corporation (“USEC”) and USEC Inc.
