

cannot resume until ten minutes after the first indication of the new halt condition. The Exchange proposes that these minimum time periods be compressed to one minute after an "Equipment Changeover" and to three minutes after an "Equipment Changeover" during which a significant order imbalance or regulatory condition develops.

The Exchange notes that there are different indication requirements for different classes of securities, such as foreign-listed securities and convertible preferred stock. The proposed amendments to Exchange Rule 123D do not alter those requirements.

The Exchange also proposes that the same minimum time period changes be added to a related rule, Exchange Rule 15 (ITS and Pre-Opening Applications), in order to conform Exchange Rule 15 to the recently amended Intermarket Trading System Plan. Specifically, the Exchange proposes to amend Exchange Rule 15 to require that, when more than one indication is disseminated, a stock may reopen one minute after the last indication if three minutes have elapsed after the first indication.

The Exchange also notes that the Consolidated Tape Association Plan has been amended to provide that following a trading halt, last sale information will be disseminated pursuant to a listing market's rules and Exchange Rule 123D for Exchange-listed securities.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act⁷ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding, or (ii) as to which the NYSE consents, the Commission will:

A. By order approve such proposed rule change, as amended; or

B. Institute proceedings to determine whether the proposed rule change, as amended, should be disapproved.

IV. Solicitation of Comments
