Abstract of Proposed Collection

The President has asked the interagency community to use the

temporary transfer of power from Fidel Castro to his brother Raul Castro in August 2006 as an historic moment to work to encourage a democratic transition in Cuba. In keeping with the recommendations of the Commission for Assistance to a Free Cuba report, the State Department will seek information from the public about human rights abuses committed by Cuban authorities, including the military and members of the security forces. The information is sought in accordance with, inter alia, 22 U.S.C. 2656 and 2304(a)(1). The principal purpose for collecting the information is to prepare and maintain a database of human rights abusers in Cuba. The Department may use this information in connection with its responsibilities for the protection and promotion of human rights and for the conduct of foreign affairs, as well as for other appropriate purposes as a routine part of the Department's activities.

Methodology: WHA/CCA will collect this information via electronic submission.
