

controlled electronic media, *e.g.*, computer database(s), and in securely controlled paper files.

RETRIEVABILITY:

The information can be retrieved by: (1) The name of the individual; (2) Social Security Number (SSN); (3) other ID number, *e.g.*, FCC employee, contractor, or frequent visitor badge number; or (4) PIV card serial number.

SAFEGUARDS:

Paper records are kept in locked cabinets in secure facilities and access to them is restricted to individuals, *e.g.*, FCC Security Operations Center staff, whose role requires use of the information. The computer servers in which the information is stored are located in FCC facilities that are secured by limited access card readers. The computer servers themselves are password-protected. Access by individuals working at guard stations is password-protected; each person granted access to the system at guard stations must be individually authorized to use the system. A *Privacy Act Warning Notice* appears on the monitor screen when records containing information on individuals are first displayed. The FCC Security Operations Center staff performs a backup operation on these files on a regular basis using a secure medium. The backup data are stored in a locked and controlled room in a secure location.

RETENTION AND DISPOSAL:

Records relating to individuals with FCC access cards, covered by this system, are retained in accordance with General Records Schedule 18, Item 17 approved by the National Archives and Records Administration (NARA). The records disposal is done in accordance with the Commission's disposal policies. Unless retained for specific, on-going security investigations, records of facility access are maintained for one year and then destroyed.

All other records relating to individuals are retained and disposed of in accordance with General Records Schedule 18, item 22a, approved by NARA. The records are disposed of in accordance with FCC Security Operations Center disposal policies, as follows:

1. When an employee/contractor/temporary hire/special parking access leaves the FCC, the file in the database is deleted.
2. Frequent visitor badges are given a two-year valid period, after which the card will automatically deactivate.
3. All returned day contractor cards will be reused on a daily basis.

4. Transaction data for all cards will be stored using a secure medium and retained for one year in the FCC Security Operations Center, which is locked and secured with an alarm system. Otherwise, access records are destroyed upon notification of death, or not later than one year after the employee's retirement or separation from the FCC, or the employee's transfer to another Federal agency, whichever is applicable.

In accordance with HSPD-12, PIV Cards are deactivated within eighteen (18) hours of notification of cardholder separation, loss of card, or expiration. The information on PIV Cards is maintained in accordance with General Records Schedule 11, Item 4. PIV Cards are destroyed by burning in an approved Federal burn-facility.
