Use Limitations:

- 1 = Timber harvest only to support stand health.
- 2 = Exclude livestock grazing.
- 3 = Prohibit soil or vegetation disturbance not supporting improved condition (long term).
- 4 = No actions resulting in long-term adverse impacts to listed plants.
- 5 = Closed to OHV use.
- 6 = No ground disturbing activities other than rehab.
- 7 = No construction of hydroelectric facilities.
- 8 = No new road construction within 300' of Lolo Creek or on slopes exceeding 50%.
- 9 = Custodial timber management.
- 10 = Timber harvest activities on slopes over 50% utilize aerial or high lead systems.
- 11 = Decommission temporary roads within 3 years of construction.
- 12 = No road construction within Riparian Conservation Areas.
- 13 = Use mining plan of operations.
- 14 = Minimize road construction.

Additionally, BLM would recommend the continuation of the mineral withdrawal of the Lower Salmon River corridor. The preferred alternative recommends four suitable segments of river for inclusion in the National Wild and Scenic River system; one segment (totaling 24 miles) is suitable for inclusion under the scenic classification, three segments (totaling 5.34 miles) are suitable for inclusion under the recreational classification. Resource use limitations that apply to the suitable river segments include no surface occupancy for mineral extraction activities. The 750 acre portion of the Frank Church/River of No Return Wilderness will continue to be managed to maintain wilderness characteristics under all alternatives. Two previously designated Wilderness Study Areas (WSAs) (totaling 10,872 acres) will continue to be managed under the BLM's Interim Management Policy for Lands Under Wilderness Review. Individual respondents may request confidentiality. If you wish to withhold your name or street address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. All submissions from organizations and businesses, and from individuals identifying themselves as representatives or officials of

organizations or businesses, will be available for public inspection in their entirety. A copy of the Draft RMP/EIS is available for review via the Internet Web site at <http://www.blm.gov/rmp/id/cottonwood/>.
