SUPPLEMENTARY INFORMATION: In the Final Rules section of this Federal **Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will

not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment. AGENCY: Environmental Protection Agency.

ACTION: Notice of Intent to Delete the Army Materials Technology Laboratory Superfund Site from the National Priorities List.

SUMMARY: The Environmental Protection Agency (EPA), Region 1 announces its intent to delete the Army Materials Technology Laboratory Superfund Site (Site) located in Watertown, Massachusetts, from the National Priorities List (NPL) and requests public comment on this proposed action. The NPL, promulgated pursuant to Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is found at Appendix B of 40 CFR part 300 of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the Commonwealth of Massachusetts, through the Department of Environmental Protection, have determined that all appropriate response actions under CERCLA—other than operation and maintenance and five-year reviews—have been completed. However, this deletion does not preclude future actions under Superfund.

In the "Rules and Regulations" section of today's **Federal Register**, EPA is publishing a direct final notice of deletion of the Army Materials
