- Program for Substance Abuse (LAPSA) effective May 12, 1998. Laboratories certified through that program were accredited to conduct forensic urine drug testing as required by U.S. Department of Transportation (DOT) regulations. As of that date, the certification of those accredited Canadian laboratories will continue under DOT authority. The responsibility for conducting quarterly performance testing plus periodic on-site inspections of those LAPSA-accredited laboratories was transferred to the U.S. HHS, with the HHS' NLCP contractor continuing to have an active role in the performance testing and laboratory inspection processes. Other Canadian laboratories wishing to be considered for the NLCP may apply directly to the NLCP contractor just as U.S. laboratories do.
- Upon finding a Canadian laboratory to be qualified, HHS will recommend that DOT certify the laboratory (**Federal Register**, July 16, 1996) as meeting the minimum standards of the Mandatory Guidelines published in the **Federal Register** on April 13, 2004 (69 FR 19644). After receiving DOT certification, the laboratory will be included in the monthly list of HHS-certified laboratories and participate in the NLCP certification maintenance program.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Boundary Expansion, James Campbell National Wildlife Refuge, Oahu, HI

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: This notice advises the public that Congress has enacted the "James Campbell National Wildlife Refuge Expansion Act of 2005" (Act). The Act authorizes an expansion of the James Campbell National Wildlife Refuge's (Refuge) approved boundary by approximately 750 acres, resulting in a revised Refuge boundary encompassing approximately 1,100 acres. This notice is being furnished consistent with section 4(c)(2) of the Act.

ADDRESSES: A map depicting the expanded approved Refuge boundary and other information regarding the Refuge expansion is available on the Internet at <http://www.fws.gov/pacific/planning/>.

FOR FURTHER INFORMATION CONTACT:

Sylvia R. Pelizza, Refuge Manager, Oahu National Wildlife Refuge Complex, 66-590 Kamehameha Highway, Room 2C, Haleiwa, HI 96712; phone (808) 637-6330; fax (808) 637-3578; or e-mail FW1PlanningComments@fws.gov.

SUPPLEMENTARY INFORMATION: Congress has enacted the "James Campbell National Wildlife Refuge Expansion Act of 2005" (Act), Public Law 109-225 (May 25, 2006). The Act was created in response to longstanding public concerns for protecting natural resources and open space on the Kahuku coastal plain on the Island of Oahu. The Act authorizes an expansion of the Refuge's approved boundary by approximately 750 acres. The expanded approved Refuge boundary includes land on the makai (ocean) side of Kamehameha Highway, including coastal dunes, but not public beaches. This authorization allows the Service to acquire land within the expanded approved Refuge boundary from the Estate of James Campbell. The lands will link the Refuge's two units—the Kii Unit and Punamano Unit—into a single unit of protected wildlife habitat totaling approximately 1,100 acres.

The Refuge expansion will protect the natural coastal wetlands and natural dune habitats of the Kahuku coastal area as part of the National Wildlife Refuge System. Management of the lands and waters will ensure a protected haven for all four species of endangered Hawaiian waterbirds and a variety of migratory shorebirds and waterfowl that use coastal wetlands and surrounding lands. Other native wildlife species that will benefit from the Refuge expansion include the native Hawaiian Owl, a native damselfly, and seabirds that formerly nested in the dune habitat. Protection of dune and strand vegetation near the coast will also conserve resting habitat for the endangered Hawaiian monk seal and nesting habitat for threatened green sea turtles that use Kahuku beaches. The expansion will also provide visitors increased opportunities to view native Hawaiian wildlife and some of the last remaining pristine coastal habitat on Oahu.

The Service is now authorized to proceed with acquiring land from the Estate of James Campbell, which may include providing lease extensions to long-term leaseholders within the expanded approved Refuge boundary.

Dated: August 28, 2006.

David J. Wesley,

Acting Regional Director, Region 1, Portland, Oregon.

Final Comprehensive Conservation Plan and Environmental Impact Statement for Crab Orchard National Wildlife Refuge (NWR), Williamson, Jackson, and Union Counties, IL

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: The U.S. Fish and Wildlife Service announces that the Final Comprehensive Conservation Plan (CCP) and Environmental Impact Statement (EIS) is available for Crab Orchard National Wildlife Refuge. The Final CCP/EIS was prepared pursuant to the National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997, and the National Environmental Policy Act of 1969. Goals and objectives in the CCP describe how the agency intends to manage the refuge over the next 15 years.
