Certain of these charges are hereby updated as described in the **SUPPLEMENTARY INFORMATION** section of this notice. These changes are effective October 1, 2006.

When charges for medical care or services provided or furnished at VA expense by either VA or non-VA providers have not been established under other provisions of the regulations, the method for determining VA's charges is set forth at 38 CFR 17.101(a)(8).

SUPPLEMENTARY INFORMATION: Of the charge types listed in the Summary section of this notice, only the acute inpatient facility charges and skilled nursing facility/sub-acute inpatient facility charges are being changed. Charges for the following charge types: Partial hospitalization facility charges; outpatient facility charges; physician and other professional charges, including professional charges for anesthesia services and dental services; pathology and laboratory charges; observation care facility charges; ambulance and other emergency transportation charges; and charges for durable medical equipment, drugs, injectables, and other medical services, items, and supplies identified by HCPCS Level II codes are not being changed. These Outpatient facility charges and Professional charges remain

the same as set forth in a notice published in the **Federal Register** on January 6, 2006 (71 FR 982).

Based on the methodologies set forth in 38 CFR 17.101, this document provides an update to acute inpatient charges based on 2007 Diagnosis Related Groups (DRGs). Acute inpatient facility charges by DRGs are set forth in Table A in the September 28, 2005 **Federal Register** notice. Table A in the September 28 notice document is being replaced by Table A in this notice, which provides updated charges based on 2007 DRGs.

Also, this document provides for an updated skilled nursing facility/sub-acute inpatient facility all-inclusive per diem charge that, using the methodologies set forth in 38 CFR 17.101, is adjusted by a geographic area factor based on the location where the care is provided. The skilled nursing facility/sub-acute inpatient facility per diem charge is set forth in Table B in the September 28, 2005 **Federal Register** notice. Table B in the September 28 notice document is being replaced by Table B in this notice, which provides the updated all-inclusive nationwide skilled nursing facility/sub-acute inpatient facility per diem charge.

The charges in this update for acute inpatient facility and skilled nursing facility/sub-acute inpatient facility services are effective October 1, 2006.

In this update, we are retaining the table designations used for acute inpatient facility charges by DRGs in the notice published in the **Federal Register** on September 28, 2005 (70 FR 56772). We also are retaining the table designation used for skilled nursing facility/sub-acute inpatient facility charges in the notice published in the **Federal Register** on September 28, 2005 (70 FR 56772). Accordingly, the tables identified as being updated by this notice correspond to the applicable tables published in the September 28 notice, beginning with Table A through Table B.

We have updated the list of data sources presented in Supplementary Table 1 to reflect the updated data sources used to establish the updated charges described in this notice.

We have also updated the list of VA medical facility locations. As a reminder, in Supplementary Table 3 published in the **Federal Register** dated January 6, 2006, we set forth the list of VA medical facility locations, which includes their three-digit ZIP Codes and provider-based/non-provider-based designations. In accordance with the final rule, subsequent updates to Supplementary Table 3 will be posted on the Internet site of the Veterans
