BILLING CODE 4165-15-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

National Vaccine Injury Compensation Program; List of Petitions Received

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Notice.

SUMMARY: The Health Resources and Services Administration (HRSA) is publishing this notice of petitions received under the National Vaccine Injury Compensation Program (the Program), as required by Section 2112(b)(2) of the Public Health Service (PHS) Act, as amended. While the Secretary of Health and Human Services is named as the respondent in all proceedings brought by the filing of petitions for compensation under the Program, the United States Court of Federal Claims is charged by statute with responsibility for considering and acting upon the petitions.

FOR FURTHER INFORMATION CONTACT: For information about requirements for filing petitions, and the Program in general, contact the Clerk, United States Court of Federal Claims, 717 Madison Place, NW., Washington, DC 20005, (202) 357-6400. For information on HRSA's role in the Program, contact the Director, National Vaccine Injury Compensation Program, 5600 Fishers Lane, Room 11C-26, Rockville, MD 20857; (301) 443-6593.

SUPPLEMENTARY INFORMATION: The Program provides a system of no-fault compensation for certain individuals who have been injured by specified childhood vaccines. Subtitle 2 of Title XXI of the PHS Act, 42 U.S.C. 300aa-10 *et seq.*, provides that those seeking compensation are to file a petition with the U.S. Court of Federal Claims and to serve a copy of the petition on the Secretary of Health and Human Services, who is named as the respondent in each proceeding. The Secretary has delegated his responsibility under the Program to HRSA. The Court is directed by statute to appoint special masters who take evidence, conduct hearings as appropriate, and make initial decisions as to eligibility for, and amount of, compensation.

A petition may be filed with respect to injuries, disabilities, illnesses, conditions, and deaths resulting from vaccines described in the Vaccine Injury Table (the Table) set forth at Section 2114 of the PHS Act or as set forth at 42 CFR 100.3, as applicable. This Table lists for each covered childhood vaccine the conditions which may lead to compensation and, for each condition, the time period for occurrence of the first symptom or manifestation of onset or of significant aggravation after vaccine administration. Compensation may also be awarded for conditions not listed in the Table and for conditions that are manifested outside the time periods specified in the Table, but only if the petitioner shows that the condition was caused by one of the listed vaccines.

Section 2112(b)(2) of the PHS Act, 42 U.S.C. 300aa-12(b)(2), requires that the Secretary publish in the **Federal Register** a notice of each petition filed. Set forth below is a list of petitions received by HRSA on April 1, 2006, through June 30, 2006.

Section 2112(b)(2) also provides that the special master "shall afford all interested persons an opportunity to submit relevant, written information" relating to the following:

1. The existence of evidence "that there is not a preponderance of the evidence that the illness, disability, injury, condition, or death described in

the petition is due to factors unrelated to the administration of the vaccine described in the petition," and

2. Any allegation in a petition that the petitioner either:

(a) "Sustained, or had significantly aggravated, any illness, disability, injury, or condition not set forth in the Table but which was caused by" one of the vaccines referred to in the Table, or

(b) "Sustained, or had significantly aggravated, any illness, disability, injury, or condition set forth in the Vaccine Injury Table the first symptom or manifestation of the onset or significant aggravation of which did not occur within the time period set forth in the Table but which was caused by a vaccine" referred to in the Table.

This notice will also serve as the special master's invitation to all interested persons to submit written information relevant to the issues described above in the case of the petitions listed below. Any person choosing to do so should file an original and three (3) copies of the information with the Clerk of the U.S. Court of Federal Claims at the address listed above (under the heading "For Further Information Contact"), with a copy to HRSA addressed to Director, Division of Vaccine Injury Compensation Program, Healthcare Systems Bureau, 5600 Fishers Lane, Room 11C-26, Rockville, MD 20857. The Court's caption (Petitioner's Name v. Secretary of Health and Human Services) and the docket number assigned to the petition should be used as the caption for the written submission. Chapter 35 of title 44, United States Code, related to paperwork reduction, does not apply to information required for purposes of carrying out the Program.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Proposed Collection; Comment Request; NCI Cancer Information Service Base Demographics/Customer Service Data Collection

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Cancer Institute (NCI), the

National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Proposed Collection: Title: NCI Cancer Information Service Base Demographics/Customer Service Data Collection. *Type of Information Collection Request:* Revision of currently approved collection 0925-0208. *Need and Use of Information Collection:* The National Cancer Institute's Cancer Information Service (CIS) provides the latest information on cancer, clinical trials, and tobacco cessation. Characterizing clients and how they found out about the CIS is essential to customer service, program planning and promotion. This effort involves a brief survey of clients of the 1-800-4-CANCER and 1-877-44U-QUIT toll-free services and LiveHelp, a web-based chat service. The telephone survey contains eight questions—3 customer service and 5 demographic—asked of a subset of callers (cancer patients, tobacco users, their family or friends, and the general public) at the end of usual service for an annual total of approximately 115,944 callers. All (100%) of these telephone clients will

be asked the 3 customer service questions for an annual total of 113,061 callers. Of the 113,061 telephone clients we serve annually, 36% (n=40,702) will be randomly selected and asked five additional demographic questions. The LiveHelp web survey involves 50% of LiveHelp clients the same eight questions (3 customer service questions and 5 demographic questions) for an annual total of approximately 2,883 users. The combined total of clients to be surveyed each year for both telephone and LiveHelp services is 115,944 for a total of annual burden hours of 2,616. *Frequency of Response:* Single time. *Affected Public:* Individuals or households. *Type of Respondents:* Patients, relatives, friends, and general public. The annual reporting burden is as follows:

Estimated Number of Respondents: 115,944; *Estimated Number of Responses per Respondent:* 1; *Average Burden Hours Per Response:* 0.0167 and *Estimated Total Annual Burden Hours Requested:* 2616. The annualized cost to respondents is estimated at: \$47,323. There are no Capital Costs to report. There are no Operating or Maintenance Costs to report.

Type of respondents	Estimated number of respondents	Estimated number of responses per respondent	Average burden hours per response	Estimated total annual burden hours requested
Telephone Client¹				
5 Demographic Questions (average annual sampling rate = 36%)	40,702	1	0.0167	680
3 Customer Service (100% sampling)	113,061	1	0.0167	1888
LiveHelp Clients²				
5 Demographic + 3 Customer Service questions (50% sampling)	2883	1	0.0167	48
Total	115,944			2,616

¹ Approximately 36% of telephone and quitline clients will be sampled for the demographic questions. That is, 25% will be routinely sampled and up to 100% will be sampled for short periods of time during special promotions. This will average to be about 36% of all callers annually. The 40,702 clients who are asked the 5 demographic questions are not additional clients as they are included in the 113,061 who answer the 3 customer service questions. However, they do have additional burden as they are asked the 5 the additional demographic questions. Thus, a burden calculation for these additional 5 questions is presented and the total number of respondents is equal to 113,061 for telephone clients plus 2,883 for LiveHelp clients.

² Approximately 50% of LiveHelp clients will be sampled for demographic and customer service questions.

Request for Comments: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the

collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, New Executive Office Building, Room 10235, Washington, DC 20503, Attention: Desk Officer for NIH. To request more

information on the proposed project or to obtain a copy of the data collection plans and instruments, contact Linda Squiers, Ph.D., Project Officer, National Cancer Institute, Cancer Information Service, 6116 Executive Blvd., Suite 3056A, Room 3029, Rockville, MD 20892 or call non-toll-free number 301-594-9075 or E-mail your request, including your address to: squiersl@mail.nih.gov.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.
