## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2006-0694; FRL-8094-4]

### 2-(Thiocyanomethylthio) benzothiazole; Alkylbenzene Sulfonates; Orthophenylphenol; Chlorine Dioxide and Sodium Chlorite Reregistration Eligibility Decisions; Notice of Availability

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces the availability of EPA's Reregistration Eligibility Decisions (REDs) for the pesticides 2-(Thiocyanomethylthio) benzothiazole (TCMTB); Alkylbenzene Sulfonates (ABS); Orthophenylphenol (OPP); Chlorine Dioxide and Sodium Chlorite and opens a public comment period on these documents. The Agency's risk assessments and other related documents also are available in the TCMTB; ABS; OPP; Chlorine Dioxide and Sodium Chlorite Dockets. TCMTB is used in industrial premises and residential and public access areas as a materials preservative; a wood preservative for antispain control, and a microbiocide/microbiostat and bacteriocide/bacteriostat in industrial processes and water systems. In an agricultural setting, TCMTB is used as a fungicide applied as a seed treatment. The alkylbenzene sulfonates are used as food-contact sanitizers in food processing plants and eating establishments; and as disinfectants and sanitizers for agricultural, commercial, institutional, industrial, and public access use sites. OPP is used in applications to hard surfaces, agricultural premises and equipment, air deodorization, commercial and institutional premises, medical premises, residential and public access premises, and materials preservatives and as a fungicide on citrus and pears. Chlorine dioxide and sodium chlorite are used to control bacteria, fungi, and algal slimes; applied as a materials

preservative and as a disinfectant in commercial, residential and agricultural settings. EPA has reviewed TCMTB; ABS; OPP; Chlorine Dioxide and Sodium Chlorite through the public participation process that the Agency uses to involve the public in developing pesticide reregistration and tolerance reassessment decisions. Through these programs, EPA is ensuring that all pesticides meet current health and safety standards.

**DATES:** Comments must be received on or before November 21, 2006.

**ADDRESSES:** Submit your comments, identified by docket identification (ID) number, by one of the following methods: For TCMTB, docket identification (ID) number EPA-HQ-OPP-2006-0320; for ABS, docket identification (ID) number EPA-HQ-OPP-2006-0156; for OPP, docket identification (ID) number EPA-HQ-OPP-2006-0154; and for Chlorine Dioxide and Sodium Chlorite, docket identification (ID) number EPA-HQ-OPP-2006-0328.

• Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

• *Mail:* Office of Pesticide Programs (OPP) Regulatory Public Docket (7502P), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.

• *Delivery:* OPP Regulatory Public Docket (7502P), Environmental Protection Agency, Rm. S-4400, One Potomac Yard (South Building), 2777 S. Crystal Drive, Arlington, VA. Deliveries are only accepted during the Docket's normal hours of operation (8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays). Special arrangements should be made for deliveries of boxed information. The Docket telephone number is (703) 305-5805.

**Instructions:** Direct your comments to the following docket ID numbers: for TCMTB, docket identification (ID) number EPA-HQ-OPP-2006-0320; for ABS, docket identification (ID) number EPA-HQ-OPP-2006-0156; for OPP, docket identification (ID) number EPA-HQ-OPP-2006-0154; and for Chlorine Dioxide and Sodium Chlorite, docket identification (ID) number EPA-HQ-OPP-2006-0328. EPA's policy is that all comments received will be included in the docket without change and may be made available on-line at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

Do not submit information that you consider to be CBI or otherwise protected through [regulations.gov](http://regulations.gov) or e-mail. The Federal [regulations.gov](http://regulations.gov) website is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through [regulations.gov](http://regulations.gov), your e-mail address will be automatically captured and included as part of the comment that is placed in the docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

**Docket:** All documents in the docket are listed in the docket index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the OPP Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Building), 2777 S. Crystal Drive, Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket telephone number is (703) 305-5805.

**FOR FURTHER INFORMATION CONTACT:** For TCMTB, contact K. Avivah Jakob, Antimicrobials Division (7510P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 305-1328; fax number: (703) 308-8481; e-mail address: [jakob.kathryn@epa.gov](mailto:jakob.kathryn@epa.gov).

For ABS, contact Heather Garvie, Antimicrobials Division (7510P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 308-0034; fax number: (703) 308-8481; e-mail address: [garvie.heather@epa.gov](mailto:garvie.heather@epa.gov).

For OPP, contact Rebecca Miller, Antimicrobials Division (7510P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 305-0012; fax number: (703) 308-8481; e-mail address: [miller.rebecca@epa.gov](mailto:miller.rebecca@epa.gov).

For Chlorine Dioxide and Sodium Chlorite, contact ShaRon Carlisle, Antimicrobials Division (7510P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 308-6427; fax number: (703) 308-8481; e-mail address: [carlisle.sharon@epa.gov](mailto:carlisle.sharon@epa.gov).

#### SUPPLEMENTARY INFORMATION:

### I. General Information

#### A. Does this Action Apply to Me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

#### B. What Should I Consider as I Prepare My Comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](http://regulations.gov) or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD ROM that you mail to EPA, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When submitting comments, remember to:

i. Identify the document by docket ID number and other identifying information (subject heading, **Federal Register** date and page number).

ii. Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.

iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.

iv. Describe any assumptions and provide any technical information and/or data that you used.

v. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.

vi. Provide specific examples to illustrate your concerns and suggest alternatives.

vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.

viii. Make sure to submit your comments by the comment period deadline identified.

### II. Background

#### A. What Action is the Agency Taking?

Under section 4 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), EPA is reevaluating existing pesticides to ensure that they meet current scientific and regulatory standards. EPA has completed Reregistration Eligibility Decisions (REDs) for the pesticides: TCMTB; ABS; OPP; Chlorine Dioxide and Sodium Chlorite under section 4(g)(2)(A) of FIFRA. TCMTB is used in industrial premises and residential & public access areas as a materials preservative; a wood preservative for antisapstain control, and a microbiocide/microbiostat and bacteriocide/bacteriostat in industrial processes and water systems. In an agricultural setting, TCMTB is used as a fungicide applied as a seed treatment. The alkylbenzene sulfonates are used as food-contact sanitizers in food processing plants and eating establishments; and as disinfectants and sanitizers for agricultural, commercial, institutional, industrial, and public access use sites. OPP is used in applications to hard surfaces, agricultural premises and equipment, air deodorization, commercial and institutional premises, medical premises, residential and public access premises, and materials preservatives and as a fungicide on citrus and pears. Chlorine Dioxide and Sodium Chlorite are used to control bacteria, fungi, and algal slimes; applied as a materials preservative and as a disinfectant in commercial, residential and agricultural settings.

EPA has determined that the data base to support reregistration is substantially

complete and that products containing TCMTB; ABS; OPP; and Chlorine Dioxide and Sodium Chloride are eligible for reregistration, provided the risks are mitigated either in the manner described in the RED or by another means that achieves equivalent risk reduction. Upon submission of any required product specific data under section 4(g)(2)(B) and any necessary changes to the registration and labeling (either to address concerns identified in the RED or as a result of product specific data), EPA will make a final reregistration decision under section 4(g)(2)(C) for products containing TCMTB; ABS; OPP; Chlorine Dioxide and Sodium Chlorite.

EPA must review tolerances and tolerance exemptions that were in effect when the Food Quality Protection Act (FQPA) was enacted in August 1996, to ensure that these existing pesticide residue limits for food and feed commodities meet the safety standard established by the new law. Tolerances are considered reassessed once the safety finding has been made or a revocation occurs. EPA has reviewed and made the requisite safety finding for the TCMTB; ABS; OPP; Chlorine Dioxide and Sodium Chlorite tolerances included in this notice.

EPA is applying the principles of public participation to all pesticides undergoing reregistration and tolerance reassessment. The Agency's Pesticide Tolerance Reassessment and Reregistration; Public Participation Process, published in the **Federal Register** on May 14, 2004, (69 FR 26819)(FRL-7357-9) explains that in conducting these programs, EPA is tailoring its public participation process to be commensurate with the level of risk, extent of use, complexity of issues, and degree of public concern associated with each pesticide. Due to its uses, risks, and other factors, TCMTB; ABS; OPP; Chlorine Dioxide and Sodium Chlorite were reviewed through the modified 4-Phase process. Through this process, EPA worked extensively with stakeholders and the public to reach the regulatory decisions for TCMTB; ABS; OPP; Chlorine Dioxide and Sodium Chlorite.

The reregistration program is being conducted under Congressionally mandated time frames, and EPA recognizes the need both to make timely decisions and to involve the public. The Agency is issuing the TCMTB; ABS; OPP; Chlorine Dioxide and Sodium Chlorite REDs for public comment. This comment period is intended to provide an additional opportunity for public input and a mechanism for initiating any necessary amendments to the RED.

All comments should be submitted using the methods in **ADDRESSES**, and must be received by EPA on or before the closing date. These comments will become part of the Agency Docket for TCMTB; ABS; OPP; Chlorine Dioxide and Sodium Chlorite. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

The Agency will carefully consider all comments received by the closing date and will provide a Response to Comments Memorandum in the Docket and regulations.gov. If any comment significantly affects the document, EPA also will publish an amendment to the RED in the **Federal Register**. In the absence of substantive comments requiring changes, the TCMTB; ABS; OPP; Chlorine Dioxide and Sodium Chlorite REDs will be implemented as it is now presented.

#### *B. What is the Agency's Authority for Taking this Action?*

Section 4(g)(2) of FIFRA as amended directs that, after submission of all data concerning a pesticide active ingredient, the Administrator shall determine whether pesticides containing such active ingredient are eligible for reregistration, before calling in product specific data on individual end-use products and either reregistering products or taking other "appropriate regulatory action."

Section 408(q) of the Federal Food, Drug, and Cosmetic Act (FFDCA), 21 U.S.C. 346a(q), requires EPA to review tolerances and exemptions for pesticide residues in effect as of August 2, 1996, to determine whether the tolerance or exemption meets the requirements of section 408(b)(2) or (c)(2) of FFDCA. This review was completed by August 3, 2006.

#### **List of Subjects**

Environmental protection, Pesticides and pests, 2-(Thiocyanomethylthio) benzothiazole, Alkylbenzene Sulfonates, Orthophenylphenol, Chlorine Dioxide, Sodium Chlorite.

Dated: September 13, 2006.

**Frank T. Sanders,**

## **ENVIRONMENTAL PROTECTION AGENCY**

[EPA-HQ-OPP-2006-0733; FRL-8091-9]

### **Notice of Filing of Pesticide Petitions for Establishment or Amendment to Regulations for Residues of Acetamiprid in or on Various Commodities**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces the initial filing of pesticide petitions proposing the establishment or amendment of regulations for residues of pesticide chemicals in or on various commodities.

**DATES:** Comments must be received on or before October 23, 2006.

**ADDRESSES:** Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2006-0773 and pesticide petition number (PP) 4F6833 and 6F7051, by one of the following methods:

- Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- *Mail:* Office of Pesticide Programs (OPP) Regulatory Public Docket (7502P), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.

- *Delivery:* OPP Regulatory Public Docket (7502P), Environmental Protection Agency, Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Drive, Arlington, VA. Deliveries are only accepted during the Docket's normal hours of operation 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. Special arrangements should be made for deliveries of boxed information. The Docket telephone number is (703) 305-5805.

*Instructions:* Direct your comments to docket ID number EPA-HQ-OPP-2006-0773. EPA's policy is that all comments received will be included in the docket without change and may be made available on-line at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through regulations.gov or e-mail. The Federal regulations.gov website is an "anonymous access" system, which means EPA will not know your identity or contact

information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

*Docket:* All documents in the docket are listed in the docket index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the OPP Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Drive, Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket telephone number is (703) 305-5805.

**FOR FURTHER INFORMATION CONTACT:** Akiva Abramovitch, Registration Division (7505P), Office of Pesticide Programs Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 308-8328; e-mail: [abramovitch.akiva@epa.gov](mailto:abramovitch.akiva@epa.gov).

#### **SUPPLEMENTARY INFORMATION:**

##### **I. General Information**

###### *A. Does this Action Apply to Me?*

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. Potentially affected entities may include, but are not limited to:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
