In accordance with section 7 of the Endangered Species Act, 16 U.S.C. 1536, the effects of implementing the preferred alternative on threatened and endangered species and designated critical habitat were addressed in the Programmatic Environmental Assessment for the Emergency Forestry Conservation Reserve Program. Informal consultation with the U.S. Fish and Wildlife Service was completed.

10. The preferred alternative does not threaten a violation of Federal, State, or local law or requirements imposed for the protection of the environment.
