[Docket No. CP06-436-000]

International Paper Company; Notice of Application

September 8, 2006.

Take notice that on August 29, 2006, International Paper Company (IPCo), 6400 Poplar Avenue Memphis, TN 38197, filed in Docket No. CP06-436-000 an application pursuant to section 7(b) of the Natural Gas Act (NGA), as amended, for authorization to abandon, in place, its 10.5 mile 6-inch natural gas pipeline in Webster and Bossier Parishes, Louisiana and Lafayette County, Arkansas, which is no longer in use. IPCo also proposes to remove and abandon all above ground pipeline appurtenances (i.e., valves and vents) at three sites along the pipeline, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this application should be directed to Nicholas W. Fels, Covington & Burling LLP, 1201 Pennsylvania Avenue, NW., Washington, DC 20004, phone 202-662-5648, fax 202-662-6290.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.

Comment Date: September 22, 2006.

Magalie R. Salas,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RP06-177-003]

Iroquois Gas Transmission System, L.P.; Notice of Compliance Filing

September 11, 2006.

Take notice that on September 8, 2006, Iroquois Gas Transmission System, L.P. (Iroquois) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the following tariff sheets:

Substitute Second Revised Sheet No. 53
Substitute Fourth Revised Sheet No. 54
Substitute Seventh Revised Sheet No. 55
Original Sheet No. 55A
Fourth Revised Sheet No. 56

Iroquois states that the tariff sheets modify the credit assurance provisions applicable to the HUB Service, as described in Iroquois' filing. By order issued March 20, 2006 (114 FERC ¶ 61,287) the Commission accepted the tariff sheets for the HUB Service, to become effective five days after the date that Iroquois notifies the Commission that it intends to implement HUB Service upon completion of necessary technological changes and system upgrades. Iroquois states that it has been submitting monthly status reports, wherein Iroquois has reported that it currently anticipates implementing the service on October 17, 2006.

Iroquois requests that the revised tariff sheets be made effective at the same time as the other tariff sheets implementing the HUB Service.

Iroquois states that copies of the filing were served on all jurisdictional customers and interested state regulatory agencies and all parties to the proceeding.

Any person desiring to protest this filing must file in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). Protests to this filing will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Such protests must be filed on or before the date as indicated below. Anyone filing a protest must serve a copy of that document on all the parties to the proceeding.

The Commission encourages electronic submission of protests in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest to the Federal Energy Regulatory
