SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0855.

Title: Telecommunications Reporting Worksheet, CC Docket No. 96-45.

Form Nos.: FCC Forms 499-A and 499-Q.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit and not-for-profit institutions.

Number of Respondents: 5,625 respondents; 16,787 responses.

Estimated Time Per Response: 15 hours average burden per response.

Frequency of Response: On occasion, one-time, quarterly and annual reporting requirements, recordkeeping requirement, and third party disclosure requirement.

Total Annual Burden: 253,170 hours.

Total Annual Cost: N/A.

Privacy Act Impact Assessment: N/A.

Needs and Uses: This collection will be submitted as a revision after this 60 day comment period to Office of Management and Budget (OMB) in order to obtain the full three year clearance.

The Federal Communications Commission (Commission) requires telecommunications carriers and other providers of telecommunications to contribute to the Universal Service Fund (USF) and other funds. Contribution revenue data, as well as other information, are reported by carriers on Forms 499-A and 499-Q. Accompanying these forms are instructions on how to report revenue. The proposed revisions to this collection will provide clarifications to the 2007 FCC Forms 499-A, 499-Q, and instructions in order to improve the revenue reporting process for respondents. For instance, the revisions would provide guidance in the

instructions to entities regarding which entity is responsible for filing the FCC Forms 499-A or 499-Q after two entities have merged or one entity has purchased another. As another example of the type of changes sought in this proposed collection revision, the forms and instructions would provide additional instructions encouraging respondents to enter e-mail addresses on the forms. Other proposed changes to the forms and instructions would help respondents better determine how to report subject revenues and generally seek to provide respondents with an efficient, less burdensome information collection. The revisions proposed to the collection will have a minimal effect on the burden associated with filing FCC Forms 499-A and 499-Q for respondents. These proposed revisions would go into effect with the April 1, 2007 filing.

In addition, the 2006 FCC Forms and instructions which already reflect the changes to the contribution methodology adopted in the 2006 *Interim Contribution Methodology Order* should remain in effect until the revised forms become effective for the April 1, 2007 filing and should continue to be available thereafter for filers to use in amending prior submissions. On July 27, 2006, the Commission received emergency approval of these information collection requirements from the Office of Management and Budget, which approval expires on January 31, 2007. The Commission has made minor editorial edits to the 2006 FCC Forms 499-A, 499-Q, and instructions. These changes included correction of typographical errors or omissions as well as other minor changes to ensure consistency between the forms and the instructions. The Commission asks that the information collection be approved by OMB.
