the collection of information unless it displays a currently valid OMB control number.

Rural Housing Service

Title: 7 CFR 1940-G, Environmental Program.

OMB Control Number: 0575-0094.

Summary of Collection: The National Environmental Policy Act (NEPA) requires Federal agencies prior to the approval of proposed actions to consider the potential environmental impacts of these actions. Consequently, for the agencies to comply with NEPA, it is necessary to have information on the types of environmental resources on site or in the vicinity that might impact the proposed action. Also, information is required on the nature of the project selected by the applicant.

Need and Use of the Information: The agency will collect environmental data using form RD 1940-20, *Request for Environmental Information*. Having all activities and environmental information on the proposed project site will enable the Agency official to determine the magnitude of the potential environmental impacts and whether the project is controversial for environmental reasons. The agency failure to collect environmental information would result in a violation of NEPA. Thus, the agency would have no basis to support a decision regarding the need for an environmental impact statement.

Description of Respondents: Farms; individuals or households; business or other for-profit; not-for-profit institutions; State, local or tribal government.

Number of Respondents: 4,539.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 27,499.

Food and Nutrition Service

Title: Federal Collection Methods for Food Stamp Program Recipient Claims.

OMB Control Number: 0584-0446.

Summary of Collection: The Debt Collection Improvement (DCIA), Food Stamp Act (FSA) and the Privacy Acts require that State agencies advise debtors of the intended referral to the Treasury Offset Program (TOP). TOP is a method used to collect debts owed for over-issued food stamp recipient claims. TOP offers debtors an opportunity to repay the claim, and an opportunity to request a review of the validity of the collection action.

Need and Use of the Information: The information collected is used to operate Federal offset. State agencies collect this information to offset debts as a result of over-issuance of Food Stamp benefits that become delinquent claims. Without the information, compliance with the DCIA would not be possible and departmental participation in TOP would be jeopardized.

Description of Respondents: State, local, or tribal government; individual or households.

Number of Respondents: 380,053.

Frequency of Responses: Recordkeeping; reporting: on occasion; annually.

Total Burden Hours: 69,451.

Title: Supplemental form for collecting taxpayer identifying numbers.

OMB Control Number: 0584-0501.

Summary of Collection: Section 31001(y) of the Debt Collection Improvement Act of 1996 (Public Law 104-134) requires all Federal agencies to obtain taxpayer identifying number (TINs) from all individuals and entities they do business with, and to furnish the TIN whenever a request for payment is submitted to Federal payment officials. A taxpayer identifying number can be either a Social Security Number or an Employer Identification Number. The Food and Nutrition Service (FNS) will collect information using form FNS-711.

Need and Use of the Information: FNS will collect taxpayer identify numbers from individuals and entities receiving payments directly from the agency under any of the various nutrition and nutrition education programs administered by the Agency. The information is collected at the time of program application, and is only collected once unless an entity renews its application or reapplies for program participation. If the information were not collected, FNS would be unable to include taxpayer identifying numbers with each certified request for payment.

Description of Respondents: Business or other for-profit; individuals or households; not-for-profit institutions.

Number of Respondents: 800.

Frequency of Responses: Report: on occasion; other (at time of app.).
